Your **six step** guide

1 Your kitchen is ordered

- You should now have your kitchen order confirmation and been taken through it in detail by your Showroom Advisor.
- We'll have agreed your week commencing delivery date and explained that your exact delivery date will be confirmed nearer the time by our carrier, DHL.
- We'll have made sure that we've got your mobile number and email address, so we can keep you updated.

Tip: Make sure you've left around 2-4 days between delivery and the date your fitter is booked in, to check you have everything you need.

2 Preparing your space

Before you remove your old kitchen, why not cook some simple meals that can be warmed in the microwave? It might make things a bit easier whilst your kitchen is being installed.

3 Get ready for your delivery

Did you know? A large kitchen could take up as much as two car park spaces. Make sure you have the space to store your kitchen delivery.

- If you'd like to make any changes to your items or need to change your delivery date, just get in touch on **1800 818 950**. We can make changes to your order up to five days before delivery.
- You'll receive a text reminder from DHL two weeks and one day before your delivery date.
- Don't forget someone (aged 18 or over) will need to be at home to sign for the delivery.

Tip: Don't start ripping out your cabinets until you've received your order in full.

4 Day before your delivery

We'll send you a text reminding you your delivery is arriving. All deliveries are made between 8am and 4pm.
