## Corner cabinets explained

Our blind corner base cabinets are adjustable, allowing you to use different sized doors to offset your corner. This also helps with any obstructions during the planning process.

# These cabinets require wide angle hinges to allow full opening.

Dimensions shown are the cabinet height including legs at 15cm. Legs can be adjusted in height from 12.5cm to 19.5cm to allow for uneven floors. Prices for shelf pack includes the top, shelves and base with feet.

Selected products are available for home delivery. Restrictions apply. Delivery charges may apply. For full details please see [diyie/customer-support/delivery](#)

# Caraway larder and appliance housings

You can create larder cabinets in two heights and three widths. Combine them with internal drawers to create storage towers.

# Gas and electrical regulations

CE marking on a product is a manufacturer's declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

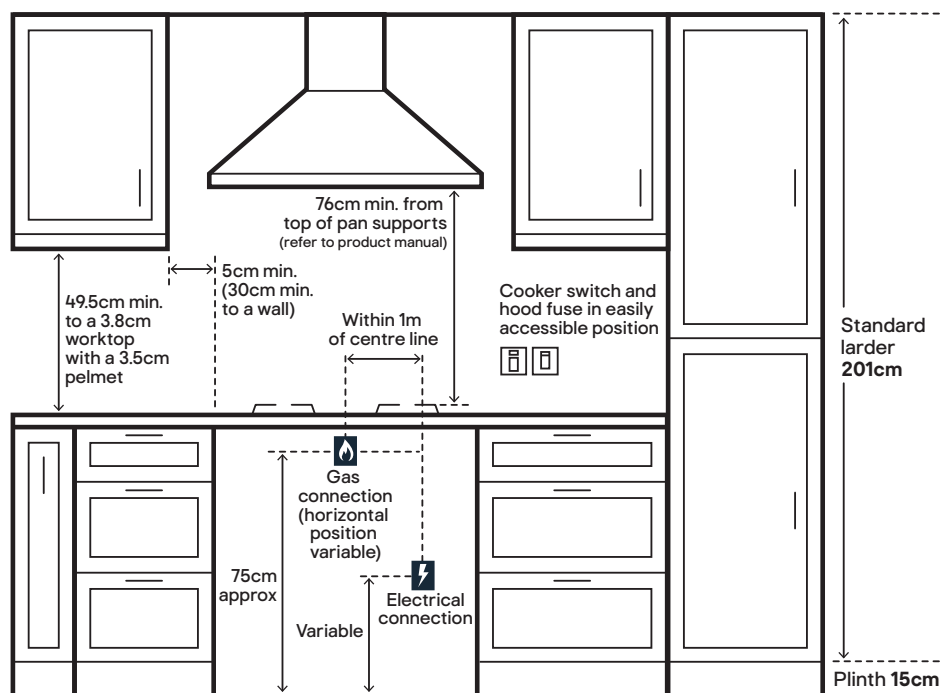

Choosing an RECI (Registered Electric Contractor Ireland) is a householder's best way to ensure a safe job. All REC's are required to have in place insurance cover and are required to certify all electric work completed by them.

Any gas work must be carried out by a registered gas installer.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
