

Follow these instructions when using the adhesive fixing method.

Warning

The adhesive is suitable for use on most flat finished surfaces, such as gloss paint, tiles, polished stone, laminates and textured surfaces. DO NOT USE ON DECORATIVE WALL PAPER FINISHES. The adhesive is NOT suitable for unfinished materials such as brick, block-work, wood, emulsion paint, loose, flaky surfaces or surfaces contaminated with grease, wax or dust.

Follow these instructions when drilling new holes.

Safety & Care

1. Always take care when using power tools, especially if there is any water in the working area.
2. When drilling into a tiled surface do not use a hammer drill.
3. Always use a residual current circuit breaker (RCCB/GFCI)
4. Always use a drill bit that is suitable for the surface that is being drilled.
5. The wall plugs supplied are for use on solid walls only. For cavity walls or plasterboard use specialist fixings that are suitable for the type of wall construction.
6. To retain the best quality finish, clean product regularly with a soft damp cloth.
7. Do not use abrasive or chemical cleaners, as these may damage the product.
8. Redecoration may be required on some painted surfaces after removal.
9. The maximum safe working load is 2.5kg (5.5 lb) distributed evenly. DO NOT OVERLOAD.
10. Do not use tile cleaning chemicals on or around this product as they may affect adhesion.

5 Year Anti-corrosion Guarantee

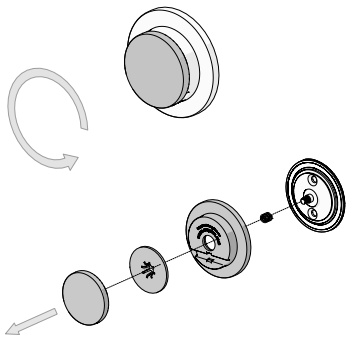

This product is guaranteed against corrosion for 5 years. Please retain a copy of your receipt which must be presented should a guarantee claim be necessary. This guarantee covers corrosion under normal usage, when the product is installed, used and cleaned in accordance with these instructions. This guarantee does not cover corrosion resulting from damage to the protective coating due to the use of abrasive sponges or pads, abrasive cleaners, strong chemical cleaners or metal polish. In the unlikely event that corrosion should occur during the guarantee period we will replace the product.
