## Planning your GoodHome Atomia storage

Atomia cabinets form the building blocks of your new storage. Cabinets come in five heights (each one a multiple of 375mm), three depths and four widths.

Once you've measured your space, start by finding the depth that works for you. Then choose the width and height of the cabinets according to what you want to store.

Atomia cabinets can be wall mounted or freestanding, with or without adjustable feet. When adding feet, always remember to include this in any measurements.

# Bespoke made to measure

With an extended range of styles, colours and finishes, our made-to-measure sliding doors can be customised to suit your space, ensuring a perfect fit.

Shown: Minimalist 1 panel sliding doors, dark blue glass with silver effect frame and Relax modular storage.

## How it works

Our made-to-measure sliding doors are built to suit your space, using the measurements you provide. They can be designed to fit any opening between 1200-2480mm in height and 1100-4550mm in width.

Start by measuring the lengths marked A-E on the diagram. We recommend taking these measurements from 620mm from the back wall to allow space for your storage system. All doors and tracks are manufactured to the smallest measurements, ensuring a perfect fit.

## Ordering and delivery FAQs

### Will all my home-delivered items arrive together?

You can select the same delivery date for several products at the checkout at [diy.com](http://diy.com). However, items delivered by different partners may arrive separately and at different times.

### Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

### When will my home delivery order arrive?

For the majority of products on [diy.com](http://diy.com), we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries will be made between 8am and 6pm.

### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that in some stores your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see [diy.com/click-collect](http://diy.com/click-collect) for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page at [diy.com/click-collect](http://diy.com/click-collect)

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.
