Before you start

- Decide on an appropriate location for your product (see siting instructions below).
- If you are in any doubt about installing this product, consult a qualified electrician.
- Take care not to damage or twist the wires when removing from the packaging.
- Ensure that the cables are fully unwound before use.
- Check the pack to make sure you have all of the parts listed.
- Check the set before use for loose or damaged wiring and that all the bulbs are secure. If you are in doubt do not use the set.

Siting instructions

- This product is suitable for indoor or outdoor use.
- Plug the transformer into the mains socket ensuring the unit is positioned so that you have enough cable to reach an indoor mains power socket.
- The transformer must be located indoors.
- Check that all the bulbs are lit. Once checked locate your lights in the desired position.
- This product is suitable for positioning on surfaces which have normal flammability, e.g. wood, plasterboard or masonry. However, this does not include highly flammable surfaces (e.g. polystyrene or textiles).
- Always position cables and extension leads so that they will not be a hazard to the elderly, pets or children.
- Do not position or allow any part of the set to come into contact with a source of heat or flame.
- DO NOT position this set where it may become covered by other items e.g. curtains, nets or bedding.
- This product is not designed for permanent or long term use. Always switch off the light chain overnight or if unattended. Do not overload power sockets or extension leads.
- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
- Non-replaceable control gear.

Technical Data

	<p>This product complies with conformity requirements of the applicable European Regulations or Directives.</p>
	<p>This product complies with conformity requirements of the applicable UK Regulations.</p>
<p>IP44</p>	<p>Splash-proof</p>
	<p>Class II product - Double Insulated - No earth required.</p>
	<p>Class III product - designed to be supplied from a SELV (Separated or Safety Extra-Low Voltage) power source.</p>
	<p>Transformer must be located indoors only.</p>
	<p>Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or local store for recycling advice.</p>
	<p>Do not use with a dimmer switch.</p>
<p>xxWyy:</p>	<p>xx-year; yy-week of the year</p>

EN To set and reset the timer, press button: 6 hours on / 18 hours off.
Green light on = Timer is on

EN Troubleshooting

If the light chain fails to light, please check the following:

- Disconnect the set from the mains.
- Check that the jack plug on the light chain is connected to the transformer.

WARNING:

- Do not connect the light chain directly to the mains. Use only with the supplied transformer.
- Do not connect this light chain electronically to another light chain.
- Do not connect this light chain to a power supply while it is in the packaging.
- The light source of this luminaire is not replaceable: when the light source reaches its end of life the whole luminaire shall be replaced. DO NOT attempt to replace the non-replaceable bulbs in this light chain.
- Take care not to damage the cable or fittings.
- The external flexible cable or cord of this luminaire cannot be replaced. If part of the light set of the cord is damaged, the luminaire MUST be destroyed.
- This product is for use as a decoration only. Not to be used by children as a toy. Keep out of reach of small children.
- Please refer to the packaging or product rating label for product class, specifications and rating.
- DO NOT pierce the cable when securing in place, bend or stand on the light chain, as this will damage the bulbs or wiring.
