# Make the most of your space

If you're short on space or have awkward-shaped rooms, furniture can transform any corner into a cosy nook or neat storage. These planning tips will help you maximise whatever room you're decorating and minimise everyday stress.

## Space and storage solutions

## **Planning**

When you're ready to start your project, measure your space. As a guide, we recommend measuring the lengths marked A-H below.

## **Tricky spaces**

Sloped ceilings or irregular corners? Clever modular furniture will put unusual spaces to work.

## Beds and desks

Maximise unused space above beds and desks with tall cabinets from the Atomia range.

## **Alcoves**

Choose sliding doors and internal storage that can be customised with dressing kits, modular shelving and more.

## Remember

Measure the length, width and height of your room, noting any pipework that's boxed in or under the floor and marking doors and obstacles. Book a free planning appointment at diy.com/planningappointment

From getting dressed in the mornings, to working from home and enjoying slow weekends, these new furniture ranges will keep the day-to-day in order in the most stylish way possible.

## **Atomia cabinets**

The beauty of the new Atomia cabinets is that they can be perfectly arranged to create any storage system. Bookshelf or walk-in wardrobe? That's up to you.

## Atomia sliding doors

Complete a modern suite with Atomia's sliding doors. They're smooth, silent and hide clothing and shoes in style.

## **Occasional chairs**

Discover accent seats for any unused corners in your home. They're almost too beautiful to perch on or drape your clothes over.

## Home office

If you haven't got a desk set-up at home or are looking for something a bit more permanent, you'll find your new workspace here.

## Side tables

Side tables tick all kinds of boxes and can be used in any room. The new range features stylish ones to display your trinkets or even house a lamp in the hallway.

## Freestanding furniture

There are lots of new ranges to explore. Classic elegance meets modern grey in this Lautner bedroom furniture – sophistication for where you sleep.

## Atomia modular storage

Whether you're creating a new workstation or a permanent home for the shoes in the hallway, Atomia is a smart solution for organising the everyday. Find cabinets and accessories to maximise your space and make tidying a dream.

## Modular design

From unused space under the stairs to small nooks and extra high ceilings, the modular design means it suits every room.

## Design your Atomia modular storage

Whatever your storage needs Atomia gives you the flexibility to maximise your available space, without compromising on style. It's easy to assemble and can be wall mounted or freestanding with or without adjustable feet. Here's how it works.

## 1. Choose your cabinets

Cabinets come in a variety of depths, widths and heights. They're easy to stack and connect, allowing you to combine them to fit your space.

## 2. Choose your internal storage

Divide up your space in a way that suits you. Options include glass-fronted drawers and clever additions like hanging bars and pull-out baskets.

## 3. Choose your external doors and drawers

From sliding doors to mirrored designs, the external fronts will have a huge effect on your overall design.

## 4. Choose your finishing touches

Complete the look with handles and feet that work for you and complement your finished design.

## **Colour options**

Atomia cabinets, shelves and internal drawers are available in three colours. If you're planning on enclosing your storage, fixed and sliding doors come in an extended range of finishes. See page 30 for standard doors and page 32 for sliding doors.

## Planning your Atomia storage

Atomia cabinets form the building blocks of your new storage solution. Cabinets come in five heights (each one a multiple of 375mm), three depths and four widths.

Once you've measured your space start by finding the right depth that works for you. Then choose the width and height of the cabinets according to what you want to store.

Finally don't forget Atomia cabinets can be wall mounted or freestanding with or without adjustable feet. When including feet, always remember to include this in any measurements.

# Alara room dividers

Redesign your space to fit your home life. Are you looking to set up a peaceful work area, divide your kids' bedrooms or make more of an entrance? Alara helps you create those perfect places.

## **Create amazing spaces**

## Make a workspace

Create a home office that helps you block out distractions and switch off at the end of the day.

## Separate a living space and dining room

Enjoy the mealtimes, chatting times and game times in an area made for all kinds of moments.

Freestanding kits allow you to create half-height divides.

## Design a new hallway

Make an entrance, kick off your shoes and shelter your living space from the elements.

#### Divide a bedroom

Split the kids' bedroom and any squabbles by giving them individual space to make their own.

## How to shop

Alara room dividers are a great, simple solution. Customise your set-up with Alara's range of secure and easy-to-fit panels. Options like windows and shelving help you get the design right and make the best use of every area in your home. Here's how to get started.

#### 1. Measure your space

Measure the height from floor to ceiling, and the width that your room divider needs to be. Be sure to measure at several points, as your ceiling or floor may slope.

#### 2. Select your panel size and colour

Combine panels to meet the required width. Plan a solid room divider to begin with, then swap out panels if you want to include a feature panel, shelf or spacer section.

#### 3. Select your posts and extenders

Extenders can be used to meet any ceiling height between 230-282cm. Each post comes in 3 colour options: white, paintable and industrial black and include adjustable top feet.

## 4. Seal your room divider to your floor, ceiling and wall

Additional accessories in the Alara range allow you to create a more aesthetic join between your room divider and your home's wall, ceiling and floor.

# Freestanding furniture

Arrange your home just how you like it – and switch it up when you fancy a change. With new on-trend ranges as well as timeless pieces, from rattan boho to classic elegance, get the look and pick the furniture to slot into your space.
