Style and inspiration

From classic spaces to modern luxury, explore a selection of beautiful bathroom styles, as chosen by our interior design experts.

Classic

Create a warm, welcoming space to unwind in with a classic bathroom style. Choose traditional features like roll-top baths and shaker-style furniture, then finish things off with some tongue-and-groove panelling for a look that'll never go out of style.

Modern

Modern bathroom styles can be an affordable option, but they can also bring a feeling of luxury to your space. Combine rich, dark woods with countertop basins and statement metallics for a contemporary bathroom with a spa-like feel.

Scandi

Characterised by natural textures, this calming style draws inspiration from nature to create a truly relaxing space. Blend stone and timber accents with warm neutrals and plants, and soak up the natural beauty of the outdoors.

Maxi

Showcase your personal style with contrasting patterns, colourful furniture and statement features. Vibrant and full of character, maxi bathrooms are a great way to create a space that's unique to you.

Make the most of your space

When designing your bathroom, it's important to think about the kind of space you have, and how many people will be using it. Here's a look at the four most common types of bathrooms to help you get started.

For more ideas and inspiration visit diy.ie/bathrooms

Cloakroom

Cloakrooms are all about maximising space. Keep as much space free as possible by choosing a compact basin and a back to wall or wall-hung toilet, and opt for a light colour scheme to keep it feeling bright and airy.

En suite

En suites are often smaller than main bathrooms, so it's important to make the most of your available space. A shower enclosure can be a great way to save space, and can even act as a statement piece.

Family bathroom

Usually the biggest bathroom in the house, these spaces often have more room to get creative with things like statement baths and bold tiles. It's also a good place to add storage, such as cabinets and open shelving.

Furniture

Bathroom furniture is a great way to showcase your personality and style. Explore a wide range of vanity units, then customise them to your taste with complementing worktops, basins, cabinets and mirrors.

Fitted furniture	70
Fitted furniture worktops	79
Semi-recessed basins	80

Modular or fitted?

Our bathroom furniture ranges are broken down into two styles: modular and fitted. Discover which one is right for you, then start exploring to find your perfect fit.

Modular furniture

Easy to personalise and assemble, modular furniture gives you the freedom to create a bathroom that's uniquely yours. These units usually sit independently of your other fixtures, either mounted on the floor or wall, allowing you to mix and match with different styles.

Fitted furniture

Fitted together as a set, these units make smart use of every inch, giving you plenty of storage and no wasted space. Pipework can be hidden within cabinets to reduce visual clutter, and matching plinths and end panels give your furniture a coordinated, premium feel.

GoodHome Imandra modular furniture

Simple, spacious and effective, our Imandra units can be mixed and matched to house everything in your bathroom. Soft-close doors and drawers give them a premium feel, with a durable, easy-to-clean finish to keep things shining, all backed up by a 5-year guarantee.*

Imandra wall-mounted 2 drawer vanity basin unit, matt black.

Discover Imandra

From vanity units and wall cabinets to the accessories that make it yours, Imandra has everything you need for bathroom bliss. Here's a closer look at how to create your perfect space with the Imandra range.

Vanity units

Available in freestanding or wall-mounted styles, these sleek vanity units act as the centrepiece of your bathroom furniture – ready to customise with either a worktop and countertop sink, or a seamless vanity basin.

Wall storage

Transform empty wall space into additional storage with Imandra wall cabinets, perfect for keeping your bathroom essentials tidy. Match the colour to your vanity unit, or opt for a full mirrored style to make those morning close-ups easier.

Basins

Complete your vanity unit with a sleek vanity basin, or pair a worktop with a countertop basin for a more contemporary feel.

Choose your style

Imandra units are available in range of matt, gloss and wood effect finishes. All units come complete with handles (see page 61 for additional handle options).

Imandra wall-mounted double drawer vanity basin unit, walnut effect.

Imandra wall-mounted double drawer vanity basin unit, matt black.

Imandra single door wall cabinets, gloss white.

Imandra slim wall-mounted double drawer vanity basin unit, matt blue.

Complete your modular furniture

Worktops

Whether you're pairing it with a countertop basin or just finishing an additional vanity unit, worktops give you the freedom to customise the look of your furniture. See page 55.

Vanity basins

Designed to sit flush with your vanity unit, these sleek basins eliminate the need for a worktop, giving units a neat finish – while still leaving space on the side for your essentials. See pages 56–57.

Countertop basins

From elegant marble to modern black, these striking basins are designed to sit on top of your worktop, giving your furniture a contemporary finish. See pages 58–59.

Worktops

Finish your vanity unit with a sleek, stylish laminate worktop, or choose an oiled wood style for a warmer, more traditional feel.

Hartland solid oak worktop.

Marloes white laminate worktop.

Cadelia matt black laminate worktop.

Complete your fitted furniture

Worktops

When you've chosen your units, finish them off with a worktop of your choice. See page 79.

Semi-recessed basins

Designed to sit on top of fitted furniture, semi-recessed basins have an overhanging design, making them an eye-catching addition to your bathroom. See page 80.

Mirrors and cabinets

Once you've designed your perfect set, finish your space with our range of wall cabinets and mirrors, including light-up styles to keep your mornings bright. All wall cabinets and mirrors can also be paired with our modular furniture ranges. See pages 86-101.

Worktops

Finish your fitted furniture with our range of worktops, from warm wood effects to natural stone and marble-inspired styles.

Set the mood

Create different moods with a colour-temperature-changing mirror. Set to cool white to wake you up in the morning or a soft, warmer light while taking a soak in the tub.

Suites, toilets & basins

Whether it's a compact cloakroom or a large family space, finish your bathroom with a suite that suits your style, from brands including GoodHome, Ideal Standard, VitrA and GROHE.

Cloakroom toilets & basins	106
Toilet & basin suites	107
Toilet frames & flush plates	132
Trigger sprays & bidets	134

Sanitaryware with style

From elegant wall-hung toilets to classic close-coupled, our toilet range has something for every space. Here's a closer look at the different types of toilets we offer.

Close coupled

Close-coupled toilets are the most common style of modern toilets. Available with both a closed and an Open-back, these toilets have the cistern directly behind the toilet bowl.

High and low level

Perfect for traditional bathrooms, these toilets have their cistern mounted on the wall, connected to the toilet by a length of exposed flush pipe. The cistern is fitted at either a low or high level, depending on the toilet's design.

Back to wall

Back to wall toilets have their cistern and pipework hidden behind a wall or furniture unit, with the pan sitting on the floor. Unlike wall-hung styles, these toilets don't require a load-bearing frame, making them perfect for furniture units.

Wall hung

Wall-hung toilets are mounted on the wall, creating a floating design that's popular with modern bathrooms. The cistern, pipework and load-bearing frame are hidden behind the wall to give spaces a clean, uncluttered feel.

Key features

Some of our toilets have additional features to streamline your bathroom routine. From rimless designs for easy cleaning to comfort height toilets that make sitting and standing easier, you can find the one that suits your daily life

To explore our independent living range, see page 154 or visit diy.ie

Cloakroom toilets and basins

Perfect for small spaces, these toilets and basins are more compact than standard styles, without compromising on design.

Toilet frames and flush plates

To allow them to be mounted to your wall, all wall-hung toilets require a toilet frame and flush plate, which can either be bought separately or as part of a toilet pack. Here's a closer look at our toilet frame and flush plate options.

Wall-hung toilet frames

Toilet frames are usually made up of a cistern, a load-bearing frame and a flush plate. The frame and cistern are hidden behind the wall, and the flush plate is fitted on the wall, allowing you to access the system. Some of our frames also include a sound insulation set to keep things quiet.

To explore our range of toilet frames, visit [diy.ie](https://www.grohe.com/diy)

Flush plates

Although toilet frames include flush plates, you can also buy these separately to customise your bathroom's style, or to replace a faulty fixture. As well as standard push-button plates, our range includes intelligent infrared styles for hands-free operation.

To explore our range of flush plates, visit diy.ie

Bemis Ultra-Fix[®] Doesn't loosen!

The Professional Toilet Seat Fixing System

Bemis Ultra-Fix[®] is a patented hinge fixing system that will actually keep your toilet seat tight.

Bemis Ultra-Fix[®] is easy to install

1
Finned bushing provides a snug fit and prevents movement.

2
The one-piece plastic nut provides superior clamping force.

3
The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

See the range in store and on diy.ie

Professional Fixation in 3 easy steps.

Supercast baths

Supercast is a reinforcement process for acrylic baths that adds impressive heat retention. It mirrors the durability of traditional cast iron baths for a hot soak, every time. Shop the full range at diy.ie. Home delivery only.

Features

Incredibly durable and hardwearing, supercast baths have a similar strength to cast iron baths, but with all the benefits of acrylic. Their improved insulation keeps water hotter for longer, and the high-gloss finish makes them super easy to clean.

Cooke & Lewis Arezzo supercast L1700 x W750 x H400mm. 0 tap holes. 210L. 3663602250784 **€466**. Also available:
Cooke & Lewis Sovana supercast L1700 x W750 x H385mm. 0 tap holes. 210L. 3663602250951 **€479** (other sizes available).
Cooke & Lewis Shaftesbury supercast L1700 x W700 x H545mm. 2 tap holes. 200L. 04060666 **€366** (other sizes available).

Panels for Arezzo, Sovana and Shaftesbury available separately at diy.ie

Home spa systems

Whether it's relaxing bubbles or an invigorating massage, home spa systems are a great way to unwind. For the full spa experience, add ambient lighting, or choose a system with chromotherapy lights. Baths sold separately. **Home delivery only.**

Relaxing made easy

Along with producing relaxing bubbles, these invigorating systems can also help to relieve stress and improve circulation. The spa systems shown are made in the UK and come complete with a child safety suction feature for added peace of mind.

Fitted for you

Order a home spa system together with a whirlpool-compatible bath, and we'll fit it before delivering it to you. Our spa systems can be added to most Cooke & Lewis baths, except for steel and freestanding types.*

Straight shower baths

Straight shower baths have a rectangular design, meaning they take up less width than traditional shower baths. It also means you can use a standard rectangular bath panel and screen, instead of a shaped glass screen.

Baths, panels and screens also available separately at diy.ie

Double-ended baths

With two sloping sides and centrally located taps and waste, double-ended baths have a sleek, symmetrical look, and are often more spacious than single-ended styles, giving you plenty of space to unwind. **Home delivery only.**

Heritage Bathrooms	187

Timeless taps

Although they might seem like a small part of your bathroom, taps form a key part of your overall décor. From versatile and modern mixers to standout freestanding styles, here's a closer look at the different types of bathroom taps.

Basin mixers and bath fillers

Basin and bath mixer taps blend hot and cold water, allowing you to control the temperature and flow of water through a single spout. Choose from a range of styles, including tall and cloakroom basin mixers.

Basin and bath taps

With separate taps for hot and cold water, basin taps give a more traditional feel to your bathroom. Also available as bath taps, these styles often include cross heads for a truly classic look.

Bath shower mixers

These all-in-one taps mix hot and cold water, flowing out of either a mixer tap or integrated shower head. With no need for a separate shower, they're an easy way to add a showering option to your bath.

Freestanding taps

A perfect pairing for freestanding baths, these taps stand directly on the floor and can be positioned wherever there's an available water feed, creating a stunning focal point in your bathroom.

GoodHome taps

Available in a selection of finishes, all GoodHome taps come complete with a 10-year guarantee,* giving you quality that lasts. The basin mixer taps come with either a pop-up or clicker waste.†

Mixer showers

Create a relaxing showering experience with our range of mixer showers. Available in a selection of classic and contemporary finishes, there's a style to suit every bathroom.

Mixer showers

190

Mixer showers

Blending water from your hot and cold pipes, mixer showers make it easy to find the perfect temperature. For a consistent showering experience, choose a thermostatic mixer shower, which won't change temperature when someone else runs a tap.

Electric showers

Connecting to the mains cold water supply, these energy-efficient showers draw water over an in-built heating element, giving you hot water on demand.

Good to know

Electric and power showers should always be installed by professionals.

If you're installing a new electric or power shower, it must be installed by a qualified plumber or electrician. A qualified professional will be able to install, upgrade or check the wiring, to make sure that your new shower works safely.

Power showers

Ideal for low pressure systems, a power shower has a pump that creates higher pressure for a more refreshing experience.

Find your perfect enclosure

Whether you're looking for a classic full enclosure or you're mixing and matching with different panels and doors, shower enclosures can be a great way to add some style to your space. Here's a closer look at the different styles to help you get started.

Full enclosures

An easy way to protect your bathroom from splashes. Explore our range of square, quadrant and rectangular enclosures, available in a selection of frames and glass styles.

Fixed panels and doors

For a more standout look, mix and match different fixed panels and doors to create your perfect enclosure, with a choice of both pivot and sliding doors.

Walk-in enclosures

Perfect for larger bathrooms. Similar in style to wetrooms, walk-in enclosures feature a spacious showering area, partially enclosed by a sleek glass panel.

Shower trays

Available in a selection of shapes, styles and colours, shower trays act as the foundation of your shower, giving you a safe, sturdy base to stand on.

GoodHome Ledava

Sleek, stylish and incredibly versatile, the GoodHome Ledava range has it all, with an anti-limescale finish to keep it sparkling. Available in chrome or matt black profiles, with a choice of clear or mirror glass. **Home delivery only.**

Ledava features

All Ledava enclosures feature extra-thick 8mm safety glass, with a 1950mm high screen to reduce water splashes. The enclosures come with reversible fittings for right or left-handed door opening, and can be adjusted up to 20mm for uneven walls.

Shower panels

Create the perfect shower or a stunning feature wall, our stylish shower panels offer an affordable, fuss-free alternative to individual tiles, giving you a seamless finish for a fraction of the price.

Splashwall shower panels

222

Splashwall™ shower panels

Splashwall™ panels are the ideal alternative to tiles, making it quick and easy to transform your bathroom. Panels can be fitted onto virtually any surface for a watertight finish, including over existing tiles.** Choose from four product ranges, all backed by a 15-year guarantee.* Splashwall™ accessories are all available at diy.ie and can also be found in the Splashwall™ brochure.

What is a shower panel?

Shower panels are a simple and innovative way to transform your bathroom. Splashwall™ large format panels are typically 2420mm high and 1200mm wide.

Each panel is securely fitted to the wall using adhesive and creates a watertight finish using silicone sealant and trims (where necessary).

Unlike tiles, these panels don't require a specialist fitter and can be installed in a matter of hours. Plus, aftercare is minimal as there's no grout to keep clean. Panels can simply be wiped down with a non-abrasive cleaner.

Postformed

Postformed panels give you a decorative finish on the edge, meaning you don't need trims to complete the install.

Tongue and groove

Tongue and groove panels allow numerous panels to slot together along a wall to create a seamless finish.

Splashwall™ composite shower panels

Inspired by subway tiles, these gloss composite panels create the appearance of single tiles without the mess and installation time. **Home delivery only.**

Splashwall composite, white.

Finishing touches

Find the perfect finishing touches for your bathroom. Whether it's bold accents or a clean, classic finish, there's something to suit every style.

Accessories	238
Bathroom lighting	240
Towel warmers	242
Bathroom tiling and flooring	244

Accessorise your space

From soap dishes and toilet roll holders to shelves and towel rails, accessories are an easy, stylish way to keep your bathroom organised. To explore our range, visit diy.ie/bathroomaccessories

Wall-mounted accessories

Easily fixed to your wall, these accessories are great for stashing your essentials and keeping your bathroom free from clutter. Use shelves and baskets to keep your toiletries in easy reach, and add hooks or rails to hang your towels neatly.

Freestanding accessories

Freestanding accessories can be used to add beautiful accents to your bathroom. Whether you mix and match or choose a coordinating set, these accessories can easily be mixed up to suit changing interiors.

Bathroom lighting

Light up your bathroom with our range of IP-rated lighting, including spotlights, ceiling lights and wall lights in a selection of styles.

Safety first

- Zone 0**
 Inside the bath or shower.
 Must be IP67 rated.
- Zone 1**
 The area above the bath or shower to a height of 2.25m from the floor. Must be a minimum of IP44 rated (or IP45 if exposed to water jets). IP65 rating is recommended.
- Zone 2**
 The area 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. Must be a minimum of IP44 rated.
- Other zones**
 Anywhere outside zones 0, 1 and 2. No special requirements, however, it's recommended any light fittings in other areas should have a rating of at least IP20.

A 30mA RCD must be used. All new and modified electrical installations must comply with the latest IET Wiring Regulations (BS7671) and bathroom lighting products must be installed in accordance with local building regulations. If in doubt, contact a qualified electrician.

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Restrictions apply. Delivery charges may apply. See diy.ie for further details. When buying at diy.ie we'll tell you the delivery time during the checkout. If ordering in store please ask.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering and delivery FAQs

Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.ie. However, items delivered by different partners may arrive separately and at different times. Your order will only have one delivery charge.

Do you deliver to my address?

We're unable to deliver online orders from diy.ie outside of the Republic of Ireland. Bulk delivery is currently only available in Dublin and the surrounding area. See diy.ie/customer-support/delivery for list of areas. Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.ie, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries are made between 8am and 6pm.

When can I collect my Click + Collect order?

Once you've placed your order we'll tell you what time your order will be available to collect from.

Find out more about when your order will be ready for collection on our Click + Collect page on diy.ie/customer-support/click-collect

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, we'll automatically return it and process a refund.

Prices correct as of 5 December 2025.

Prices and availability may have changed since the publication of this brochure. Customers are advised to check current prices and availability online at [diyie](http://diy.ie) before purchasing.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Finance

Fees, Terms and Conditions and minimum credit criteria apply. Subject to credit assessment and approval, humm is underwritten by FlexiFi Europe Limited, Company Number: 600124. Flexifi Europe Limited, trading as humm is regulated by the Central Bank of Ireland. See humm.ie for more details.

Doing your bit

Waste Electrical and Electronic Equipment (WEEE) and waste batteries must never be placed in any of your household wheellie bins. WEEE is taken back free of charge at electrical retail outlets on a one-on-one like-for-like basis. There is a container for small waste batteries in your local store. Local authority civic amenity facilities also take back WEEE and waste batteries free of charge. WEEE and waste battery recycling is free.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.ie

Contact us on 1800 860 560.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.ie

Write to us at B&Q Customer Services Centre, 6th Floor, 2 Grand Canal Square, Dublin 2.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

Contacts

If you would like to leave feedback about your experience in our stores please let us know.

Email us

You can contact us using our customer support form at diy.ie/contact_us
