A black towel rack with a white towel and a wooden brush. The towel rack is made of black metal bars and is mounted on a wall. A white towel is draped over the middle bars. A wooden brush with a light-colored handle and a dark head is hanging from the top left bar. The background is a wall of light-colored square tiles.

Retro and vintage styles are great for creating a distinctive, statement look in your bathroom. Darker wood furniture is key here, paired with warm or matt metals for a contemporary feel with a high-end appearance.

Contrasting light colours with dark features, like a matt black towel warmer, will help bring your décor to life.

From classic retro to blue depths, explore a selection of beautiful bathroom styles, as chosen by our interior design experts.

Warm sanctuary

Bring the relaxing feeling of nature inside with this warming colour harmony. Inspired by the outdoors, this style combines deep rich colours with warm woods, metals and cool ceramic textures to create a true sanctuary.

Statement features

Pair nature-inspired colours with patterned tiles to create a bold Mediterranean theme, and add plants to enhance the outdoor feel.

Blue depths

Bathrooms are a great place to harness the universal appeal of blues. Combine soft blues with darker tones and a hint of verdigris in colour-blocked or tonal designs, creating a consistent theme across your space.

Blocks of colour

Deep blue units and distinctive tiles work to create impact, offset by white ceramics and classic chrome finishes.

Inspired by nature

Create a warm, cosy space with these sun-bleached hues and natural materials. Sand-coloured features and deep, saturated botanical tones will give your bathroom a nurturing, tactile feel.

Different hues

A black worktop and tap can help offset white units, while terrazzo accessories and leafy plants will complement the room's sandy tones.

Make the most of your space

When designing your bathroom, it's important to think about the kind of space you have, and how many people will be using it. Here's a look at the four most common types of bathrooms to help you get started.

For more ideas and inspiration visit diy.ie/bathrooms

Cloakroom

Cloakrooms are all about maximising space. Keep as much space free as possible by choosing a compact basin and a back to wall or wall-hung toilet, and opt for a light colour scheme to keep it feeling bright and airy.

En suite

En suites are often smaller than main bathrooms, so it's important to make the most of your available space. A shower enclosure can be a great way to save space here, and can even act as a statement piece in your overall décor.

Family bathroom

Family bathrooms are usually the biggest bathroom in the house, so there's often more space to get creative with things like statement baths and bold tiles. It's also a good place to add storage, such as cabinets and open shelving.

Furniture

Bathroom furniture is a great way to showcase your personality and style. Explore a wide range of vanity units, then customise them to your taste with complementing worktops, basins, cabinets and mirrors.

Step 2: Choose your configuration

Customise your Kentia units to suit your space. Place large drawers alongside small to create contrast, or combine drawers with open shelving to keep your best things on display. For more inspiration, speak to a member of our design team in store or visit [diy.ie](https://www.diy.ie)

Step 3: Add your worktop or basin

Finish your furniture with a sleek vanity basin, or add a stylish ceramic basin on top of a solid wood worktop (see pages 20-23 for additional basin options).

Fitted furniture

Fitted together as a set, these units can be attached to the floor and wall, making smart use of every inch. Pipework can be hidden within cabinets to reduce visual clutter, while tall and shallow options make the most of small rooms.

Lismore fitted furniture

With a handleless design and a choice of two matt colours, the Lismore fitted furniture range gives your bathroom a neat, streamlined look. **Home delivery only.**

Cabinets

The perfect way to keep your bathroom tidy. As well as housing all your essentials, bathroom cabinets can also double as a mirror, or even as an additional light. For ultimate flexibility, choose a style with adjustable shelves.

Mirrored cabinets

Maximise your space with a mirrored cabinet, giving you plenty of extra storage space while also being perfect for those close-ups.

Why choose a rimless design?

No recess for dirt, bacteria and germs to accumulate.

The flush forces water around the bowl, removing dirt thoroughly.

The exposed pan is easier to clean than standard rim toilets.

Supercast baths

Supercast is a reinforcement process for acrylic baths that adds impressive heat retention. It mirrors the durability of traditional cast iron baths for a hot soak every time. Shop the full range at diy.ie

Good to know

- Easy-to-clean with a high-gloss finish
- Improved insulation helps keep water hotter for longer
- Durable and hard-wearing, supercast provides similar strength to a cast iron bath, but with the benefits of acrylic.

Taps

Although they might seem like a small part of your bathroom, taps form a key part of your overall décor. From versatile and modern mixers to standout freestanding styles, here's a closer look at the different types of bathroom taps.

Basin mixers and bath fillers

Basin and bath mixer taps blend hot and cold water, allowing you to control the temperature and flow of water through a single spout. Choose from a range of styles, including tall and cloakroom basin mixers.

Basin and bath taps

With separate taps for hot and cold water, basin taps give a more traditional feel to your bathroom. Also available as bath taps, these styles often include cross heads for a truly classic look.

Bath shower mixers

These all-in-one taps mix hot and cold water, flowing out of either a mixer tap or integrated shower head. With no need for a separate shower, they're an easy way to add a showering option to your bath.

Freestanding taps

A perfect pairing for freestanding baths, these taps stand directly on the floor and can be positioned wherever there's an available water feed, creating a stunning focal point in your bathroom.

Available in chrome, matt black and brass finishes, all GoodHome taps come complete with a 10-year guarantee, giving you quality that lasts.*

Mixer showers

Blending water from your hot and cold pipes, mixer showers make it easy to find the perfect temperature. For a consistent showering experience, choose a thermostatic mixer shower, which won't change temperature when someone else runs a tap.

Good to know

Electric and power showers should always be installed by professionals.

If you're installing a new electric or power shower, it must be installed by a qualified plumber or electrician.

A qualified professional will be able to install, upgrade or check the wiring, to make sure that your new shower works safely.

Shower enclosures

From full enclosures to luxurious walk-in styles, our shower enclosure range has something to suit every bathroom, with clever features like anti-limescale treatment and soft-close doors to make your mornings easier.

Shower enclosures

Whether you're looking for a classic full enclosure or you're mixing and matching with different panels and doors, shower enclosures can be a great way to add some style to your space. Here's a closer look at the different styles to help you get started.

Full enclosures

An easy way to protect your bathroom from splashes. Explore our range of square, quadrant and rectangular enclosures, available in a selection of frames and glass styles.

Fixed panels & doors

For a more standout look, mix and match different fixed panels and doors to create your perfect enclosure, with a choice of both pivot and sliding doors.

Walk-in enclosures

Perfect for larger bathrooms. Similar in style to wetrooms, walk-in enclosures feature a spacious showering area, partially enclosed by a sleek glass panel.

Shower trays

Available in a selection of shapes, styles and colours, shower trays act as the foundation of your shower, giving you a safe, sturdy base to stand on.

GoodHome Ledava

Sleek, stylish and incredibly versatile, the GoodHome Ledava range has it all, with an anti-limescale finish to keep it sparkling. Available in chrome or matt black back profiles, with a choice of clear or mirror glass. **Home delivery only.**

- Extra-thick 8mm safety glass
- Chrome or matt black profiles
- A choice of clear or mirror glass
- Invisible soft-close system on sliding doors
- 1950mm high screen reduces water splashes
- Reversible fittings for right or left-handed door opening
- Can be adjusted up to 20mm for uneven walls
- Complete with an anti-limescale treatment for easy cleaning and maintenance.

Shower panels

Create the perfect shower with our selection of shower panels, available in a range of finishes.

Shower panels

200

Shower panels

Whether you're designing a wetroom or just creating a stunning feature wall, our stylish shower panels offer an affordable, fuss-free alternative to individual tiles, giving you a seamless finish for a fraction of the price.

Splashwall™ shower panels

Splashwall™ panels are the ideal alternative to tiles, making it quick and easy to transform your bathroom. Panels can be fitted onto virtually any surface for a watertight finish. Choose from four product ranges, all backed by a 15-year guarantee.*

What is a shower panel?

Shower panels are a simple and innovative way to transform your bathroom. Splashwall™ large format panels are typically 2420mm high and 1200mm wide.

Each panel is securely fitted to the wall using adhesive and creates a watertight finish using silicone sealant and trims (where necessary).

Unlike tiles, these panels don't require a specialist fitter and can be installed in a matter of hours. Plus, aftercare is minimal as there's no grout to keep clean. Panels can simply be wiped down with a non-abrasive cloth.

Postformed

Postformed panels give you a decorative finish on the end panel, meaning you don't need to trim to complete the panel edges.

Tongue and groove

Tongue and groove panels allow numerous panels to slot together along a wall to create a seamless finish.

- Wide choice of designs
- Easy to clean
- Easily applied to bathroom walls
- Can be applied over existing tiles**
- Requires limited prep and aftercare
- No grouting required.

*Visit splashwall.co.uk/guarantee for Splashwall guarantee terms and conditions. Your legal rights are not affected.

**Tiles need to be degreased prior to panels being fitted. Whilst we try to ensure accurate colour representation, please be aware that the printing process may sometimes alter colours. Please refer to the Splashwall™ brochure and sample swatches available in store for the correct colour values.

Splashwall™ laminate shower panels

Influenced by natural materials, the Splashwall™ laminate range has all the charm and beauty of the real thing. From marble and stone effects to beautiful gloss finishes, find the perfect design to complement your bathroom. **Home delivery only.**

Towel warmers

As well as keeping your towels dry, towel warmers heat your bathroom to keep it warm and cosy year-round. Choose from electric or plumbed designs in a range of finishes.

Plumbed towel warmers

These towel warmers are heated by your central heating system. They dry towels while keeping the room warm, except when the heating is switched off.

Bathroom lighting

Light up your bathroom with our range of IP-rated lighting, including spotlights, ceiling lights and wall lights in a selection of styles.

Safety first

Zone 0

Inside the bath or shower.
Must be IP67 rated.

Zone 1

The area above the bath or shower to a height of 2.25m from the floor. Must be a minimum of IP44 rated (or IP45 if exposed to water jets). IP65 rating is recommended.

Zone 2

The area 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. Must be a minimum of IP44 rated.

Other zones

Anywhere outside zones 0, 1 and 2.
No special requirements, however, it's recommended any light fittings in other areas should have a rating of at least IP20.

A 30mA RCD must be used. All new and modified electrical installations must comply with the latest IET Wiring Regulations (BS7671) and bathroom lighting products must be installed in accordance with local building regulations. If in doubt, contact a qualified electrician.

Bemis Ultra-Fix[®] Doesn't loosen!

The Professional Toilet Seat Fixing System

Bemis Ultra-Fix[®] is a patented hinge fixing system that will actually keep your toilet seat tight.

Bemis Ultra-Fix[®] is easy to install

1
Finned bushing provides a snug fit and prevents movement.

2
The one-piece plastic nut provides superior clamping force.

3
The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Restrictions apply. Delivery charges may apply. See diy.ie for further details. When buying at diy.ie we'll tell you the delivery time during the checkout. If ordering in store please ask.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering and delivery FAQs

Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.ie. However, items delivered by different partners may arrive separately and at different times. Your order will only have one delivery charge.

Do you deliver to my address?

We're unable to deliver online orders from diy.ie outside of the Republic of Ireland. Bulk delivery is currently only available in Dublin and the surrounding area, see diy.ie/customer-support/ delivery for list of areas. Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.ie, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries are made between 8am and 6pm.

When can I collect my Click + Collect order?

Once you've placed your order we'll tell you what time your order will be available to collect from.

Find out more about when your order will be ready for collection on our Click + Collect page on diy.ie/customer-support/click-collect

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, we'll automatically return it and process a refund.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

Finance

Fees, Terms and Conditions and minimum credit criteria apply. Subject to credit assessment and approval, humm is underwritten by FlexiFi Europe Limited. Company Number: 600124. FlexiFi Europe Limited, trading as humm is regulated by the Central Bank of Ireland. See humm.ie for more details.

Doing your bit

Waste Electrical and Electronic Equipment (WEEE) and waste batteries must never be placed in any of your household wheellie bins. WEEE is taken back free of charge at electrical retail outlets on a one-on-one like-for-like basis. There is a container for small waste batteries in your local store. Local authority civic amenity facilities also take back WEEE and waste batteries free of charge. WEEE and waste battery recycling is free.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.ie

Contact us on 1800 860 560.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
