Oak effect shaker style

Guaranteed to add a warming, welcoming feel, this Alpinia kitchen has a classic oak effect finish.

8 unit example B. See pages 11 and 13 for more information.

Planning your kitchen

Finding a style and colour of kitchen cabinets to suit you is clearly essential. However, other choices also have a big impact on how your new kitchen looks and works for you.

Imagine your space

You've probably got a good idea of how you'll be using your new kitchen. It might be as functional as just a place to cook or perhaps it's your main dining area, it could even be somewhere for socialising.

Once you're clear on your requirements, take your measurements and book a free planning appointment with our team. They'll help you make the most of your space as well as finding a style to suit you.

Book an appointment

Using our interactive design tool, our team will help you plan your ideal kitchen. Scan this QR code or book an appointment at diy.com/planningappointment

- Getting started

Head to diy.com for step-by-step guides on how to get your kitchen refresh underway.

Removing your kitchen

When it's time to say goodbye to your old kitchen, find tips on how to remove everything from units to tiles and appliances. diy.com/removekitchen

Installing the basics

Find checklists and guides on how to hang wall cabinets, fit drawers and install doors. diy.com/installthebasics

Jargon buster

Do you know your blind-end cabinet from your lay-on door? Our kitchen jargon buster has all the buzzwords you need to know. diy.com/kitchenjargonbuster

Make it yours

No matter what style of kitchen you choose there are many ways that you can achieve a look that's individual to you. For instance, your choice of worktop needs to be practical, however, it can also have as much of an impact as your choice of flooring or tiling.

If your space allows, including a kitchen island using a different colour cabinet can add a personal touch. Alternatively, you could choose to customise your kitchen by including glass doors or statement taps.

Function and style

Functionality and space are key factors in selecting the right appliances for your kitchen. However, your choice can have a big impact in terms of style and energy bills.

A well designed lighting scheme, will give you the flexibility to light different areas of your kitchen as required. Using a variety of lighting types helps create both impact and interest.

Remember

Ready to start ordering your kitchen? Pick up a product and cabinetry guide and speak to a member of our team or your tradesperson.

Worktops

Bespoke Hi-Macs worktops

Hi-Macs is a non-porous, dirt repellent and hygienic surface, when combined with Thermalcure technology, results in a surface quality that's great for working with food and everyday household chemicals.

Highly stain resistant

Hi-Macs is hard-wearing, extremely repellent to stains and is therefore very easy to look after.

Integrated sinks

A range of integrated sink options are available in white to form a seamless part of your worksurface. These sinks should not be used with boiling water taps.

Easy to clean

Hi-Macs is a completely homogenous material. As it does not have any pore, you can simply and easily clean it with a damp cloth or sponge and a mild detergent.

HI-MACS

🕒 LG Hausys

Hygienic

The non-porous properties of this material makes it impermeable to viruses, dirt, chemicals and bacteria.

To order your bespoke worktop, visit your local store and a team member will be happy to help.

*Home delivery only. Selected products are available for home delivery to selected locations, restrictions apply. Delivery charges may apply. For full details please see div.com/customer-support/delivery.

Bespoke quartz worktops

Silestone quartz is an engineered stone manufactured from 94% natural quartz crystals and 6% colour pigments and resin.

Highly stain resistant

Silestone is a low porosity surface, with near zero liquid absorption which helps it maintain the same beauty as the first day it was installed.

Highly scratch resistant

Given the natural strength from quartz, Silestone demonstrates an exceptional resistance against scratches.

Highly acid resistant

Quartz is one of the hardest minerals. This makes Silestone highly resilient against external aggressors.

Shock resistant

Silestone resists impact better than other materials on the market, such as granite or solid surface.

Black tebas*

Stellar black*

H Y B R I Q +

TECHNOLOGY®

The new generation of Silestone® that is more sustainable and respectful to the environment. The process, reused raw materials, such as recycled glass, and the production process is carried out by employing 98% recycled water and 100% renewable energy.

*Home delivery only.

Selected products are available for home delivery to selected locations, restrictions apply. Delivery charges may apply. For full details please see diy.com/customer-support/delivery.

Bespoke Dekton worktops

Dekton is an ultracompact material made using a unique process which simulates how natural stone is exposed to high pressure and temperature for thousands of years.

High tolerance to fire and heat

Dekton has excellent resistance to high temperatures without compromising on its aesthetics or features. Hot utensils, electrical appliances, pots and pans can all be placed directly on the surface without causing damage.

Highly scratch resistant

Domestic utensils will not scratch Dekton. However we do recommend using chopping boards to protect your utensils.

Ice and thaw resistant

The low coefficient of thermal expansion of Dekton makes it the perfect material even in the coldest, most extreme environments.

Highly stain resistant

Highly resilient surface, resisting both accidental stains from domestic use as well as from chemical agents. Even tough stains caused by wine, coffee, ink and rust can be easily cleaned.

Appliances

There's more than just style to think about when selecting the appliances for your new kitchen. Making the right choice can also help you save time and money.

Smart appliances

If you're after the latest functionality look out for appliances that have 'smart' features. How about a cooker hood that can be controlled from the hob or ovens that you can turn on from your smart phone?

Multitasking

Include a compact oven with microwave in your kitchen and you can cook smaller meals faster and more economically, as well as saving on space.

Labour saving

Even if you're short on space you can still save time and effort through installing a dishwasher. You can choose from both compact and full-size options to suit almost every kitchen.

Make an impression

Thanks to extra hob space and multiple ovens they're perfect for family life or entertaining.

Energy saving

Look for appliances with the highest rating. These can help toward saving you money on your water and electric bills when compared to appliances with lower ratings.

Kitchen islands

A stylish addition to any kitchen, an island is a great way of creating extra worktop and storage space. It can also create a great focal point as well as helping define functional and relaxation spaces.

Extra worktop and storage space

Islands can create extra countertop space for cooking and eating in the kitchen, as well as providing extra storage.

Added flexibility

Using an island to house sinks or hobs can save space elsewhere. It can also give you room for added extras.

Create a focal point

An island can be a great place for casual dining, socialising or even supervised homework.

副

200

Glass cabinet doors

Great for bringing more light into your space, and can even make your kitchen look bigger. You can choose from an array of finishes, styles and sizes.

Clear glass

Clear glass cabinet doors are great for displaying items, helping to add both depth and a personal touch to your kitchen.

Adding definition Glass cabinet doors can help break up the monotony of solid cabinetry and create an illusion of depth.

Bright and airy

Glass cabinet doors can help define zones and provide a contrast to solid cabinets.

Flooring and tiling

Practicality and durability are a given when selecting kitchen surfaces. But that doesn't mean you have to compromise on style when choosing your flooring and tiling.

Style and space

Patterned tiles are a great way of injecting personality into a room. Unpatterned, reflective tiles can 'bounce' light and help create a sense of space.

Create a contrast Choosing a floor that contrasts with the rest of your kitchen is a great way of creating a high-impact look.

Easy to maintain

You don't need a big budget to create a distinctive, long-lasting look. Laminate flooring or floor tiles can be high on impact and low on maintenance.

For the full range visit **diy.com**

Lighting

As well as a place to cook, a kitchen can be everything from a place to work or even the main social hub. Choosing lighting that suits how you use your space is essential. However, it's also a great way to achieve a high impact look at a relatively low cost.

Integrated lighting

Under cabinet lighting provides excellent light for work surfaces, colours can be changed warm and cool, and the LED bulbs last for a long time.

Kitchen island lighting

Great for task lighting and work particularly well over islands. Hanging them in multiples can create a feature and help define a space.

Spotlights

For a modern look and feel or directional light you could choose spotlights. They're great for both task lighting and highlighting key design features in your kitchen.

Handles and handleless

Kitchen cupboard handles play an essential part in the overall look and feel of your kitchen. They can add a sleek finishing touch to a new kitchen or even help refresh your current one. Handles are used every day so it's important to choose a handle that not only looks good but also feels good.

Classic or contemporary

Your choice of door and drawer handles will play a key role in completing the look of your new kitchen. Think bar style handles for a contemporary feel or a classic cup handle for a more traditional look.

Integrated handles

Built into the door or drawer front, integrated handles create a sleek, contemporary look that is easy to maintain.

Truly handleless

Give your kitchen an ultra modern look. The Innovo rail system eliminates the need for handles allowing you to open them from above or the side. Available with our Alisma, Stevia and Artemesia ranges. Rails available in three colours. See page 14.

Mix and match doors

Create an individual look by using different styles of cabinet doors in your kitchen. This 'mix and match' approach can also help define zones and given an increased sense of space.

Your own style

Add your own personal touch to your kitchen by stepping away from a single colour.

Create a contrast

Accent a darker kitchen with a lighter door to create a feeling of more space and increase the light in the room.

Feature Islands

Use a different style or colour of door on an island to create maximum impact in your kitchen.

Storage and accessories

Make the most of your space by including clever storage solutions in your new kitchen.

Internal storage

Clever internal storage products like space-saving storage towers, pull-out units can help maximise space in units and help keep things organised.

Bins and recycling Integrated bins can be a great solution when floor space is at a premium.

Organised drawers

Including a cutlery tray in your kitchen may seem obvious. However, choosing a modular version means everything can be just where you want it.

Pull out storage

Attached directly to the door, pull out storage saves you from reaching into the back of cupboards so you can find everything you need with ease.

Wall mounted accessories

Using wall space to store every day ingredients and utensils isn't just convenient, it also keeps worktops clear of clutter.

Sinks and taps

Sinks and taps needn't be just functional, they can be stylish additions to any kitchen. When choosing yours, it's worth considering the benefits of different materials and how a particular style will complement the look of your kitchen.

Instant heat

Installing a hot water tap that gives you instant hot water will save time and space on your worktop.

Waste disposal units

Waste disposal units offer a safe, practical and hygienic solution for dealing with food waste. Installed under sinks, they shred scraps of food into tiny pieces so they can pass through the plumbing.

Taps for every style

Available in both modern and classic styles, you can choose from U or F shaped taps with top or side levers, and even spring-neck and pull-out options for your sink.

Materials make a difference

Kitchen sinks aren't just made from stainless steel or ceramic. You can also find composite and glass too. They all have their own particular benefits when it comes to cleaning, durability and scratch resistance.

Space saving sinks

These clever integrated accessories create extra flexible space within the sink bowl.

Ordering & delivery FAQs

Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rhum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries may be made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that we have some stores where your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see www.diy. com/click-collect for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page on diy. com/click-collect

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Finance

At B&Q we have a number of different finance options to suit your needs which could help you fund your purchase.

To see how our finance products could make your dream project more affordable, just visit your local store and ask a member of staff for details or visit djy.com/finances

†† Buy now pay later: Available when you spend £500. Excludes: Kitchen appliances, taps, sinks, internal and external kitchen storage, bins, cabinet accessories, handles, under cabinet lighting cabinet hanging brackets.

See diy.com/customer-support/policies/terms for full guarantee T&Cs.

Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit diy.com for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 45 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.com

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.co.uk

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G812NT.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

GoodHome is our product brand. It is a seal of quality, innovation and excellence and a number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.

Twenty nine kitchen ranges available in store or on diy.com

*Comparison based on an independent check by Insight Retail Group Ltd of the published and available prices of comparable kitchens sold by Homebase. Wickes and B&O during 2017, 2018, 2019 and 2020, based on their unique 8 unit model kitchen layout. Comparison excludes appliances, sinks, taps, installation. Ighting and decorative enhancements. Kitchen specifications may vary. To verify the comparison please visitwww.kitchen-compare.com/buy/lowestpriced-leading-diy-retailer-of-kitchens-2020.
