Style and **inspiration**

Classic

Characterised by traditional features, these kitchens are warm, welcoming and timeless. Combine neutral tones with decorative touches such as shaker doors and Belfast sinks to create an elegant space you'll love spending time in.

Modern

Modern kitchen styles can be an affordable choice, while still feeling incredibly luxurious. Pair rich, dark tones with warm lighting and statement worktops for a contemporary kitchen that catches the eye.

Scandi

Transform your kitchen into a cosy retreat with a mix of soft greens, pale hues and timber accents. Inspired by nature, this calming style blends functionality with natural textures for a calming feel.

Maxi

Celebrate your individual style with a kitchen that's eclectic, vibrant and full of character. From bold colours and contrasting patterns to the statement features that make it yours, this style is all about showcasing your personality.

Door styles

From classic shaker to contemporary slab options, kitchen doors are a great way to showcase your style. Each door is available in a wide range of colours and finishes, ready to be customised with a selection of compatible handles.

Slab doors

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a bar handle for a contemporary feel, or use cup and knob handles to make it more classic.

Stevia gloss white slab door

Ashmead matt midnight blue shaker door

Shaker doors

Shaker doors consist of a four-piece frame with a recessed centre panel, giving the effect of a more traditional door style. Versatile and timeless, these doors can be incorporated into both classic and contemporary kitchens, with a range of colours and finishes to choose from.

Integrated J-pull handles

Our Garcinia doors feature a J-shaped curve, perfectly shaped to pull open – creating a clean, handleless effect.

Garcinia gloss sandstone slab door with integrated handle

Innovo handleless rail system

By creating a space behind the door or drawer, the Innovo handleless rail system allows you to open them from above or the side.

Available with our Alisma, Stevia, Artemisia and Ethos ranges.

Solid wood worktops

All our solid wood worktops are made from responsibly sourced wood. They're designed with an ultra smooth surface and are pre-oiled for defence against moisture and stains.

How to finish your wood worktops

Prepare: Wearing protective gloves, lightly sand the work surface – we recommend 120 grit sandpaper. Vacuum any dust shavings and then mix a cleanser with water to clean the surface.

Treat: When the surface is completely dry, use a clean paintbrush to apply the oil evenly and leave for 30 minutes. Buff the surface with a soft pad and wipe off any excess oil with a lint-free cloth. Leave to dry for at least an hour.

Finish: Apply another even coat of oil. Sand in the wet oil with a 280-400 grit black sanding pad. Wipe off any excess oil with a lint-free cloth.

Aftercare: The surface is ready for light use after 24 hours. The oil will continue to harden over the next week, so use the surface lightly during this time. Any spilt liquids should be wiped up immediately to avoid watermarks.

Hi-Macs

Thanks to thermal-cure technology, this quality acrylic worktop has enhanced strength and durability, with a non-porous finish that makes it great for kitchens.

Granite

Strong and durable. Cut from its natural state; no two surfaces are the same. The natural hard-wearing qualities make the perfect worksurface solution.

Silestone

The leading hybrid surface, created from premium natural minerals and recycled materials. Composed from predominantly natural quartz, it's a durable and high-performing worktop.

Dekton

An ultra compact stone surface created from a sophisticated mixture of over 20 natural minerals. A high-performing material, even suitable for outdoor use.

COSENTINO®

In 2008, Cosentino embarked on an evolutionary journey towards creating products that have a more positive impact on the world around us.

More sustainable and carbon neutral, with higher percentages of recycled materials and a longer life cycle. Cosentino uses renewable electricity in their manufacturing, making the most of every drop of water, reusing it time and time again. Cosentino transports them in an increasingly cleaner and efficient way.

Giving it all in exchange for a better future for all.

Cosentino promotes the efficient use of natural resources and encourages the use of renewable energy to reduce its carbon footprint.

Cosentino reduces its Organizational Carbon Footprint by mitigating emissions and transforming them into added value through offset projects.

Cosentino recycles and reuses water, thus reducing its water footprint.

E-Smart mobility is Cosentino's plan to measure and optimise its logistics routes and the mobility of its employees.

Look out for this symbol Q+ amongst the Silestone swatches. These worksurface materials are all manufactured using HybriQ technology. These worksurfaces are made through a manufacturing process completely fuelled by renewable energy and recycled water.

Terms and conditions

Ordering and delivery

Available for home delivery
Selected items are available to order for delivery direct to your home. Restrictions apply. Delivery charges may apply. See diy.ie for further details. When buying at diy.ie we'll tell you the delivery time during the checkout. If ordering in store please ask.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering & delivery FAQs

Will all of my home delivered items arrive together?
You can select the same delivery date for several products at the checkout at diy.ie. However, items delivered by different partners may arrive separately and at different times. Your order will only have one delivery charge.

Do you deliver to my address?
We're unable to deliver online orders from diy.ie outside of the Republic of Ireland. Bulk delivery is currently only available in Dublin and the surrounding area, see diy.ie/customer-support/delivery for list of areas.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?
Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know in your confirmation email.

When will my home delivery order arrive?
For the majority of products on diy.ie, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries are made between 8am and 6pm.

When can I collect my Click + Collect order?
If you order after 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Find out more about when your order will be ready for collection on our Click + Collect page on diy.ie/customer-support/click-collect

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, we'll automatically return it and process a refund.

Where do I collect my Click + Collect order from?
Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.
All prices are correct at time of going to press and may be subject to change. Doing your bit

Waste Electrical and Electronic Equipment (WEEE) and waste batteries must never be placed in any of your household wheelie bins. WEEE is taken back free of charge at electrical retail outlets on a one-on-one like-for-like basis. There is a container for small waste batteries in your local store. Local authority civic amenity facilities also take back WEEE and waste batteries free of charge. WEEE and waste battery recycling is free.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected
If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items
In the first instance, return via home delivery or diy.ie

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
