\*The standard for windows and doors to resist the physical attack by a burglar. Security in dwellings: Approved Document Q - GOV.UK.

## Aluminium Colours

Colour makes a huge difference to the overall success of a glazing project. That's why Stellar's colour palette isn't limited. The most popular shades are stocked, and we review this range regularly to be certain it reflects changing trends. As well as our selection of stocked colours, we can supply profiles finished with any gloss level, in any RAL colour, or any dual colour combinations. It's a colour proposition that enables you to satisfy more customers and fulfil the aesthetic requirements of more construction projects.

- Wide choice of stocked colours
- Tough, durable Qualicoat-approved powder coating
- Marine grade finish as standard
- 25-year surface finish guarantee
- Low-maintenance, easy-clean surface.

### Stock

### Made to Order

# Aluminium Hardware Options

## High-quality hardware

Stellar accommodates advanced hardware from leading suppliers, with every item matching the style and substance of the system itself. Every hinge, lock and handle has been selected to be easy to work with and to deliver high security and long-term performance. And they come with a lifetime hardware guarantee to give you peace of mind.

# Composite Doors

The Encore Range is the ultimate in composite door technology and performance. Meticulously constructed from 48mm solid engineered timber core to provide reassuring strength and rigidity, not to mention resistance to warping, twisting and bowing.

Encore doors also use advanced Cool Skin heat reflective door skin technology to reduce heat absorption, and offer improved scratch resistance and weather performance. The Encore range has been carefully produced using only the highest quality materials, built to last and has been subject to rigorous testing, giving homeowners total peace of mind.

## Colours Options

Images for illustrative purposes only. Alternative hardware placement must be specified at point of order and is subject to overall doorset width. \*Glass tile is available in Red, Magenta, Blue, Green, Black or Grey

## Energy Efficiency

The windows and doors in this guide are design to help keep energy bills as low as possible and reduce the impact on the planet. These products meet all requirements for thermal efficiency as standard. If you want products that meet the highest of specifications, you can do that too by upgrading to triple glazing. They are also designed and manufactured in accordance with all the latest Building Regulations, and relevant standards.

# Security

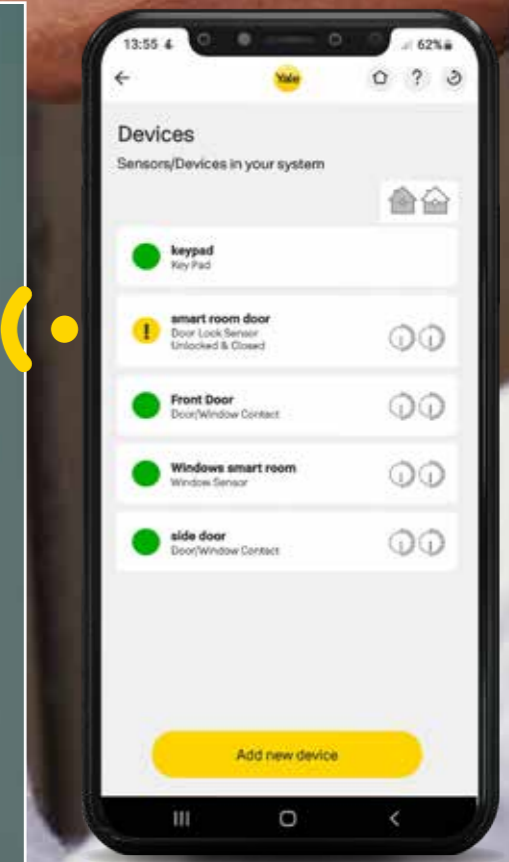

Security on the entire range of windows and doors covered in this guide are second to none thanks to innovative features and intelligent design. The products feature the very latest in high-security hardware, including advanced multipoint locks, keeps and key locking handles. They also feature intelligent design innovations that offer enhanced strength and rigidity so they are less susceptible to forced entry.

These features mean that they meet all legal requirements for security as standard. You can also choose to upgrade to Yale SensCheck smart technology on many of the products in this guide, to enable the homeowner to monitor the security of their home, via an app.

The secured by design accreditation is held by Epwin Window System products

# Upgrade to SensCheck

**Yale** SensCheck™  
Door and Window Sensors

PAS 24 compliant Yale hardware on uPVC Windows and Doors ensures quality and gives you peace of mind. Lock elements of this hardware are Senscheck ready. By adding a sensor and hub, homeowners can unlock features such as:

- Real time monitoring
- Open, close and tamper alerts
- Chime notifications
- Geo Fencing

Integration with smart home systems... no more wondering if you locked up properly when you are away from home.

Lifetime Security Guarantee

Please visit [www.yaledws.co.uk/uk/en/support/lifetime-security-guarantee](http://www.yaledws.co.uk/uk/en/support/lifetime-security-guarantee) for T&C's

You may also benefit from Yale's Lifetime Security guarantee, this offers compensation if a break-in occurs due to Yale hardware failure. Compensation includes:

- Up to £250 for call-out fees
- Up to £1,000 for repairs or replacements
- £1,000 goodwill payment
- Up to £1,000 toward your home insurance excess
- Additionally, Yale offers a £1,000 Anti-Snap Guarantee on their Platinum 3 Star Cylinder for further protection against lock snapping.
