Style and inspiration

From pale neutrals to blue depths, explore a selection of beautiful bathroom styles, as chosen by our interior design experts.

Pale neutrals

Take neutrals back to barely-there beige tones, working against natural materials like these stone-effect tiles. Inject colour only in small doses, instead focusing on building up the neutral tones to bring depth to your space.

Light and bright

Perfect for smaller bathrooms, these neutral walls and cabinets help make spaces feel more bright and open.

Classic retro

Retro and vintage styles are great for creating a distinctive, statement look in your bathroom. Darker wood furniture is key here, paired with warm or matt metals for a contemporary feel with a high-end appearance.

Create contrast

Contrasting light colours with dark features, like this matt black towel warmer, will help bring your décor to life.

Warm sanctuary

Bring the relaxing feeling of nature inside with this warming colour harmony. Inspired by the outdoors, this style combines deep rich greens with warm woods, metals and cool ceramic textures to create a true sanctuary.

Dry tactility

Create a warm, cosy space with these sun-bleached hues and natural materials. Sand-coloured features and deep, saturated botanical tones will give your bathroom a nurturing, tactile feel.

Different hues

A black worktop and tap can help offset white units, while bronze accessories and leafy plants will complement the room's sandy tones.

Blue depths

Bathrooms are a great place to harness the universal appeal of blues. Combine soft blues with darker tones and a hint of verdigris in colour-blocked or tonal designs, creating a consistent theme across your space.

Blocks of colour

Deep blue units and a busy floor design work to create impact alongside this room's low-key walls.

Make the most of your space

When designing your bathroom, it's important to think about the kind of space you have, and how many people will be using it. Here's a look at the four most common types of bathrooms to help you get started.

For more ideas and inspiration visit diy.com/bathrooms

Cloakroom

Cloakrooms are all about maximising space. Keep as much space free as possible by choosing a compact basin and a back to wall or wall-hung toilet, and opt for a light colour scheme to keep it feeling bright and airy.

En suite

En suites are often smaller than main bathrooms, so it's important to make the most of your available space. A shower enclosure can be a great way to save space here, and can even act as a statement piece in your overall décor.

Wetroom

With tiled walls and floors, wetrooms are a stylish way to create a multi-purpose bathroom. Without the need for bulky shower units, they're a great option for smaller bathrooms. They're also fully accessible, making them ideal for people with limited mobility.

Family bathroom

Family bathrooms are usually the biggest bathroom in the house, so there's often more space to get creative with things like statement baths and bold tiles. It's also a good place to add storage, such as cabinets and open shelving.

Furniture

Bathroom furniture is a great way to showcase your personality and style. Explore a wide range of vanity units, then customise them to your taste with complementing worktops, basins, cabinets and mirrors.

Modular furniture	26
Fitted furniture	44
Freestanding furniture	54
Worktops and basins	30
Cabinets	70
Mirrors	75

Modular furniture

Easy to personalise and assemble, modular furniture can be adapted to fit into all sorts of spaces. Mix and match with doors that hide toiletries and shelves for things you want to show. Plus, find stylish basins to complement our vanity units.

Fitted furniture

Fitted together as a set, these units can be attached to the floor and wall, making smart use of every inch. Pipework can be hidden within cabinets to reduce visual clutter, while tall and shallow options make the most of small rooms.

Freestanding furniture

Freestanding furniture can be placed exactly where it's needed (and switched up when you want a room change). Organise your essentials with a mix of wall-mounted and floor-standing units, available in modern and traditional styles.

Worktops & basins

Finish your furniture with a complementing worktop, then find the perfect countertop or semi-recessed basin to match. Or, for a more seamless finish, skip the worktop and add a sleek vanity basin.

Cabinets

The perfect way to keep your bathroom tidy. As well as housing all your essentials, bathroom cabinets can also double as a mirror, or even as an additional light. For ultimate flexibility, choose a style with adjustable shelves.

Mirrors

Mirrors are a bathroom essential, but they can also act as a statement piece in your décor. From bold framed mirrors to warming illuminated styles, find the perfect mirror for your morning close-up.

Cloakroom toilets and basins	113

Toilet & basin suites

Find the perfect suite for your space. Explore our collection of wall-hung, back to wall and traditional close-coupled toilets, along with a wide range of complementary basins. Plus, discover compact cloakroom styles for those smaller spaces.

Cisterns, frames & flush plates

Designed for use with wall-hung toilets, cisterns and frames work to conceal water supply and waste and give your toilet a strong, sturdy foundation. Typically hidden behind a wall, these spacesaving systems give your bathroom a neat, streamlined look.

Bidets & trigger sprays

Providing hygienic aftercare, bidets are a great way to add a touch of European style to your bathroom suite. Choose from a range of wall-hung and back to wall bidets, along with a selection of handy trigger spray sets.

Cloakroom toilets & basins

Make the most out of smaller bathrooms with our range of cloakroom toilets and basins. Thanks to their compact design, these space-saving styles don't project too far from the wall, leaving plenty of space to move around.

Why choose a rimless design?

No recess for dirt, bacteria and germs to accumulate.

The flush forces water around the bowl, removing dirt thoroughly.

The exposed pan is easier to clean than standard rim toilets.

Toilets

Explore our range of comfort height toilets. Taller than standard styles, these raised toilets are easy and comfortable to use, particularly for those with reduced mobility.

Basins

Accessible basins usually come with either a semi-pedestal or no pedestal, allowing them to be fitted at the optimal height and leaving plenty of space for access.

Baths

Designed with reduced mobility in mind, our accessible baths come with additional safety features, including a non-slip base and a leakproof door for easy access.

Shower packs

Shower packs help make showers more accessible for a variety of users. Integrating into an existing shower space, these kits can include grab rails, detachable seats and easy-to-use showers.

Accessories

From raised toilet seats to shower chairs and grab rails. Evekare[™] accessories are designed to help people navigate the bathroom safely and independently.

Bathing

Whether it's a luxurious freestanding design or a combined shower bath style, baths are a relaxing addition to any bathroom. Choose from a wide range of shapes, styles and sizes to find the one that best suits your space.

Freestanding	126
Home spa systems	132
Space-saving	133
Shower baths	134
Double-ended	136
Straight	139

Freestanding

Freestanding baths give your bathroom a feeling of real luxury. They can be sleek and modern or have a more traditional feel, such as those with metal feet or a roll-top design.

Home spa systems

Create a spa experience at home by pairing one of our whirlpool-compatible baths with a relaxing home spa system.

Space-saving

For smaller spaces, discover our range of space-saving baths. Stylish and compact, these baths fit neatly into your bathroom without compromising on comfort.

Shower baths

Instead of having a separate shower enclosure and bath, these two-in-one units give you the best of both worlds, combining a large showering area and generous bathing space.

Double-ended

With two sloping sides and centrally located taps and waste, double-ended baths are often more spacious than other styles, giving you plenty of space to unwind.

Straight

Available in a range of lengths and widths, straight baths are the most common style of bath, suitable for almost any space.

Freestanding baths

Create a gorgeous focal point and a luxurious place to relax and unwind. Choose from a range of traditional roll-top baths and sleek modern styles to complement your sanctuary. **Home delivery only.**

Supercast baths

Supercast is a reinforcement process for acrylic baths that adds impressive heat retention. It mirrors the durability of traditional cast iron baths for a hot soak every time. Shop the full range at diy.com

Good to know

- Easy-to-clean with a highgloss finish
- Improved insulation helps keep water hotter for longer
- Durable and hard-wearing, supercast provides similar strength to a cast iron bath, but with the benefits of acrylic.

Taps

Although they might seem like a small part of your bathroom, taps form a key part of your overall décor. From versatile and modern mixers to standout freestanding styles, here's a closer look at the different types of bathroom taps.

Basin mixers and bath fillers

Basin and bath mixer taps blend hot and cold water, allowing you to control the temperature and flow of water through a single spout. Choose from a range of styles, including tall and mini basin mixers.

Bath shower mixers

These all-in-one taps mix hot and cold water, flowing out of either a mixer tap or integrated shower head. With no need for a separate shower, they're an easy way to add a showering option to your bath.

Basin and bath taps

With separate taps for hot and cold water, basin taps give a more traditional feel to your bathroom. Also available as bath taps, these styles often include cross heads for a truly classic look.

Freestanding taps

A perfect pairing for freestanding baths, these taps stand directly on the floor and can be positioned wherever there's an available water feed, creating a stunning focal point in your bathroom.

Showers

Create a relaxing showering experience with our range of electric, digital, mixer and power showers. Available in a selection of classic and contemporary finishes, there's a style to suit every bathroom.

Mixer showers	168
Digital showers	178
Electric showers	182
Power showers	187

Mixer showers

Affordable and easy to use, mixer showers take water from your hot and cold pipes, blending it together to create your desired temperature.

Digital showers

With a range of smart features, such as voice activation and customisable temperature presets, digital showers make it easy to create the perfect shower, every time.

Electric showers

Connecting to the mains cold water supply, these energyefficient showers draw water over an in-built heating element, giving you hot water on demand.

Power showers

Perfect for low pressure systems, power showers include a pump to boost your water pressure, creating a more luxurious experience.

Mixer showers

Blending water from your hot and cold pipes, mixer showers make it easy to find the perfect temperature. For a consistent showering experience, choose a thermostatic mixer shower, which won't change temperature when someone else runs a tap.

Aquadry concealed shower kits

Build your dream shower with Aquadry's Oria range, available in chrome, matt black and brushed bronze finishes. Shop the full range of concealed shower kits at diy.com **Home delivery only**.

Step 1: Select your thermostatic shower valve

- 1, 2 or 3 outlet options
- Thermostatic shower mixer
- Concealed design
- Brass body with easy-to-fit plate
- Recommended
 pressure 1.0-3.0 bar
- WRAS approved.

1 outlet Designed to be used when you have a single water outlet. Chrome finish 5055341700077 Matt black 5055341769159 Brushed bronze finish 5055341769036 £220

2 outlet

The diverter on this valve will allow you to switch between two water outlets: a fixed shower head and a handheld option.

Chrome finish 5055341700084 Matt black 5055341769166 Brushed bronze finish 5055341769043 **£250**

3 outlet

The diverter on this valve will allow you to switch between three water outlets: a fixed shower head, a handheld and a bath spout option. Chrome finish 5055341700091

5055341/00091 Matt black 5055341769173 Brushed bronze finish 5055341769050 **£280**

Step 2: Select your shower head option

Option 1 (for 1 outlet shower valves)

Create a statement with a large fixed shower head and a wall or ceiling arm.

Option 2 (for handheld shower head with wall holder)

Slimline design with a minimalist wall holder, recommended as a second outlet option in addition to a fixed head. For a third outlet, add a bath tap.

Option 3 (for handheld shower head with riser)

Can be used on its own with a 1 outlet valve or a fixed head if selecting a 2 or 3 outlet valve. The practical riser bar allows you to move the head up and down with ease.

Digital showers

Set your shower to perfect. Hit the ideal temperature and flow, then repeat. Options include Wi-Fi connectivity, voice activation and app controls. **Home delivery only.**

Why go digital?

- Digital thermostat gives
 instant temperature control
- Provides a steady, constant water flow
- Easy-to-control temperature settings can be stored for different family members
- Some models include the option of a wireless remote control
- High and low pressure options available to suit your plumbing system, without upgrading your boiler
- Non-pumped suits combi boilers with a high pressure system, whereas pumped suits all systems, providing extra pressure.

Water pressure

Gravity system

Features a cold water tank in the loft and a hot water cylinder in the airing cupboard. The greater the vertical distance between the tank and shower head, the better the performance.

High pressure system

Water is provided via a high pressure hot water cylinder (usually in an airing cupboard). An expansion tank is often visible on top of the cylinder.

Combination system

Often referred to as a 'combi', the boiler is usually located in the kitchen and fires up the moment a hot tap is switched on.

Wetrooms

Stylish, versatile and fully accessible, wetrooms give your bathroom a luxurious, spa-like feel. From trays and screens to waterproofing and accessories, our wetroom range has everything you need to create your dream bathroom.

Shower panels

Whether you're designing a wetroom or just creating a stunning feature wall, our stylish shower panels offer an affordable, fuss-free alternative to individual tiles, giving you a seamless finish for a fraction of the price.

Wetrooms

With an open-plan design, wetrooms are practical, spacious and incredibly stylish. From waterproofing your space to finding the perfect tiles and panels, discover everything you need to create your perfect wetroom. **Home delivery only.**

Why choose a wetroom?

- Features like a level-access tray are great for people with reduced mobility
- A larger floor space makes access easier
- Wall-to-ceiling tiling and an open layout create a spa-like feel
- With no separate enclosure, wetrooms are quick and easy to clean
- With no bulky shower or bath units, wetrooms can make small spaces feel more open.

1. Recessed storage unit

A convenient way to keep your shower essentials close to hand, available in a range of sizes.

2. Concealed valve shower

Offers a sleek and more premium feel to the bathroom, with less of the shower on display.

3. Drain

Choose either a linear or square drain. Linear drains can be customised with a drain cover.

4. Waterproofing

Ensure your wetroom is fully waterproof with our range of tileable wall and floor boards and sealing kits.

5. Wetroom screen

Available in a range of sizes, glass and frame options.

6. Wall panelling

A great way to offer a floor-to-ceiling seamless look, and is easy to clean too.

7. Wetroom tray

Level access tray, available to fully waterproof your bathroom.

Waterproofing your space

Create a fully waterproof space with our range of Aquadry backer boards and installation kits. Designed to sit behind your wall or floor tiles in place of timber or plasterboard, backer boards are an essential part of any wetroom design.

Aquadry wall and floor

backer board kits Kit contains tileable backer boards, waterproof joint tape, board fixings, screws and washers, and fixing adhesive.

Stylepanel laminate shower panels

Stylepanel's laminate panels are available in a range of stunning designs, each inspired by natural materials such as marble and stone. **Home delivery only.**

Square cut panels

Ideal for edges or for designs that only need a single panel, Stylepanel's square cut panels can be fitted together using Sureseal.

ProClick panels

Stylepanel's ProClick panels click together for a seamless finish, eliminating the need for joining trims. Perfect for covering large areas quickly and easily.

Sureseal

Used to seal the base of panels or to join square cut panels together, Sureseal gives panels a watertight, maintenance-free finish with no unsightly lines.

Splashwall[™] shower panels

Splashwall[™] panels are the ideal alternative to tiles, making it quick and easy to transform your bathroom. Panels can be fitted onto virtually any surface for a watertight finish. Choose from four product ranges, all backed by a 15-year guarantee.[†] Home delivery only.

What is a shower panel?

Shower panels are a simple and innovative way to transform your bathroom. Splashwall™ large format panels are typically 2420mm high and 1200mm wide.

Each panel is securely fitted to the wall using adhesive and creates a watertight finish using silicone sealant and trims (where necessary).

Unlike tiles, these panels don't require a specialist fitter and can be installed in a matter of hours. Plus, aftercare is minimal as there's no grout to keep clean. Panels can simply be wiped down with a non-abrasive cloth.

Postformed

Postformed panels give you a decorative finish on the end panel, meaning you don't need to trim to complete the panel edges.

Tongue and groove

Tongue and groove panels allow numerous panels to slot together along a wall to create a seamless finish.

- Wide choice of designs
- · Easy to clean
- Easily applied to bathroom walls
- Can be applied over existing tiles^{††}
- Requires limited prep and aftercare
- No grouting required.

¹Visit splashwall.co.uk/guarantee for Splashwall™ guarantee terms and conditions. Your legal rights are not affected. ¹¹To install Splashwall™ acrylic panels over tiles, you will need to apply a plywood or PDF board over the tiles first.

Splashwall[™] laminate shower panels

Influenced by natural materials, the Splashwall[™] laminate range has all the charm and beauty of the real thing. From marble and stone effects to unique pine styles, find the perfect design to complement your bathroom.

Bathroom lighting

Bathroom lighting must adhere to certain IP (ingress protection) ratings, which lay out the required level of protection against splashes and dirt. See below for the zone types and how water resistant a light fitting should be.

A 30mA RCD must be used. All new and modified electrical installations must comply with the latest IET Wiring Regulations (BS7671) and bathroom lighting products must be installed in accordance with local building regulations. If in doubt, contact a qualified electrician.

Bemis Ultra-Fix® Doesn't loosen!

The Professional Toilet Seat Fixing System

Bemis Ultra-Fix[®] is a patented hinge fixing system that will actually keep your toilet seat tight.

Finned bushing provides a snug fit and prevents movement.

Bemis Ultra-Fix[®] is easy to install

The one-piece plastic nut provides superior clamping force.

The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations. Restrictions apply. Delivery charges may apply. See diy.com or see in store for further details. When buying at diy.com we'll tell you the delivery time during the checkout. Please ask about delivery times when ordering in store.

Store delivery service

If you're not able to get your items home from store, why not use our store delivery service? This service enables you to have your items delivered to the ground floor room of your choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering and delivery FAQs

Will all of my home-delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

When will my home delivery order arrive?

For the majority of products on div.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries will be made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that in some stores your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see diy.com/click-collect for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page at diy.com/click-collect If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

The credit advertised here is provided by Creation Consumer Finance Ltd.**

Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&O store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit diy.com for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
