

CARING FOR YOUR FLOOR

HELPFUL HINTS AND TIPS TO LOOK AFTER YOUR FLOOR

Mop up spills as soon as possible, using Karndean Clean, to reduce the risk of slipping and possible staining.

For stubborn stains, spot clean with undiluted Karndean Clean or Remove.

Use entrance mats to protect against grit and moisture (ensure they are non rubber-backed to prevent any discolouration of the floor).

Avoid sliding or dragging furniture or other objects across the floor - use the floor protector pads included in the Floor Care Kit, to prevent scratching.

Use castor cups to protect against indentation from heavy furniture.

Regularly sweep the floor to remove loose dirt or grit as these can cause fine scratches. If using a vacuum, please check the manufacturer's guidelines to make sure it's suitable for Karndean.

Avoid the use of regular household cleaners and bleach-based detergents. These could make the floor slippery or cause discolouration.

If the floor has a streaky appearance, it may be that:

- a) Karndean Remove has not been removed completely - repeat the process ensuring the floor is rinsed thoroughly; or
 - b) irregular drying of Karndean Refresh due to underfloor heating, strong sunlight or draughts - repeat the Karndean Remove and Refresh process, ensuring the floor is protected from heat, strong sunlight and draughts until completely dry.
-

When applying Karndean Refresh to your floor, be careful not to apply it too thickly. Two thin coats will be sufficient.

The cleaning applicator included in the Floor Care Kit is compatible with any size pole. Simply unscrew the components and attach.

FOR EVERYDAY CLEANING FOLLOW THESE SIMPLE STEPS

1. Clean

For everyday care of your Palio floor

With a soft sweeping brush, remove any loose dirt or dust.

Add 50ml of Karndean Clean (1 notch represents 50ml)
to approximately 8-10l of clean water.

With a household mop, spread the Karndean Clean solution
onto the whole floor, removing any excess liquid.

Always allow your floor to dry before walking on it.

FOR AN OCCASIONAL REFRESH FOLLOW THESE SIMPLE STEPS

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor, to further enhance it's look and durability.

2. Remove

Prepares your floor before applying Refresh.

Dilute 1 part Karndean Remove with 5 parts clean water. 200ml of Karndean Remove to one litre of water will cover approximately 10m². (One notch represents 50ml.)

With a household mop, spread the solution onto the floor liberally and leave to work for five minutes, making sure it does not dry.

Using the blue applicator with a wet Karndean Remove Pad (coarse/white) from your Floor Care Kit, scrub the floor all over.

Remove the residue with a household mop, rinsing the floor thoroughly with fresh, clean, warm water.

**Be careful not to allow Karndean Remove to dry on the floor.
Always wear protective gloves when using this product.**

3. Refresh

Creates a satin finish to your floor and adds protection.

Before you start, make sure the floor is completely dry and free of all traces of Karndean Remove.

Using the blue applicator with the Karndean Refresh Pad (soft/white) from your Floor Care Kit, spread a thin and even layer of undiluted Karndean Refresh onto the floor, in a widthways direction.

Leave this layer to dry for approximately 30 minutes, then repeat the process lengthways. Rinse the pad thoroughly after use and leave the floor to dry for approximately 6 hours or preferably overnight.

CLEANING AND MAINTAINING YOUR PALIO FLOOR

Palio flooring can stand up to all sorts of daily challenges and a little extra care can keep it looking like new. This guide contains helpful tips on how to look after your floor.

All Palio floors benefit from our surface protection system.

Using PU technology, our surface protection system provides a hygienic and durable finish that will protect your floor against everyday wear, spills and scuffs.

This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Palio floor will look great for years to come.
