# Door styles explained

---

From classic shaker-style to contemporary slab options, kitchen doors are a great way to showcase your style. Each door is available in a wide range of colours and finishes, ready to be customised with a selection of compatible handles.

## Shaker doors

---

Shaker-style doors consist of a four-piece frame with a recessed centre panel, giving the effect of a more traditional door style. Versatile and timeless, these doors can be incorporated into both classic and contemporary kitchens, with a range of colours and finishes to choose from.

## Slab doors

---

Slab doors and drawer fronts are clean and simple, offering the perfect blank canvas for a modern look. Pair with a strap handle for a contemporary feel, or use cup and knob handles to make it more classic.

## Integrated handles

---

A handleless style that has a 'J' shaped curve built into the top of the cabinet door or drawer front, perfectly shaped to pull open. This gives a sleek, modern look to your kitchen.

## Caraway Innovo handleless cabinet system

Sleek and streamlined, handleless doors and drawers give your kitchen an ultra modern look. Creating a space behind the door or drawer, the Innovo rail system eliminates the need for handles, allowing you to open them from above or the side. Available with our Alisma, Stevia and Artemisia ranges.

## Ashmead midnight blue

Add a feeling of sophistication to your space with these matt midnight blue units. Pair with black accessories for a bold finish, or contrast with white accents and warm metals.

Integrated storage gives you plenty of space for pots and pans, while a beautiful brass tap and white ceramic sink create a striking contrast against the deep blue units.

With a classic shaker design, these doors will suit a range of handle styles, from modern bar styles to classic knob handles.

Essential

## Ashmead dove grey

With a classic shaker design and a matt dove grey finish, these units create a bright, open space that's perfectly classic.

Keep your favourite kitchenware close at hand with open shelving, and tuck the rest away in deep drawers.

For smaller spaces, a compact sink can be a great way to maximise counter space.

## Ashmead reed green

Bring the natural colours and materials of nature into your space with these matt reed green units, paired here with natural woods for a cosy, traditional feel.

Pull-out storage is perfect for storing your pantry essentials. For extra storage, add open shelving and showcase your favourite items.

Essential

## Ashmead pebble

Cool and contemporary, these matt pebble doors are perfect for creating a neutral look, with a shaker style that looks great in any space.

Essential

Layering neutral accessories gives this kitchen a beautiful tonal look, while a marble-effect breakfast bar creates a stunning family dining space.

To maximise storage, a deep drawer incorporates a hidden cutlery section.

# Balsamita

## Balsamita matt white

With a bright white finish and a smooth matt design, these slab doors help bring a sense of space to your kitchen, perfect for smaller rooms.

Breakfast bars take up less room than traditional dining tables, and can also double as a handy work space.

An internal bin can free up floor space, while open shelves are an easy way to add some extra storage.

## Balsamita matt grey

A matt grey finish and a smooth slab design make these doors perfect for creating a modern, functional space.

Internal storage systems such as drawers, pull-out units and dividers make it easy to keep cupboards organised.

## Alpinia matt white tongue and groove

A tongue and groove design gives these shaker-style doors a distinctive look, with a matt white finish that'll transform any kitchen into a bright, open space.

Visual storage can transform everyday kitchenware into striking display features, like these hanging utensils.

Select

## Alpinia matt slate grey

A matt slate grey finish gives these classic shaker-style doors a contemporary twist, creating a cool, calming feel that looks great in any space.

Select

Adding bridging cabinets above worktops is a great way to utilise any unused wall space for extra storage.

Lower cabinets can double as a bench for your dining table or workspace, while still providing plenty of space underneath to store essentials.

## Alpinia matt green painted wood effect

With a green woodgrain finish, these striking shaker doors add a feeling of depth and character to your kitchen, creating a warm space you'll love spending time in.

Extend your kitchen cabinetry into your utility space for a consistent look, or create split-level islands for a relaxed dining spot.

Select

## Alpinia matt grey painted wood effect

Simple, bright and endlessly versatile, these matt shaker doors have a light grey woodgrain finish, ready to be paired with cool whites or contrasting colours.

Gold accents elevate this understated kitchen design, while a pull-out storage system helps keep the roomy cabinets organised.

## Alpinia matt ivory

Blending a classic shaker design with a warm matt ivory finish, these framed doors open up your kitchen for a light and airy feel.

The natural wood grain of these cabinets shines through for a traditional feel, while the space-saving Romesco sink doubles as a chopping board and drainer to maximise functionality.

Select

## Alpinia oak effect

A shaker-style design and warming oak-effect finish give these doors a traditional, timeless look that'll make your guests feel right at home.

In areas which don't leave room for cabinets, adding storage rails is a great way to make the most of the space. Similarly, plinth drawers can transform a typically unused area into some handy extra storage.

# Artemisia

---

Affordable and easy to customise, these versatile doors combine a beautiful smooth matt finish with a shaker profile, ready to pair with either contemporary or traditional finishing touches.

To book a free design consultation, visit us in store or online at [diy.com](https://www.diy.com)

## Artemisia matt white

A matt white finish gives these shaker-style doors a clean, classic feel. Pair with a selection of handles, or add a rail system for a sleek, handleless design.

Make the most of your cabinets with deep drawers for all your pots and pans, and add bridging units to utilise those unused spaces.

## Artemisia matt graphite

---

Bold yet beautifully understated, these matt shaker doors have a graphite finish that gives this classic style a distinctly modern edge.

Bring the rich colour of dark cabinets to life with gold or brass accents, and break up runs of solid units with these eye-catching fluted glass doors – perfect for showcasing your best kitchenware.

Create separate utility spaces to keep essentials tucked away, or add kitchen islands for a social dining spot.

Select

## Artemisia matt dark green

With a moulded shaker design and a smooth matt finish, these dark green doors have a rich, earthy hue, pairing beautifully with white worktops and brass accessories.

This beautiful green kitchen uses a mix of wood and marble-effect worktops to create contrast, while open shelving takes the place of wall cabinets to create a striking display.

Lower cabinets double as a bench, adding extra storage and creating a seamless flow between the kitchen and dining space.

Select

## Artemisia

matt midnight blue

These shaker-style doors have a beautiful moulded profile, with a matt midnight blue finish that looks great in both large open-plan kitchens and smaller spaces.

In smaller kitchens, having an integrated extractor fan in your hob is an easy way to save space. When it comes to tidying up, features like deep cutlery trays will help keep drawers and cabinets organised.

# ■ ■ Stevia

---

Available in a range of neutral and on-trend shades and a choice of matt and gloss finishes, you'll find an affordable, modern kitchen to suit every taste.

## Stevia gloss white

With a white gloss finish and a super-smooth design, these slab doors bounce light around the room, making even the smallest space feel bright and airy.

This multifunctional kitchen uses extra cabinets to create separate dining areas and work stations, giving the room lots of uses.

The space also utilises the room's structural features, like this stunning archway, to give the kitchen character.

Select

## Stevia gloss anthracite

Smooth and subtle, these ultra-modern slab doors have a gloss anthracite finish, creating an effortlessly stylish and contemporary kitchen.

Use wine racks and a small drinks fridge to create a beautiful bar area, perfect for dinner parties and hosting. Under-cabinet lights will keep the space feeling bright.

## Stevia gloss cream

Embrace the calming effect of neutrals with this cream gloss finish. Designed to reflect light, these smooth slab doors will give your kitchen a warm, open feel.

Handles can transform the look and feel of your kitchen. Bar handles will give you a cool, contemporary finish, while integrated handles create a sleek and seamless design.

By using an extra portion of worktop to create a multi-level layout, this kitchen adds an intimate dining spot.

Select

## Stevia matt pewter grey

These pewter grey doors give your space a clean and contemporary feel, with a smooth matt finish that's great for hiding fingerprints and smudges.

Slimline cabinets double as a breakfast bar to maximise space, while a tall unit makes the most of the high ceilings. Fluted glass doors transform some storage elements into beautiful displays, and the internal cutlery tray matches the worktop for a consistent look.

## Stevia gloss light grey

These gloss light grey doors give you a modern finish that reflects light, creating a calm, airy feel in your kitchen.

Tall pull-out units are a great way to keep things like oils and spices on hand.

This understated kitchen is brought to life by colourful accents. While open shelving works to break up the run of cabinet doors, turning the storage into a display feature.

Select

## Stevia matt midnight blue

Sophisticated and full of character, these smooth slab doors have a matt midnight blue finish, creating a look that's bound to stand out.

Integrated handles give this kitchen a thoroughly modern feel, with pull-out internal storage to keep everything close by. A stacked double oven fits perfectly with the tall cabinets.

## Stevia matt sandstone

Create a warm kitchen with these sandstone slab doors, complete with a matt finish that looks great from every angle.

In large kitchens, statement pieces can really bring the space together.

Here, oversized lighting creates a striking feature over the central island, which doubles as a breakfast bar to act as a social hub.

Eye-catching glass doors transform storage into a stunning display, and large bi-fold doors offer the perfect blend of indoor and outdoor living.

## Verbena matt natural oak

Homely and instantly welcoming, these classic shaker doors have a natural oak finish, expertly crafted from high-quality timber.

In this classic kitchen, small design features work to create a feeling of luxury. Gold taps and handles enhance the natural beauty of the wood cabinets.

An extended marble-effect worktop adds a decorative finish to the central island, while a double oven offers plenty of space for dinner-party catering.

Signature

## Verbena matt carbon painted natural ash

Blending a classic design with a matt charcoal style, these beautiful shaker doors let the warmth of the solid wood shine through the painted finish.

In an open-plan kitchen, an island can create separate utility and storage space to keep essentials tucked away.

Oversized lighting can help create a striking feature over the central island, helping to create a social hub for your kitchen.

Internal oak elements break up the kitchen's carbon finish, and a separate dresser acts as a beautiful display piece.

## Verbena matt cashmere painted natural ash

Crafted from high-quality ash, these premium shaker doors have a matt cashmere finish, adding a feeling of warmth that pairs beautifully with oak and black elements.

A beautiful chevron worktop gives this minimal kitchen a warm, traditional feel, with an overhanging design that creates the perfect breakfast bar. Feature lighting works to enhance the small space, while shelving keeps the area feeling open.

# Solid wood

---

Solid wood gives a warm, natural look and feel to your kitchen. Our solid wood worktops come pre-oiled, which means they can be cut or curved and are easy to sand and seal. With the right care and maintenance, these worktops will stay looking great for years to come. Made from responsibly sourced wood.

Shown: GoodHome Hinita worktop, oak, 3663602635567.\*

## Prepare

---

Wearing protective gloves throughout the process, lightly sand the work surface – we recommend 120 grit sandpaper. Vacuum any dust shavings and then mix a cleanser with water to clean the surface.

## Finish

---

Apply another even coat of oil. Sand in the wet oil with the 280–400 grit black sanding pad. Wipe off any excess oil with a lint-free cloth.

## Treat

---

When the surface is completely dry, use a clean paintbrush to apply the oil evenly and leave for 30 minutes. Buff the surface with a soft pad and wipe off any excess oil with a lint-free cloth. Leave to dry for at least an hour.

## Aftercare

---

The surface is ready for light use after 24 hours. The oil will continue to harden over the next week, so use the surface lightly during this time. Any spilled liquids should be wiped up immediately to avoid watermarks.

# BESPOKE WORKTOPS

Worktops are the focal point of any kitchen. As a result, not only does your worktop have to look great, but it also has to perform great. Take a look at our bespoke worktop range to find the perfect style for you.

## GRANITE

Granite is a very strong and durable material. Rock, cut from its natural state; no two granite surfaces are the same. The natural hard-wearing qualities make granite the perfect kitchen worksurface solution.

We offer granite worktops from two premium sources including Lundhs natural stone from Norway.

Silestone is the leading hybrid surface, created from premium natural minerals and recycled materials. Being composed from predominantly natural quartz, it is considered an incredibly durable and high-performing material. Plus, Silestone offers HybriQ+ on select colours as a conscious move towards more sustainable practices.

An ultra-compact stone surface created from a sophisticated mixture of over 20 natural minerals. Dekton is a high-performing material, even suitable for outdoor use. Thanks to the hard work of Cosentino, Dekton's entire product life cycle is carbon free.

## HI·MACS

HI-MACS is an Acrylic Solid Surface material. The use of Thermal Cure technology produces a stronger compound, creating the quality and durability the material is known for. HI-MACS is a non-porous material and therefore considered an ideal choice for kitchens given its hygienic properties. Plus, with HI-MACS customers can also select from a range of integrated sink options.

## OUR BESPOKE WORKTOP TEMPLATE & INSTALLATION PROCESS

1

### DESIGN AND PLANNING CONSULTATION

Sit down with one of our delightful team members in your local store. Plan your dream worksurface, including finishing touches such as drainer grooves, sink cut outs and downstands, before receiving an initial estimated cost with our Create design tool.

2

### HOME VISIT & CONFIRMATION

One of our specialists will visit your home to measure your kitchen and discuss joint positions, depending on the material selected and the maximum lengths available joint positions can vary.

3

### DIGITAL TEMPLATE

Once you are happy with your design and price, our specialist will take a digital template of the worktop area.

4

### MANUFACTURE AND INSTALLATION

Your brand-new kitchen worktop will be made to measure with delicacy and precision by a team of highly skilled workers with specialist machinery. Our team of experienced fitters will install your worktop approximately 5-10 days after the design of your digital template.

All materials are available for home delivery to selected locations. Restrictions apply.

# TODAY'S *waste* TOMORROW'S *resource*

In 2008, Cosentino embarked on an evolutionary journey towards creating products that have a more positive impact on the world around us.

More sustainable and carbon neutral, with higher percentages of recycled materials and a longer life cycle. Cosentino uses renewable electricity in their manufacturing, making the most of every drop of water, reusing it time and time again. Cosentino transports them in an increasingly cleaner and efficient way.

Giving it all in exchange for a better future for all.

Cosentino promotes the efficient use of natural resources and encourages the use of renewable energy to reduce its carbon footprint.

Cosentino reduces its Organizational Carbon Footprint by mitigating emissions and transforming them into added value through offset projects.

Cosentino recycles and reuses water, thus reducing its water footprint.

E-Smart mobility is Cosentino's plan to measure and optimise its logistics routes and the mobility of its employees.

Look out for this symbol **Q+** amongst the Silestone swatches. These worksurface materials are all manufactured using HybriQ technology. These worksurfaces are made through a manufacturing process completely fueled by renewable energy and recycled water.

Glass splashbacks	145

## Alloy

---

With a range of bold patterns and double-sided styles to choose from, these aluminium splashbacks are fire and scratch resistant – making them perfect for hob areas.

## Décor

---

Inspired by natural materials, these stunning Décor styles feature a moisture-resistant MDF core, offering a practical alternative to tiles.

## Composite

---

Made from a strong, waterproof composite material, these splashbacks are super easy to clean, with an embossed tile effect for a classic finish.

## Acrylic

---

Available in a selection of patterns, our acrylic splashbacks are crafted from a highly engineered polymer, making them twenty-five times stronger than glass.

## Double-sided

---

With a different colour or pattern on each side, these double-sided splashbacks make it easy to find your perfect style – or mix and match for a standout look.

## Metal and glass

---

Because of their resistance to heat, metal and glass splashbacks are a great choice for hob areas, but they can also be fitted anywhere in your kitchen.

## Alloy styles

Bring your dream kitchen design to life with a beautifully patterned splashback that fills the entire wall space behind your hob, without compromising on safety. **Home delivery only.**

# Sinks

---

Whether you're updating your entire kitchen or just replacing an old sink, find the perfect style to suit your needs and match your décor.

Stainless steel	154
Linen stainless steel	157
Ceramic	158
Toughened glass	159
Resin	160
Romesco	161
Composite quartz	162
Sink accessories	163

## Stainless steel

---

Lightweight, thin and impressively durable, stainless steel sinks offer great value for money.

## Linen stainless steel

---

All the benefits of stainless steel sinks, but with a textured microdot or honeycomb surface that makes signs of wear and scratches less visible.

## Ceramic

---

Beautifully crafted with a silky feel, ceramic sinks create an easy-to-clean centrepiece. Their natural resilience offers lasting durability.

## Toughened glass

---

Combining a toughened glass frame with a stainless steel bowl, these sinks have a super-contemporary feel.

## Resin

---

Also known as epoxy or composite sinks, these lightweight sinks look similar to granite and quartz styles, but with a thinner profile.

## Composite quartz

---

Solid and robust, with a superior resistance to heat and scratches, these sinks offer a hardwearing build with a stylish design.

## Stainless steel sinks

Lightweight yet hard-wearing, stainless steel sinks are a great all-rounder. They're excellent value for money and complement most kitchen décors.

## Lever taps

Lever taps let you control the flow of hot and cold water, making it easy to set the right temperature.

## Pull-out

Pull-out taps give you a greater range of movement, making washing dishes an easier task.

## Spring necked

With a flexible hose and extendable movement, spring lever taps make cleaning dishes and rinsing salads easy.

## Filter

Engineered to remove impurities, filter taps improve the taste of your water, while leaving beneficial minerals behind.

## Boiling water

No need to wait for water to boil, these taps free up worktop space by eliminating the need for a kettle.

## Sensor

With the wave of a hand, sensor taps allow for hands-free use, reducing cross-contamination while cooking.

## 6 good reasons to choose a GoodHome tap

All GoodHome taps are fitted with a 35mm cartridge which is rigorously tested. It's easy to replace when needed.

For quick installation, all GoodHome taps come with an easy-to-use fitting tool.

The rubber spouts on GoodHome taps can be rubbed clean to remove limescale build up.

Not applicable on spring neck taps.

GoodHome taps are made from high-quality materials. All major touchpoints are metal.

All taps have been heavily tested for peace of mind, and come with a 10-year guarantee.\*

All GoodHome taps now come with pre-fitted tap tails to make installation a quicker and easier job.

## Ordering and delivery

### Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations, restrictions apply. Delivery charges may apply. See [diy.com/customer-support/delivery](http://diy.com/customer-support/delivery) for further details. When buying at diy.com we'll tell you the delivery time during the checkout. Please ask about delivery times when ordering in store.

### Store delivery service

If you're not able to get your items home from store, why not use our store delivery service? This service enables you to have your items delivered to the ground floor room of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

## Ordering and delivery FAQs

### Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

### Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

### When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries are made between 8am and 6pm.

### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see [diy.com/click-collect](http://diy.com/click-collect) for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page on [diy.com/click-collect](http://diy.com/click-collect)

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

## Prices correct as of 9 August 2024.

Availability may have changed since the publication of this brochure. Customers are advised to check current prices and availability online at [diy.com](http://diy.com) before purchasing.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.

## About our products

## Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit [diy.com](http://diy.com) for more details.

## Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

### Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

### Ways to return your items

In the first instance, return via home delivery or diy.com
