Product & cabinetry guide

B&Q

Kitchens designed around you

Whether you're updating an existing kitchen or starting from scratch, this guide gives you the information you need to plan a space that delivers both style and function.

Help and advice

If you're looking for advice on how to make the most of your space or need additional information about our kitchens and appliances, speak to one of our team in store.

Alternatively, you'll find lots of ideas, advice and planning tools at diy.com/kitchens

Free planning

When you're ready to design your kitchen speak to one of our team about our free planning service. Book an appointment at diy.com/roi/planning/appointment

In store or at your door

If you're not able to get your items home from store, why not use our home delivery service? Ask your local store for details.†

New

Finance it your way

You can finance your entire kitchen project with humm®, now available at B&Q. Buy now and pay later, in instalments. To find out more, visit diy.com/diy/ireland

Minimum spend of €250 is required, see <https://www.diy.com/diy/ireland/humm-finance> for more details. Subject to credit assessment and approval, standard fees may apply. Finance provided by FlexiFi Europe Limited. See humm.ie for more details.

†Delivery charges may apply, see page 163. Prices correct as of 19 August 2021. Prices and availability may have changed since the publication of this brochure. Customers are advised to check current prices and availability in store before purchasing.

Planning your kitchen

Whether you're using our free planning service or creating your own design, measuring your space accurately is key for the best results.

Measurements explained

1. Sketch your room layout
2. Indicate and measure openings
3. Measure your doors, walls and windows
4. Indicate and measure any obstacles
5. Measure ceiling height

Measurements to think about

Here's an example of some key measurements to take note of when planning your kitchen.

 Cicely Built-under to fit oven housing and single oven with 60cm aperture	Silver 3663602643548	€17
 Cicely Double oven to fit tall housing with 90cm aperture	Silver 3663602643555*	€19

Remember

All Caraway base cabinets with a width of 25cm and above come with a metal front bar support across the front and an adjustable back rail – this is to help when installing sinks, hobs and worktops.

Corner cabinets explained

Our blind corner base cabinets are adjustable, allowing you to use different sized doors to offset your corner. This also helps with any obstructions during the planning process.

L-shaped corner

* These cabinets require wide angle hinges to allow full opening

Blind corner – 80cm

Blind corner – 100cm

Caraway larder and appliance housings

You can create larder cabinets in two heights and three widths. Combine them with internal drawers to create storage towers.

Remember

Wall cabinets can be used as a narrow base cabinet if you add legs. This gives you the flexibility to maximise cabinetry in tight spaces.

*Home delivery only.

Selected products are available for home delivery to selected locations, restrictions apply. Delivery charges may apply. For full details please see diy.com/diy/ireland/customer-support.

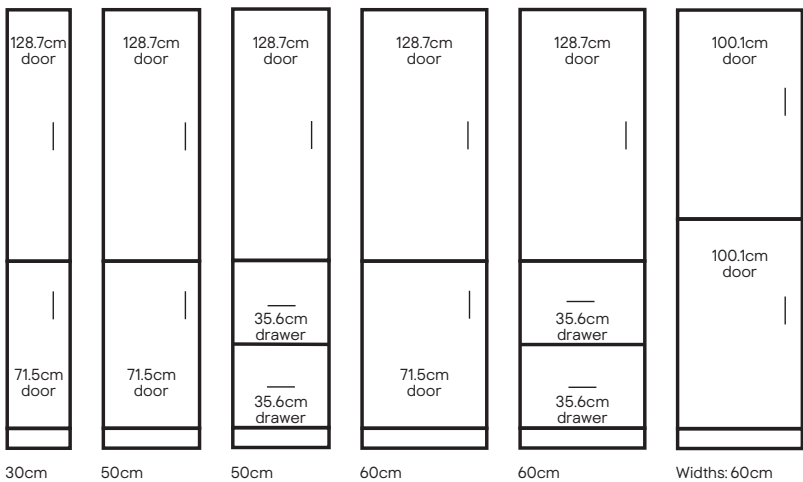

Larder cabinets

Perfect for maximising storage and housing appliances, these can be combined with the Pebre pull-out range and drawers to increase space. Larder cabinets* are available in two heights (standard and tall) and three widths (30, 50 and 60cm).

Standard 216cm height**

Larder cabinet options

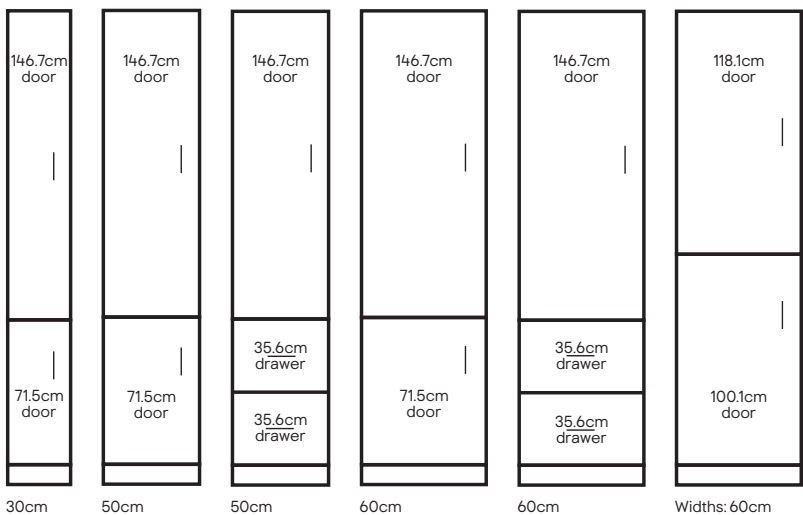

Storage towers

Tall 234cm height**

Larder cabinet options

Storage towers

To create these configurations you'll need to purchase your chosen components separately. Line drawings are for illustration purposes only.

* Caraway larder cabinets shown here are made up of larder shelf packs and end panels, both components purchase separately. Also, doors, internal storage, drawers, hinges, handles, accessories and appliances are available separately.
** Dimensions shown are the cabinet height including legs at 15cm. Legs can be adjusted in height from 12.5cm to 19.5cm to allow for uneven floors.

The storage of the 30cm units pulls out as the door opens, whereas the 60cm units have hinged cabinet doors so the storage doesn't automatically pull out.

Appliance housing*

All built-in and built-under appliances need to be installed into base or larder cabinets. Use the following examples to create a combination of appliances to suit your dream kitchen.

Base 87cm height

All heights are set to work with standard 87cm base cabinets.**

Built-under single oven options

Uses a single oven with full 11.5cm panel underneath that can be used as a drawer.

Alternative oven housing option to accommodate thin worktops and hobs with a larger depth above an oven.

Built-under double oven

Built-under double oven does not require a cabinet.

Integrated appliances and Belfast sink

Slimline 45cm dishwasher uses 50cm door. Fitting kit required.

A Belfast sink uses a Belfast sink cabinet and a 45.3cm high x 59.7cm wide door.

An integrated appliance uses a 71.5cm high x 59.7cm wide full height door.

Standard 216cm height**

Single ovens

Cabinet combinations to fit every kitchen

There are cabinet options for every space and all the essentials. Create the perfect combination to really get the most out of your kitchen.

Remember

Our larders with cornice/pelmet and pelmet detailing are taller, so check to see if you have the height in your room to fit these.

Other height combinations (including 15cm plinth)

Gas and electrical regulations

CE marking on a product is a manufacturers declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

Choosing an RECI (Registered Electric Contractor Ireland) is a householder's best way to ensure a safe job. All REC's are required to have in place insurance cover and are required to certify all electric work completed by them. Any gas work must be carried out by a registered gas installer.

Minimum height 216cm
Standard larder, including 15cm plinth, without cornice or pelmet

Remember

- Hobs should have a minimum of 30cm work surface either side. (Ideally 40cm either side of an electric hob and 50cm either side of a gas hob.)
- Ovens shouldn't be located near entrances or where there is through traffic.
- Electrical sockets can't be fitted within 30cm of a sink.
- Ovens should be separated from adjacent walls or end panels by at least 30cm.
- Gas hobs can't be fitted within 30cm of any window and electric hobs within 5cm.

Doors

On the following pages, you'll see the kitchen doors available for some of our ranges.

Glass doors

Showcase your best crockery with glass doors.

Garcinia

Garcinia gloss anthracite integrated handle doors (see p.18), also available in gloss white and gloss light grey.

Visit diy.com/diy/ireland

Garcinia gloss door range provides a sleek modern look, while the integrated handles create a streamlined profile that is truly contemporary.

- **Post-formed door technology**

The foil is applied on the front surface of the panel and on two parallel vertical sides. The panel is then cut and the two raw parallel sides (left and right) are edge-banded. The back of the door is finished in a melamine foil.

- 1.9cm door thickness
- Gloss finish.

*Home delivery only. **Prices for end panels includes two end panels and a back panel (for standard larder / appliance end panel or tall larder / appliance end panel).

***All clad ons are made oversized so that they can be trimmed and scribed to the wall to allow them to fit neatly against any uneven walls for a perfect fit.

Glass door and drawerline door images for this range are shown on page 17. **Selected products are available for home delivery to selected locations, restrictions apply.**

Delivery charges may apply. For full details please see diy.com/diy/ireland/customer-support.

Alisma*

High gloss grey slab

The glossiest range in the collection, Alisma's design is lacquered to reflect light and adds a glass-like finish.

- **Lacquered door technology**

Lacquer is applied to the door panel to create the depth, consistency and brilliance of colour. It is also a more durable finish compared to other door technologies. The back of the door is finished in a melamine foil.

- 1.8cm door thickness
- High gloss finish.

Pasilla*

Matt white thin frame slab

Buy now,
pay later with

hummm®

now at B&Q

Visit diy.com/diy/ireland

The Pasilla range has a slimmed-down thin profile with unique frame detailing, perfect for modern kitchens.

- Pressed door technology

The foil is applied to the surface and on all four sides at the same time by being pressed onto the panel. The back of the door is finished in a melamine foil.

- 2cm door thickness
- Matt finish
- Covered in a material made from recycled plastic bottles.

*Home delivery only. **Prices for end panels includes two end panels and a back panel (for standard larder / appliance end panel or tall larder / appliance end panel).

***All clad ons are made oversized so that they can be trimmed and scribed to the wall to allow them to fit neatly against any uneven walls for a perfect fit.

Glass door and drawerline door images for this range are shown on page 17. **Selected products are available for home delivery to selected locations, restrictions apply.** Delivery charges may apply. For full details please see diy.com/diy/ireland/customer-support.

Stevia

Matt pewter grey slab

For a free planning appointment visit
diy.com/diy/ireland

Stevia gloss doors will make even the smallest spaces feel a little bit larger – the finish also makes it easy to wipe away any spills or splashes.

- Post-formed door technology

The foil is applied on the front surface of the panel and on two parallel vertical sides. The panel is then cut and the two raw parallel sides (top and bottom) are edge-banded. The back of the door is finished in a melamine foil.

- 1.8cm door thickness
- Gloss finish.

Chia*

Light oak effect slab

Ideal for adding subtle warmth and texture. Designed with an oak-like pattern, it is a contemporary yet welcoming choice for modern kitchens.

- Post-formed door technology

The foil is applied on the front surface of the panel and on two parallel vertical sides. The panel is then cut and the two raw parallel sides (top and bottom) are edge-banded. The back of the door is finished in the same material.

- 1.8cm door thickness
- Matt wood effect finish.

Visit diy.com/diy/ireland

Perfect for creating a fuss-free, contemporary space. The matt finish of the doors creates a smooth, uniform look in any light.

- Cut and edged door technology

The foil is applied on the front surface of the panel. The panel is then cut and the four edges are edge-banded. The back of the door is finished in the same material.

- 1.6cm door thickness
- Matt finish.

*Home delivery only. **Prices for end panels includes two end panels and a back panel (for standard larder / appliance end panel or tall larder / appliance end panel).

***All clad ons are made oversized so that they can be trimmed and scribed to the wall to allow them to fit neatly against any uneven walls for a perfect fit.

Glass door and drawerline door images for this range are shown on page 17. **Selected products are available for home delivery to selected locations, restrictions apply.**

Delivery charges may apply. For full details please see diy.com/diy/ireland/customer-support.

Verbena*

Natural oak shaker

For a free planning appointment visit
diy.com/diy/ireland

Even if your house isn't traditional, the right kitchen can add character and warmth. Made from solid timber, the Verbena range is built to last.

Matt cashmere painted natural ash shaker

- Solid timber door frames with a veneered centre panel
 Door frames are made from Ash whilst the centre panel is made from a veneer on chipboard. The door is then painted to create the colour and allows the natural grain to show through.
- 2cm door thickness
- Painted ash finish.

Natural oak shaker

- Solid timber door frames with a veneered centre panel
 The door frame is made from oak whilst the centre panel is oak veneer on chipboard. The finish is natural oak.
- 2cm door thickness
- Natural oak finish.

Artemisia*

Matt midnight blue classic shaker

The Artemisia range has a modern matt finish, so it'll maintain the same uniformed look from every angle.

Matt white moulded curve door

- Pressed door technology
- White moulded curve door
- 2cm door thickness
- Matt finish
- Covered in a material made from recycled plastic bottles.

Matt white, midnight blue and matt graphite classic shaker doors

- Pressed door technology
- The foil is applied to the surface and on all four sides at the same time by being pressed onto the panel. The back of the door is finished in a melamine foil.
- 1.8cm door thickness
- Matt finish.

†For full details of each drawer front type please refer to diycom

Home delivery only. *Prices for end panels includes two end panels and a back panel (for standard larder / appliance end panel or tall larder / appliance end panel).

**All clad ons are made oversized so that they can be trimmed and scribed to the wall to allow them to fit neatly against any uneven walls for a perfect fit.

Glass door and drawerline door images for this range are shown on page 17. **Selected products are available for home delivery to selected locations, restrictions apply.**

Delivery charges may apply. For full details please see diycom/diy/Ireland/customer-support.

Alpinia*

Matt green painted wood effect shaker

The shaker-style Alpinia range combines neutral tones with a wooden effect, adding texture and creating a sense of space.

- **Wrapped door technology**

Foil is applied to the surface of the panel, on two parallel sides but also on the back of the panel for a totally wrapped finish. The foil is applied on both the front and back of the centre panel.

- **1.8cm door thickness.**

Worktops and splashbacks

Beautifully crafted worktops are the ultimate finishing touches in any kitchen. From laminate to solid wood and granite, we've got options to suit all lifestyles and budgets.

Bespoke

Create your own and choose from edges, splashbacks, upstands and undermount sinks.

Solid surface

Available in a choice of wood or stone effect. They are 100% water resistant making them great for use with undermount sinks.

Solid wood

If cared for, solid wood is a striking choice that adds natural warmth in a kitchen.

Laminate

A popular and affordable choice with a wide choice of designs and profiles.

Splashwall back panels

Elegant panels in a wide range of colours and designs that can quickly and easily transform the look of your kitchen.

Splashbacks

Protect walls behind hobs from splashes with a glass or stainless steel splashback.

Bespoke worktops

For the ultimate luxury kitchen worktop, have one custom made. Having a worktop made to measure means you don't have to compromise on style, size, or placement. What's more, a professional fitter will install it for you. To find out more speak to one of our team in store.

Template & installation explained

Design & planning

Your kitchen can be planned using our Spaces design tool, which will generate an initial estimated cost. A final price is confirmed once a specialist has visited and measured your kitchen.

Digital template

After your cabinets have been installed, a specialist will take a digital template of the worktop area. Your bespoke solid surface worktop will then be made while fitters complete your kitchen installation.

Installation

Your worktop will be installed approximately seven days (or 14 for a solid surface worktop) after the design of your digital template.

Bespoke granite worktops

Natural stone granite worktops are resistant to everyday wear and tear. As a natural material, the colours and patterns of each piece will vary,

Bespoke quartz worktops

Silestone quartz is an engineered stone manufactured from 94% natural quartz crystals and 6% colour pigments and resin.

Highly stain resistant

Silestone is a low porosity surface, with near zero liquid absorption which helps it maintain the same beauty as the first day it was installed.

Highly acid resistant

Quartz is one of the hardest minerals. This makes Silestone highly resilient against external aggressors.

Highly scratch resistant

Given the natural strength from quartz, Silestone demonstrates an exceptional resistance against scratches.

Shock resistant

Silestone resists impact better than other materials on the market, such as granite or solid surface.

Bespoke Dekton worktops

Dekton is an ultracompact material made using a unique process which simulates how natural stone is exposed to high pressure and temperature for thousands of years.

High tolerance to fire and heat

Dekton has excellent resistance to high temperatures without compromising on its aesthetics or features. Hot utensils, electrical appliances, pots and pans can all be placed directly on the surface without causing damage.

Highly scratch resistant

Domestic utensils will not scratch Dekton. However we do recommend using chopping boards to protect your utensils.

Profile options

Square-edge
profile

Ice and thaw resistant

The low coefficient of thermal expansion of Dekton makes it the perfect material even in the coldest, most extreme environments.

Highly stain resistant

Highly resilient surface, resisting both accidental stains from domestic use as well as from chemical agents. Even tough stains caused by wine, coffee, ink and rust can be easily cleaned.

Common household chemicals
such as bleach and oven cleaner
won't damage the surface.

Bespoke Hi-Macs worktops

Hi-Macs is a non-porous, dirt repellent and hygienic surface, when combined with Thermalcure technology, results in a surface quality that's great for working with food and everyday household chemicals.

Highly stain resistant

Hi-Macs is hard-wearing, extremely repellent to stains and is therefore very easy to look after.

Integrated sinks

A range of integrated sink options are available in white to form a seamless part of your worksurface. These sinks should not be used with boiling water taps.

Profile options

Square-edge profile

Easy to clean

Hi-Macs is a completely homogenous material. As it does not have any pore, you can simply and easily clean it with a damp cloth or sponge and a mild detergent.

Hygienic

The non-porous properties of this material makes it impermeable to viruses, dirt, chemicals and bacteria.

Upstand options

Square upstand

Coved upstand

Hi-Macs MyWorktop

HI-MACS **MyWorktop®**

HI-MACS MyWorktop® solid surface worktops have a smart finish that resembles natural stone. They're expertly designed to create a smooth, non-porous and stain-resistant surface. For an even seamless profile, colour-matched adhesive can be applied and polished to create seamless joins.

Solid wood

Solid wood gives a warm, natural look and feel to your kitchen. Our solid wood worktops come pre-oiled, which means they can be cut or curved and are easy to sand and seal. With the right care and maintenance, these worktops will stay looking great for years to come. Made from responsibly sourced wood.

Solid wood worktop care explained

Prepare

Wearing protective gloves throughout the process, lightly sand the work surface – we recommend 120 grit sandpaper. Vacuum any dust shavings and then mix the cleanser (included in the kit) with water to clean the surface.

Treat

When the surface is completely dry, use a clean paintbrush to apply the oil evenly – leave for 30 minutes. Buff the surface with the soft white pad (included in the kit) and wipe off any excess oil with a lint-free cloth. Leave to dry for at least an hour.

Finish

Stir the oil and apply another even coat. Sand in wet oil with the 280–400 grit black sanding pad (included in the kit). Wipe off any excess oil with a lint-free cloth.

Aftercare

The surface is ready for light use after 24 hours. The oil will continue to harden over the next week, so use the surface lightly during this time. Any spilled liquids should be wiped up immediately to avoid watermarks.

Sinks

We've got a range of modern and traditional sinks to suit any kitchen style. When choosing yours, it's worth considering the benefits of different materials and what's best for your space. All of our sinks come with a 15 year guarantee*.

Sink types explained

Stainless steel

Affordable and practical.

Linen stainless steel

A higher scratch resistance than standard stainless steel.

Resin

A thin, man-made material designed to resemble composite quartz.

Toughened glass

Perfect for making a statement.

Composite quartz

Made using real quartz for a solid and robust profile.

Ceramic

Stylish profile with a silk-like finish. Easy to wipe down without leaving stains.

Sink features

Look for these icons to help you choose the right sink or for more information, head to diy.com/kitchensinks

Heat
resistant

Scratch
resistant

Extra
wide

Extra
deep

Linen stainless steel

With all the benefits of standard stainless steel, but with a textured surface. Linen stainless steel sinks aren't scratch resistant, but do hide imperfections well.

Remember

Avoid using any abrasive chemicals for cleaning. To remove stubborn stains, use a mild non-scratch formula cleanser and rinse well. Hard water may also cause staining, so dry your sink after use to avoid any marks.

Taps

Taps aren't just functional; they're stylish additions too. Think about which style complements the look of your kitchen. All Cooke & Lewis and GoodHome taps come with a 10 year guarantee. Franke and Grohe taps have a 5 year manufacturer's guarantee*.

Tap styles explained

We have U or F-shaped taps available with top or side levers. Spring neck and pull-out options are great if your sink is frequently used for cleaning large pots and pans.

F-shaped

U-shaped

Pull out

Spring necked

Controlling water temperature

Single levers make it easy to control the water flow and temperature, while twin levers allow you to mix hot and cold water separately.

GoodHome kitchen taps

Designed exclusively by our in-house design team, our GoodHome taps offer high-quality components with water-saving features at an affordable price.

All our GoodHome taps are fitted with a 35mm cartridge which is rigorously tested. It's easy to replace when needed.

Our GoodHome taps come with a fitting tool, making them easier to install.

The rubber spouts* on our taps can be rubbed clean to remove limescale build-up.

*Not applicable on spring neck taps

Our GoodHome taps are made from high-quality materials. All major touchpoints are metal.

All taps have been heavily tested for peace of mind, and come with a 10 year guarantee.

BRISTAN

10
YEAR
GUARANTEE*

Bristan is the UK's number 1 taps and shower company

For over 40 years, Bristan has been creating products that help make the everyday easier, safer and more efficient. Designed and engineered in Britain, we pour our heart and soul into creating styles and collections that perform as good as they look. As a result, you'll find our products right at home within 1 in 5 British households.

Easyfit

Our unique Easyfit system makes tap installation and replacement a dream. Available in contemporary and traditional styles, it's never been easier to keep your kitchen right on trend.

To see the full range please visit your local store.

*Some exclusions apply. See Bristan.com for full details.

Appliances

Appliances make a kitchen come to life. From ovens to fridges, hobs to dishwashers, complete your kitchen with a range of amazing appliances complete with the latest technology.

Ovens

Transform your kitchen with our wide range of ovens. Or choose a range cooker in both traditional and contemporary styles.

Hobs

Choose from a variety of fuel types, styles, and sizes to suit your needs.

Hoods

Cooker hoods help keep your kitchen clean and free of odours while cooking.

Fridges & freezers

Choose from a variety of styles and sizes to suit your space. Store your bottles at the optimum temperature with a wine cooler.

Dishwashers

Save time on washing up with an energy-efficient dishwasher.

Laundry

Tackle your laundry with ease with our washing and drying range.

New energy efficiency rating for appliances

What's new?

First introduced 20 years ago, energy labels awarded a product with an A for high efficiency, or an F for low efficiency and encouraged manufacturers to develop more energy-efficient technologies.

Over time, products became more efficient and labels of A+, A++ and A+++ were added. In recent years, the EU agreed clearer energy efficiency labelling rules, so moved from the current scale to an A to G energy scale to make energy labels more understandable and help you make better informed purchasing choices.

What's included?

Dishwashers

Washing machines

Washer dryers

Fridges and freezers

(including wine coolers)

What happens now?

New labels will be visible in stores and online as of 1 March 2021. Old and new labels may both appear in your box. A new element in these labels is a QR code which will provide additional information. The new regulations apply across all European member states and Northern Ireland, and Great Britain is implementing similar requirements.

Energy efficiency labels

Dishwashers, washing machines, washer dryers, fridges and freezers have been rescaled since 1 March 2021. Other product groups carrying EU energy labels will follow in the coming years. These symbols tell you how energy-efficient each appliance is, with 'A' being the most efficient and 'G' being the least.

Current labels

New labels (from March 1st 2021)

Republic of Ireland and Northern Ireland

Great Britain

Ovens

Oven types explained

Fan ovens

Also known as a convection oven, these speed up your cooking time by circulating heat, so they get hotter, quicker.

Multifunction ovens

Multifunction ovens feature a variety of different cooking functions, including fan and conventional cooking.

Pyrolytic ovens

Pyrolytic ovens include a self-cleaning function that heats the oven up to a high temperature, burning off grime and food residues. This can then be wiped away when the oven has cooled down.

Neff Slide&Hide® ovens

The ideal choice for space-saving kitchens with big ideas. The innovative oven door slides and hides to fit smoothly under the cavity.

Compact oven microwaves

A quicker and convenient way to cook, a compact oven microwave has grill and automatic programmes.

Built-under ovens

These are best suited for a tall appliance cabinet or under a worktop.

Eye-level double ovens

Double ovens provide more cooking capacity and flexibility. They're usually positioned in a tall appliance cabinet at eye-level.

Oven microwaves

A full-sized single oven with built-in microwave. This has presets to save familiar meals and multiple automatic programmes.

**BOSCH**

Invented for life

Design & Innovation

Create seamless lines in your kitchen with our Serie 4 range by combining a single oven together with one of our compact appliances and warming drawers.

Our heritage

Here at Bosch, we've been creating home appliances for over 85 years. Each one has been made to perform consistently throughout their entire life cycle, feeling new even years down the line.

Peace of mind

Trust Bosch customer service to help you throughout the lifetime of your appliance. Giving you the level of service you expect from Bosch.

Delicious meals every time

Whatever kind of cook you are, Bosch cooking appliances are designed to be easy-to-use and reliable. They come with features designed to help you deliver delicious meals time after time. Also, the range of appliances allow you to choose the right products to fit the space in your kitchen.

Hobs

Hob types explained

Ceramic

Streamlined in appearance, the ceramic glass surface is durable and heat resistant as well as being practical and easy to clean.

Induction

These types of hobs require pans with a magnetisable (iron or stainless steel) base. Induction hobs only heat the pans and not the surface, saving energy and keeping the rest of the surface cool. Plug&Play hobs come with a 13AMP plug so you can easily plug and get cooking.

Gas

Easy to control, energy-efficient and quick to heat up, they're the choice of many professional cooks. You can get them with up to six burners – and some have wok burners too.

Smart hobs

Our Bamia hobs have been designed to be clever and energy-efficient. Place a pan on the hob and touch the interface to automatically warm your pan, or pause your cooking to allow for any distractions with one button. Smart technology intuitively and automatically controls the extraction of GoodHome Bamia hoods for your convenience.

Ceramic hobs

Ceramic glass surfaces are durable and heat resistant, as well as being practical and easy to clean.

Hoods

Do I need a recirculating or vented hood?

Recirculating hoods

The air is passed through a grease filter to remove the grease and the odours are absorbed using a carbon filter.

Benefit – easy installation and the hood can be placed anywhere.

Vented hoods

Vapours are passed through a grease filter to remove the grease and the filtered air is conveyed to the outside via ducting and a wall vent.

Benefit – high airflow rate and the hood does not require a carbon filter.

What size should a cooker hood be?

Your cooker hood should be either equal to or bigger than the width of the hob.

Fridges & freezers

Upgrade your fridge freezer with a frost-free style that prevents build up – this means you won't have to defrost it as regularly.

Fridge freezers explained

Active blue light

Protects vitamin C content, so your fruit and vegetables stay fresher and more nutritious for longer.

FreshSafe

Keeps food fresh longer.

HarvestFresh™

3 colour light technology to cleverly mimic the 24-hour sun cycle. This preserves vitamins in fruits and vegetables for longer.

SuperCool and SuperFreeze

Lowers temperature for a short period so anything new in the fridge or freezer is chilled or frozen quickly.

Multi Airflow

Even air distribution for longer freshness.

VarioZone

Features variable-use glass shelves and drawers in the freezer compartment.

Remember

If you want to save time in the kitchen a dishwasher is an ideal solution. A dishwasher makes it easy to get all your pots, pans, plates and cutlery clean with little fuss. Where space is tight, don't compromise, choose a compact dishwasher instead.

Dryers explained

Condensing

Condenser tumble dryers store the water in a container and can be placed anywhere in your home.

Heat pump

Heat pump tumble dryers gather water in a tank like a condenser dryer, but recycle the hot air inside the drum. This contributes towards lower energy consumption.

Vented

Vented tumble dryers use a hose to pump out moisture, so they need ventilation installed.

Freestanding tumble dryers

CANDY

Freestanding vented tumble dryer

Follow us

Prices correct as of 19 August 2021. Prices and availability may have changed since the publication of this brochure. Customers are advised to check current prices and availability in store before purchasing.

Helping you shop

Here at B&Q we want to make shopping with us simple. From ordering to delivery, we're here to help you create a home you love. For our full terms and conditions, please visit our website at diy.com/diy/ireland. Your statutory rights are not affected.

Ordering & delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations, restrictions and delivery charges may apply. See in store for further details. Delivery times vary depending on the product. When placing an order in store please ask. See page 163 for details.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges apply.

New

Ordering and delivery FAQs

Will all of my home delivered items arrive together?

Items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you checkout and in your confirmation email.

When will my home delivery order arrive?

We'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries may be made between 8am and 6pm.

About our products

All products are subject to availability.

All prices are correct at time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation.

A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Doing your bit

Waste Electrical and Electronic Equipment (WEEE) and waste batteries must never be placed in any of your household wheellie bins. WEEE is taken back free of charge at electrical retail outlets on a one-on-one like-for-like basis. There is a container for small waste batteries in your local store. Local authority civic amenity facilities also take back WEEE and waste batteries free of charge. WEEE and waste battery recycling is free.

Finance

Minimum spend of €250 is required, see <https://www.diy.com/diy/ireland/humm-finance> for more details. Subject to credit assessment and approval, standard fees may apply. Finance provided by FlexiFi Europe Limited. See humm.ie for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected.

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

You can return your items by:

In the first instance, return via home delivery.

Contact us on 1800 946327.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.co.uk

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

Alternatively, return the product to your local B&Q store.

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

GoodHome 25 year kitchen guarantee

Guaranteed for 25 years from date of purchase.

Covers: GoodHome kitchen cabinets, door and drawer fronts, cabinet panels, cornice, pelmet, plinths, hinges, worktops and drawers.

Excludes: kitchen appliances, taps, sinks, internal and external kitchen storage, bins, cabinet accessories, handles, under cabinet lighting, cabinet hanging brackets. See diy.com/customer-support/policies/terms for full guarantee T&Cs.

Contacts

If you would like to leave feedback about your experience in our stores please let us know.
