

**Date:** Monday 30<sup>th</sup> September 2025

**Subjects:**

- 22nd Adaptation to Technical Progress (ATP) of the CLP Regulation (Regulation (EC) No 1272/2008).
- Restriction in Annex XVII of the REACH Regulation concerning siloxanes D4, D5 and D6.
- Commission Regulation (EU) 2023/2055, which amends Annex XVII of REACH to restrict synthetic polymer microparticles (SPM) that are intentionally added to products.

Dear Amy

We can confirm that the products supplied to you by Evergreen Garden Care are in compliance with the requirements of 22nd Adaptation to Technical Progress (ATP) of the CLP Regulation (Regulation (EC) No 1272/2008). Any updates required to labels have already been completed.

Evergreen do not use the siloxanes D4, D5, D6 which are restricted in entry 70 Annex XVII of the REACH Regulation and thus there are no impact on Evergreen Garden Care products.

Evergreen Garden Care have two products which are affected by the restriction of microparticles (microplastics) amending Annex XVII of REACH:

SKU 121358, VERVE CONTAINER & BASKET PFREE 65X50L, 5063022049681

SKU 121229, GOODHOME MULTI-PURPOSE ENRICHED COMPOST 65X50L, 5036581090029.

Both these products contain a fertiliser which comes under the restriction on microplastics. Paragraph 7 and 8 of the legislation requiring the instructions for use and disposal on the labelling from 17 October 2015 cover certain products exempted/derogated by paragraph 4 & 5 namely: 4(e), 4(d), 5(a), 5(b), 5(c).

Fertilisers are derogated by paragraph **4(c)** EU fertilising products within the scope of Regulation (EU) 2019/1009 of the European Parliament and of the Council, and **6(g)** from 17 October 2028 for “fertilising products”, as defined in Article 2, point (1), of Regulation (EU) 2019/1009, which do not fall within the scope of that Regulation.

Therefore, these two products are exempt from the requirement to provide instructions for use and disposal by 17 October 2025.

We continuously monitor updates to ensure ongoing compliance. Should any relevant changes occur, we will inform you as soon as possible. Please do not hesitate to contact us if you require any further information.

Kind regards,

Amy Barker | EU Regulatory Affairs Director
