### Be smart with your space

When designing your dream kitchen, it's important to think about the kind of space you have, and how you and your family will use it. From where to place your most used appliances to maximising small spaces, here are some tips to help you make the most of your kitchen. When you're ready to get started, our free planning service is available to help you bring your ideas to life.

#### Utility rooms

Whether it's a functional laundry room or a stylish pantry, utility rooms are a great place to store all those extra essentials. Tuck your washing machine underneath a worktop, and combine cabinets and drawers with lots of open shelving to maximise your storage.

#### Small kitchens

Incorporate clever storage solutions, such as open shelving, pull-out bins and storage towers. Design elements like smooth lines, handleless doors and gloss finishes will also help make your space feel more open.

Medium kitchens

Utilise any high ceilings to create larder cabinets, and incorporate stylish features like wine racks. If you don't have space for a table, base cabinets can make a great island or breakfast bar.

#### Large kitchens

Consider breaking up the space with an island or breakfast bar, and contrast cabinets with features like open shelving or wine racks. It's also a good opportunity to incorporate colourful splashbacks and bold cabinets, adding balance to the open space.

## Choose your door style

From classic shaker-style to contemporary slab options, kitchen doors are a great way to showcase your style. Each effect is available in a wide range of colours and finishes, ready to be customised with a selection of compatible handles.

#### Shaker doors

Shaker-style doors consist of a four-piece frame with a recessed centre panel, giving the effect of a more traditional door style. Versatile and timeless, these doors can be incorporated into both classic and contemporary kitchens, with a range of colours, finishes to choose from.

See pages 16-18 for more details.

#### Slab doors

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary feel, or use cup and knob handles to make it more classic.

See pages 16-19 for more details.

#### Integrated handles

A handleless style that has a J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek, modern look to your kitchen.

See pages 16-19 for more details.

#### Caraway Innovo handleless cabinet system

Sleek and streamlined, handleless doors and drawers give your kitchen an ultra modern look. Creating a space behind the door or drawer, the Innovo rail system eliminates the need for handles, allowing you to open them from above or the side. Available with our Alisma, Stevia and Artemisia ranges.

# Solid wood

Solid wood gives a warm, natural look and feel to your kitchen. Our solid wood worktops come pre-oiled, which means they can be cut or curved and are easy to sand and seal. With the right care and maintenance, these worktops will stay looking great for years to come. Made from responsibly sourced wood.

Wearing protective gloves throughout the process, lightly sand the work surface – we recommend 120 grit sandpaper. Vacuum any dust shavings and then mix the cleanser (included in the kit) with water to clean the surface.

### Treat

When the surface is completely dry, use a clean paintbrush to apply the oil evenly and leave for 30 minutes. Buff the surface with the soft white pad (included in the kit) and wipe off any excess oil with a lint-free cloth. Leave to dry for at least an hour.

### Aftercare

The surface is ready for light use after 24 hours. The oil will continue to harden over the next week, so use the surface lightly during this time. Any spilled liquids should be wiped up immediately to avoid watermarks.

Stir the oil and apply another even coat. Sand in wet oil with the 280-400 grit black sanding pad (included in the kit). Wipe off any excess oil with a lint-free cloth.

### Sink colours and materials

resistant

Please refer to the product listings for your chosen range for colour availability.

### Stainless steel 112

Lightweight, thin and impressively durable, stainless steel sinks offer great value for money. Coordinate with your kitchen tap and appliances to create a sleek, stylish finish.

### Linen stainless steel 115

These sinks have all the benefits of stainless steel sinks, but with a textured microdot or honeycomb surface that makes signs of wear and scratches less visible.

### Ceramic 116

With a silky feel and impressive craftsmanship, ceramic sinks create a beautiful, easy-to-clean centrepiece. The natural resilience of the material means they offer lasting resistance and durability.

# Toughened glass 117

Perfect for making a statement. Combining a toughened glass frame with a stainless steel bowl, these sinks have a super-contemporary feel.

# Resin 118

Also known as epoxy or composite sinks, these lightweight sinks look similar to granite and quartz styles, but with a thinner profile. Available in black, white or grey.

# Composite quartz 120

Solid and robust, with a superior resistance to heat and scratches, these sinks offer a hardwearing build with a stylish design. Available in black, white, or grey.

# Stainless steel sinks

Lightweight yet hard-wearing, stainless steel sinks are a great all-rounder. They're excellent value for money and complement most kitchen décors.

# Taps

Complete your kitchen sink with the perfect tap, available in a wide range of colours and styles.

### Tap colours and materials

Please refer to the product listings for your chosen range for colour availability.

### Twin lever 126

Featuring two levers, twin lever taps let you control the flow of hot and cold water independently, making it easy to set the right temperature.

### Side lever 130

A simple and minimal design, making them perfect for contemporary kitchens. Adjust the water temperature with ease with a single lever.

# Top lever 134

With a functional and minimal design, top lever taps are easy to use and look great in any space.

### Deck lever 136

Two separate hot and cold controls on either side can be used separately or in combination with each other. Choose from traditional or contemporary styles.

### Pull-out 137

Perfect for those who do lots of cooking and cleaning, pull-out taps give you a greater range of movement, making washing dishes an easier task.

### Spring necked 138

With a flexible hose and extendable movement, spring lever taps make cleaning dishes and rinsing salads easy.

### Filter 140

Engineered to remove impurities, filter taps improve the taste of your water, while still leaving those beneficial minerals behind.

### Boiling water 142

No need to wait for water to boil to make your morning coffee. These taps also free up worktop space by eliminating the need for a kettle.

# Sensor 142

By automatically turning on water with the wave of a hand, sensor taps allow for hands-free use, reducing crosscontamination while cooking.

# Twin lever taps

Twin lever taps allow you to mix hot and cold water manually. Choose from a wide range of styles to suit your kitchen.

#### **Corner cabinets explained**

Our blind corner base cabinets are adjustable, allowing you to use different sized doors to offset your corner. This also helps with any obstructions during the planning process.

For corner larder cabinets see page 178.

# These cabinets require wide angle hinges to allow full opening.

#### Good to know

All Caraway base cabinets with a width of 25cm and above come with a metal front bar support and an adjustable back rail. This is to help when installing sinks, hobs and worktops.

All fixtures including hinges, doors, end panels and handles need to be purchased separately. Selected products are available for home delivery to selected locations. Restrictions apply. Delivery charges may apply. For full details please see divcom/customer-support/delivery

### Corner larder cabinets

Compatible with all GoodHome door ranges, and can be fitted in 50/50, 70/30 or double-door configurations. The adjustable shelves mean you can store bottles vertically, as well as horizontally in the integrated bottle rack. Both sides of the cabinet need to be clad with larder end panels of your chosen colour.

Our larders with cornice/pelmet and pelmet detailing are taller, so check to see if you have the height in your room to fit these.

# Gas and electrical regulations

CE marking on a product is the manufacturer's declaration that the product complies with relevant conformity requirements of applicable European legislation. The UKCA mark is the UK's new symbol to show that products comply with applicable UK regulations.

Choosing an NICEIC or ELECSA registered contractor is a householder's best way to ensure the job is carried out safely. Electricians registered with NICEIC and ELECSA are assessed on a regular basis to ensure high standards and their work is checked against the IET Wiring Regulations, as well as other standards.

Any gas work must be carried out by a Gas Safe registered engineer.

#### Minimum height 216cm Standard larder, including 15cm plinth,

# Remember

- Hobs should have a minimum of 30cm work surface either side (ideally 40cm either side of an electric hob and 50cm either side of a gas hob)
- Ovens shouldn't be located near entrances or where there is through traffic
- Electrical sockets can't be fitted within 30cm of a sink
- Ovens should be separated from adjacent walls or end panels by at least 30cm
- Gas hobs can't be fitted within 30cm of any window and electric hobs within 5cm.

# Garcinia

Shown: gloss white integrated handle

The GoodHome Garcinia gloss door range provides a sleek modern look, while the integrated handles create a streamlined profile that is truly contemporary.

· Post-formed door technology

The foil is applied on the front surface of the panel and on two parallel vertical sides. The panel is then cut and the two raw parallel sides (left and right) are edge-banded. The back of the door is finished in a melamine foil.

- 1.9cm door thickness
- Gloss finish.

Garcinia doors are not reversible and therefore have hinge holes on both sides of the doors. We recommend that you purchase hinge hole cover caps with your kitchen.

The glossiest range in the collection, GoodHome Alisma's design is lacquered to reflect light and adds a glass-like finish.

Lacquered door technology

Lacquer is applied to the door panel to create the depth, consistency and brilliance of colour. It is also a more durable finish compared to other door technologies. The back of the door is finished in a melamine foil.

- 1.8cm door thickness
- · High gloss finish.

# Perfect for creating a fuss-free, contemporary space, the matt finish of the GoodHome Balsamita doors creates a smooth, uniform look in any light.

Cut and edged door technology

The foil is applied on the front surface of the panel. The panel is then cut and the four edges are edge-banded. The back of the door is finished in the same material.

- 1.6cm door thickness
- Matt finish.

The shaker-style GoodHome Alpinia range combines neutral tones with a wooden effect, adding texture and creating a sense of space.

Wrapped door technology

Foil is applied to the surface of the panel, both on the two parallel sides and on the back of the panel for a totally wrapped finish. The foil is applied on both the front and back of the centre panel.

• 1.8cm door thickness.

The shaker-style GoodHome Alpinia range combines neutral tones with a wooden effect, adding texture and creating a sense of space.

Wrapped door technology

Foil is applied to the surface of the panel, both on the two parallel sides and on the back of the panel for a totally wrapped finish. The foil is applied on both the front and back of the centre panel.

• 1.8cm door thickness.

# **Ordering and delivery FAQs**

#### Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at div.com. However, items delivered by different partners may arrive separately and at different times.

#### Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

#### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm , an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

#### When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date

Deliveries are made between 8am and 6pm.

#### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see diy.com/ click-collect for the full list)

Find out more about when your order will be ready for collection on our Click + Collect page on div.com/click-collect

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

#### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
