

# Fires

**B&Q**

# Be inspired

Getting the right look has never been easier with mix and match fires, surrounds, back panels and hearths. With prices to suit all budgets, a choice of styles to suit your home and quality products designed to last, no wonder we're the UK's national fires retailer.

A comprehensive range of fire products and accessories include gas, electric and solid fuel fires, including insets, stoves and wall hung.

## Get inspired

Not only is there a huge range of products to choose from, there's also loads of great help and advice, articles and videos to support and inspire you throughout your whole project. [diy.com/fires](https://diy.com/fires)

## Help and advice

If you need assistance, please come into store, you'll get help with those accessories and extras that make all the difference – from surrounds, back panels and hearths, to handy decorative accessories.

## Finance it your way

You can finance your entire project with a range of flexible finance options. **For details see [diy.com/finance](https://diy.com/finance)**

## In store or at your door

### Click + Collect

Get your project started within 1 hour of ordering with Click + Collect.

Selected products are not available as part of our Click + Collect service. Available in selected stores only. Restrictions apply, see [diy.com](https://diy.com)

### Home delivery

Choose from a range of delivery services to get your items to your door.

Delivery charges may apply, see [diy.com](https://diy.com)

### Van hire

Use our Hertz 24/7 hourly van hire service to help you get your items home. Prices start at £15 per hour at participating stores.

Participating stores only. Please visit our store locator at [diy.com](https://diy.com) to see if your nearest store is participating. Terms and conditions apply, visit [www.hertz247.com/bq](https://www.hertz247.com/bq) for further details.

# Choosing your fire

There's lots of information in this brochure – plus there's more information at [diy.com/choosingtherightfire](http://diy.com/choosingtherightfire)

## 1. Which type of fuel will you use?

**Gas**

Clean and efficient a great secondary source of heat for your home.

Look out for the green gas logo for our most energy efficient options, helping you control your energy bills.

All gas fires must be installed by a Gas Safe registered engineer. For more info go to [www.gassaferegister.co.uk](http://www.gassaferegister.co.uk)

**Electric**

Electric fires allow you to bring the warmth of a flame effect to a room with or without heat. A clean and instant alternative. Just plug in and go!

**Solid fuel**

Solid fuel, e.g. wood, coal etc, is an efficient solution that gives you the enjoyment of a real fire. Bring ambience and comfort to your home throughout the winter months.

All solid fuel stoves must be fitted in accordance with current regulations.

## Choosing the right fuel for your solid fuel stove or open fire

Smoke controlled areas have been introduced into the UK by The Clean Air Act and are regulated by the Local Authorities. If you're unsure whether you live within one of these areas, please visit [www.smokecontrol.defra.gov.uk](http://www.smokecontrol.defra.gov.uk) or call 03459 335577.

- In smoke controlled areas, you need to ensure you're only burning approved smokeless fuels on your solid fuel stove or open fire. If it's a wood only burner, your appliance must be certified as DEFRA exempt and you must ensure you only burn dry wood with less than 20% moisture. Kiln dried wood is ideal for these types of stoves.
- Opting for a coal fire? You'll need to consider using a smokeless product so you're able to reduce the amount of air pollution emitted.
- No matter where you live, if you're burning wood fuel it'll be more effective and emit fewer pollutants if the logs are as dry as possible. To ensure this, it's best to store them in a log store or covered area with free air circulation.
- It's now a building regulation to have a carbon monoxide (CO) detector fitted in the same room as a new solid fuel stove, log burner or open fire. However, for peace of mind, we recommend you fit one no matter what type of fire you have – old or new.

## Features & controls

Control type manual – The function controls are on the unit.

Control type remote – Has a separate remote control for ease of use.

Control type thermostatic – Thermostats switch heat on and off to maintain head levels. This reduces the overall heat output required during use, helping you use less energy and reduce running costs.

Control type slide – The control is located in an accessible position for easier lighting of the unit.

LED bulbs use less energy than conventional bulbs.

# 2. Which chimney or flue type do you have?

Chimney or flue	<div>1</div> <b>Brick or stone (Class 1)</b> <ul style="list-style-type: none"> <li>Older properties, typically pre 1960s</li> <li>Traditional chimney, usually rise up out of the rooftop.</li> </ul>	<div>2</div> <b>Pre-fabricated flue† (Class 2)</b> <ul style="list-style-type: none"> <li>Newer properties built after 1960s</li> <li>Metal flue pipe on the roof.</li> </ul>	<div>PRE CAST</div> <b>Pre-cast</b> <ul style="list-style-type: none"> <li>Newer properties</li> <li>Raised ridged tile or metal flue pipe on the roof</li> <li>Shallower in depth compared to usual chimney.</li> </ul>	<div>NO FLUE</div> <b>No chimney</b> <ul style="list-style-type: none"> <li>No chimney</li> </ul>
 <p>Gas</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
 <p>Electric</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
 <p>Solid fuel</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# 3. Choosing your fireplace

## One box solution

To create a simple yet stunning room update, choose from our fireplace suites (page 12) or wall hung (page 34) fires ranges. These provide a one-box solution and if you choose electric you can simply install against your wall, plug in and enjoy!

## Mix and Match

Alternatively, choose from our range of stoves or inset fires and pair with a surround set to get the look you want.

For full customisation, create your own fireplace by selecting your fire, then adding a surround, back panel and hearth to build your own unique look. Have a look at our Mix and Match ideas on page 74-80.

If you are unsure about the suitability of a fire and your intended location for it, you should check local Building Regulations. If in any doubt, or where required by law, consult a competent person who is registered with an electrical self certification scheme. †Some metal flue boxes are a wider 7" meaning you can have a Class 1 fire also. Some fires in this brochure are primarily designed to provide top up heat and are not intended as a primary heat source.

## Why buy Dimplex?

B&Q have been selling Dimplex stoves and fires for more than 20 years. Dimplex has over 70 years' experience of manufacturing innovative, quality stoves and fires. Many offer patented technology such as Optimyst that uses ultrasonic technology to create an incredibly realistic flame effect, or Optiflame, their most popular flame. Optiflame provides a convincing illusion of dancing flame.

Many Dimplex products carry the BEAB seal of approval. The next few pages show the Dimplex Optimyst range available from B&Q, with Optiflame fires and stoves highlighted in the rest of the brochure.

### Optimyst Grand

 Electric

- Heat output low 1kW / high 2kW
- Front facing convected heat
- Opti-myst® 3D flame effect
- Log effect fuel bed
- Flame can be used independently of heat
- Includes remote control

# Wall hung fires

Wall hung fires are quick and easy to install, with everything you need in one box. Electric wall hung fires simply hang and plug in, with flame effects that you can enjoy without the heat all year round (see page 34). Gas wall hung fires should be installed by a qualified professional (see page 40).

# Stoves

Stoves are available in gas, electric or solid fuel types. Electric stoves are portable, simply plug in and enjoy (see page 44). Flueless gas stoves should be installed by a qualified professional (see page 53). Solid fuel stoves are more efficient than open fires and are Ecodesign Ready 2022 compliant (see page 56).

Remember to fit a carbon monoxide (CO) detector in the same room as your new solid fuel stove.

# Inset fires

Electric inset fires are easy to install as they don't require a chimney or flue. You can operate the flame independently giving a warm ambience without the heat. Whatever your flue type we have a solution to meet your gas inset fire requirements. Complete the look with surrounds, back panels and hearths (from page 64).

# Back panels & hearths

Back panels and hearths come in a choice of micro marble and granite or reversible laminate finishes. Available in a range of beautiful colours and effects, there's something which will complement your fire and surround perfectly. There's also stylish fireside accessories to complete your new look. For more information search for 'back panels and hearths' on [diy.com](https://www.diy.com)

The back panel and hearth sets below are provided in 5 parts, you can assemble the back panel with the middle panel to create a solid back panel with a small plug cut out for an electric stove or without the middle panel to inset a traditional electric fire.

With middle panel

## Ordering and delivery

### Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations, restrictions apply. Delivery charges may apply. See [diy.com](http://diy.com) for further details. When buying on [diy.com](http://diy.com) we'll tell you the delivery time during the checkout. If ordering in store please ask.

### Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges apply.

## Van hire

B&Q has teamed up with Hertz 24/7 to offer you a convenient hourly van hire service to take your purchases home. In three easy steps you could be driving your van home from any of our participating stores.\*

In order to drive, you must be over the age of 21 and have held your licence for at least a year. You also need to hold a credit or Visa debit card in your own name. Registration is simple and you can be on the road in minutes!

\*Participating stores only. Please visit our store locator on [diy.com](http://diy.com) to see if your nearest store is participating. Terms and conditions apply. Please visit [www.hertz247.com/bq](http://www.hertz247.com/bq) for further details. †Applies to selected products and locations only. Restrictions apply. Check [diy.com](http://diy.com) for availability.

### Next day delivery –

Additional £5 charge for Sunday delivery.

## Ordering and delivery FAQs

### Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout on [diy.com](http://diy.com). However, items delivered by different partners may arrive separately and at different times.

### Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you checkout and in your confirmation email.

### When will my home delivery order arrive?

For the majority of products on [diy.com](http://diy.com), we'll either be able to let you know, or let you choose, a delivery date before you checkout. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries may be made between 8am and 6pm.

### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see [www.diy.com/clickandcollect](http://www.diy.com/clickandcollect) for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page on [diy.com/clickandcollect](http://diy.com/clickandcollect).

If you don't collect your order straightaway, we'll hold it in store for you for 14 days. If it's not been collected after 14 days, we'll automatically refund your payment.

### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

## About our products

All products are subject to availability.

All prices are correct at time of going to press and maybe subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

## Finance

At B&Q we have a number of different finance options to suit your needs which could help you fund your purchase.

To see how our finance products could make your dream project more affordable, just visit your local store and ask a member of staff for details or visit [diy.com/finances](http://diy.com/finances).

6 months Interest Free Credit – 0% APR representative. Buy now pay 12 months later – 8.9% APR representative. Minimum spend £500. Settle in full within 12 months and pay no interest or spread the cost over 36 months. Monthly instalments will start 12 months after date of agreement. Credit subject to status. We reserve the right to remove this offer at any time. B&Q Limited acts as a credit broker, authorised and regulated by the Financial Conduct Authority (FRN 712268).

## Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

### Your consumer rights are not affected.

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

### You can return your items by:

In the first instance, return via Home Delivery or [www.diy.com](http://www.diy.com)  
Contact us on 0333 014 3357.

Lines are open 8am–8pm Monday to Saturday and 10am–4pm Sunday.

Email us at [home.delivery@b-and-q.co.uk](mailto:home.delivery@b-and-q.co.uk)

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

### Alternatively, return the product to your local B&Q store.

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.
