Energy efficiency rating for appliances

First introduced over 20 years ago, energy labels awarded products with an A for high efficiency or an F for low efficiency, encouraging manufacturers to develop more energy-efficient technologies. As products became more efficient, labels of A+, A++ and A+++ were added.

In recent years, the EU agreed to clearer energy efficiency labelling rules, so moved from the current scale to an A to G energy scale. These symbols tell you how energy-efficient each appliance is, with 'A' being the most efficient and 'G' being the least.

The new regulations apply across all European member states and Northern Ireland, and Great Britain have implemented similar requirements. These updated labels have been visible in stores and online since 1 March 2021. A new element in these labels is a QR code, which provides additional information.

Old labels

Current labels (from 1 March 2021)

Republic of Ireland and Northern Ireland

Great Britain

Good to know

Stacking your appliances can save valuable worktop space. Ovens, compact ovens, microwaves, warming drawers and even coffee machines can be fitted together in our appliance housing cabinets.

For more ideas and inspiration
visit diy.com/appliances

Cooking

From ovens and hobs to microwaves and coffee machines, elevate your mealtimes with our range of high quality cooking appliances.

Cooking appliance colours and materials

Please refer to the product listings for your chosen appliance for colour availability.

Fan & multifunction ovens 8

Cook your food quickly and evenly with a classic fan oven, or opt for a multifunction oven for total versatility.

Pyrolytic ovens 10

Save cleaning time with pyrolytic ovens, engineered with a self-cleaning function that burns away grease and grime.

Double ovens 16

Ideal for Sunday roasts and family dinners, double ovens give you the space and flexibility to cook multiple dishes simultaneously.

Compact oven microwaves 18

Perfect for busy households, compact oven microwaves give you the freedom to cook meals in a flash.

Microwaves 20

Microwaves are a quick and easy way to heat up and defrost food, with a compact design that lets them fit in even the smallest kitchens.

Warming drawers & coffee machines 23

Upgrade your morning with the perfect coffee, and keep plates warm with a handy warming drawer.

Range cookers 24

Create a focal point in your kitchen with a spacious range oven. These versatile styles include multiple ovens, a grill and a hob, ready for even the biggest feasts.

Hobs 32

Find the perfect hob for your kitchen space, with a range of gas, induction and ceramic styles.

Hoods 40

Keep your kitchen clear with our range of cooker hoods, designed to filter our smoke and steam while you're cooking.

Fan and multifunction ovens

Fine-tune your cooking with our fan and multifunction ovens, complete with a range of intelligent features to make dinnertime easier.

Slide&Hide® single ovens

With NEFF's innovative Slide&Hide® ovens, you can slide your oven door out of the way in a single move, giving you more room to check on your food.

Features explained

CircoTherm®

A unique hot air system for even, simultaneous cooking across all three oven levels.

VarioSteam®

Steam assistance that keeps food moist on the inside and crisp on the outside.

EcoClean Direct

An energy saving cleaning aid.

Pyrolytic ovens

A self-cleaning feature that burns away grime.

Range cookers

Whether you want a traditional style or the clean, sophisticated lines of something a little more contemporary, a Rangemaster range cooker will become the cornerstone of your kitchen. Distinctive, efficient, highly versatile and made to exacting standards, every Rangemaster is designed to make cooking a pleasure, not a chore.

Black Slate Stainless steel Cream

Rangemaster explained

Classic range cookers

The Classic collection of range cookers combines smart bevelled doors with elegant arched glass windows and a handy towel rail for keeping tea towels and oven gloves within easy reach. Available in a choice of widths, fuels and colours.

Professional Deluxe range cookers

Take your cooking to a new level with the contemporary styling of the Professional Deluxe, available in sleek black, stainless and slate grey finishes. The 110cm models include a dedicated proving drawer.

Professional + range cookers

If you're a serious cook, you need a serious cooker. Professional + range cookers have two spacious ovens and a separate grill compartment with a glide-out-grill system. They have sleek modern lines and contemporary good looks.

Cooker hoods

Classic

Reduce grease and odours in your kitchen with a traditional chimney hood. Featuring easy slide controls and two halogen bulbs.

Flat

Complete your look with a stylish flat hood, featuring LED lighting and front mounted touch controls.

Hobs

Hob types explained

Ceramic

Fitted with a durable and heat-resistant ceramic glass surface, these hobs use electric heating elements to quickly heat up the different cooking zones.

Induction

Instead of heating up the hob surface, induction hobs only heat up your pans, ensuring quick, energy-efficient and incredibly safe cooking. These hobs require pans with a magnetisable base.

Gas

Gas hobs are energy efficient, quick to heat up and easy to control, making them a popular choice for both professional cooks and everyday kitchens.

Hob-to-hood connection

Our GoodHome hobs feature hob-to-hood connection that automatically controls the extraction rate of GoodHome hoods.

Ceramic hobs

With a heat-resistant ceramic glass surface, these durable hobs are practical and easy to clean.

Induction hobs

These hobs rapidly heat using induction technology, heating the pan rather than the surface. They require pans with a magnetisable base, such as iron or stainless steel.

Hoods

Do I need a recirculating or vented hood?

Recirculating hoods

The air is passed through a grease filter to remove the grease and the odours are absorbed using a carbon filter.

Benefit – easy installation and the hood can be placed anywhere.

Vented hoods

Vapours are passed through a grease filter to remove the grease and the filtered air is conveyed to the outside via ducting and a wall vent.

Benefit – high airflow rate and the hood does not require a carbon filter.

What size should a cooker hood be?

Your cooker hood should be either equal to or bigger than the width of the hob.

Fridge and freezer colours and materials

Please refer to the product listings for your chosen range for colour availability.

Fridges and freezers

Keep your food fresher for longer with innovative features like HarvestFresh™, even air distribution and frost-free designs.

Fridge freezer features explained

FreshSafe

Keeps food fresh longer.

NeoFrost™ Dual Cooling

Separate cooling systems for each compartment maintain ideal air flow and optimal temperatures with a high level of humidity in both the freezer and the fridge.

HarvestFresh™

Three colour light technology to cleverly mimic the 24-hour sun cycle. This preserves vitamins in fruits and vegetables for longer.

SuperCool and SuperFreeze

Lowers temperature for a short period so anything new in the fridge or freezer is chilled or frozen quickly.

Multi Airflow

Even air distribution for longer freshness.

VarioZone

Features variable-use glass shelves and drawers in the freezer compartment.

70/30 fridge freezers

Inspired by nature, powered by light

HARVESTfresh™

Innovative 3 colour light technology cleverly mimics the natural 24 hour sun cycle to preserve vitamins for longer*.

HarvestFresh™ technology available on selected models at B&Q.

* Tested by Intertek. Based on Vitamin C and Vitamin A measurements in tomatoes, green peppers, carrots, spinach and celery directly exposed to the light technology compared with Day 0 conditions over a 5-day period.

Built-in tumble dryers

Features explained

Condensing

Condenser tumble dryers store water in a container and can be placed anywhere in your home.

Heat pump

Heat pump tumble dryers gather water in a tank like a condenser dryer, but recycle the hot air inside the drum. This contributes towards lower energy consumption.

Wi-Fi built-in heat pump dryer

16 programmes.
 Aquavision in-door water container.
 Total Care technology – programmes to look after all your delicate fabrics.

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations, restrictions apply. Delivery charges may apply. See diy.com/customer-support/delivery for further details. When buying at diy.com we'll tell you the delivery time during the checkout. If ordering in store please ask.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering & delivery FAQs

Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries may be made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see www.diy.com/click-collect for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page on diy.com/click-collect

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Finance

Open a FlexiPlan credit account and use it for everything you need from B&Q for your home improvement projects when you spend £75 or more. There's one application, one credit limit, and multiple repayment options. Please see diy.com/flexiplan for more information or speak to a colleague in store. Credit available on purchases between £75 - £25000. **17.9% APR representative.** Interest free options available on purchases over £1,000. Terms and conditions apply. Availability of credit is subject to status. **B&Q Limited acts as a credit broker and not as a lender and offers credit products from more than one lender. The credit advertised here is provided by Creation Consumer Finance Ltd.**

Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit diy.com for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.com

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.co.uk

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

Contacts

If you would like to leave feedback about your experience in our stores please let us know.

GoodHome is our product brand. It is a seal of quality, innovation and excellence and a number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
