Your beautiful bathroom.

Designed. Financed. Fitted.

Designed

It's easy to create a beautiful bathroom with B&Q. With free design and planning, our experts will help you bring your ideas to life – from choosing the right fixtures to making sure it all fits together. Enjoy a beautiful and affordable bathroom, whatever your style, whatever your space.

Book your free appointment today at diy.com/customer-support/planning-appointment

Financed

Your bathroom, your way. With up to four years of interest free credit and no deposit needed, you can create a stylish space to unwind. From the basin and shower to the paint, tiles, and installation too – pay for it in the way that suits you.

See page 278 for more details or visit diy.com/flexiplan

Fitted

An installation service you can trust. We work with approved installers to coordinate your bathroom project every step of the way – so from tubs to taps, you'll always get the perfect finish.

See page 278 for more details or visit diy.com/services/installation

Award-winning designs

We're proud to announce that B&Q has won three prestigious Ideal Home awards, including Bathroom Retailer of the Year 2025. Our stunning ranges caught the eye of judges, along with our expert services and affordable price points.

Create your sanctuary

Whether you're designing a new bathroom or just looking for a refresh, this guide has everything you need to create your dream space.

Explore a wide range of furniture, sanitaryware, baths and showers, then customise your space with the perfect finishing touches.

Style and inspiration

From classic spaces to modern luxury, explore a selection of beautiful bathroom styles, as chosen by our interior design experts.

Classic

Create a warm, welcoming space to unwind in with a classic bathroom style. Choose traditional features like roll-top baths and shaker-style furniture, then finish things off with some tongue-and-groove panelling for a look that'll never go out of style.

Modern

Modern bathroom styles can be an affordable option, but they can also bring a feeling of luxury to your space. Combine rich, dark woods with countertop basins and statement metallics for a contemporary bathroom with a spa-like feel.

Scandi

Characterised by natural textures, this calming style draws inspiration from nature to create a truly relaxing space. Blend stone and timber accents with warm neutrals and plants, and soak up the natural beauty of the outdoors.

Maxi

Showcase your personal style with contrasting patterns, colourful furniture and statement features. Vibrant and full of character, maxi bathrooms are a great way to create a space that's unique to you.

Make the most of your space

When designing your bathroom, it's important to think about the kind of space you have, and how many people will be using it. Here's a look at the four most common types of bathrooms to help you get started.

For more ideas and inspiration visit diy.com/bathrooms

Cloakroom

Cloakrooms are all about maximising space. Keep as much space free as possible by choosing a compact basin and a back to wall or wall-hung toilet, and opt for a light colour scheme to keep it feeling bright and airy.

En suite

En suites are often smaller than main bathrooms, so it's important to make the most of your available space. A shower enclosure can be a great way to save space, and can even act as a statement piece.

Wetroom

With tiled walls and floors, wetrooms are a stylish way to create a multi-purpose bathroom. Without the need for bulky shower units, they're a great option for smaller bathrooms. They're also fully accessible, making them ideal for people with limited mobility.

Family bathroom

Usually the biggest bathroom in the house, these spaces often have more room to get creative with things like statement baths and bold tiles. It's also a good place to add storage, such as cabinets and open shelving.

Furniture

Bathroom furniture is a great way to showcase your personality and style. Explore a wide range of vanity units, then customise them to your taste with complementing worktops, basins, cabinets and mirrors.

Modular furniture	14

Fitted furniture worktops	81
Semi-recessed basins	82

Modular or fitted?

Our bathroom furniture ranges are broken down into two styles: modular and fitted. Discover which one is right for you, then start exploring to find your perfect fit.

Modular furniture

Easy to personalise and assemble, modular furniture gives you the freedom to create a bathroom that's uniquely yours. These units usually sit independently of your other fixtures, either mounted on the floor or wall, allowing you to mix and match with different styles.

Fitted furniture

Fitted together as a set, these units make smart use of every inch, giving you plenty of storage and no wasted space. Pipework can be hidden within cabinets to reduce visual clutter, and matching plinths and end panels give your furniture a coordinated, premium feel.

GoodHome Imandra modular furniture

Simple, spacious and effective, our Imandra units can be mixed and matched to house everything in your bathroom. Soft-close doors and drawers give them a premium feel, with a durable, easy-to-clean finish to keep things shining, all backed up by a 5-year guarantee.*

Imandra wall-mounted 2 drawer vanity basin unit, matt black.

Discover Imandra

From vanity units and wall cabinets to the accessories that make it yours, Imandra has everything you need for bathroom bliss. Here's a closer look at how to create your perfect space with the Imandra range.

Vanity units

Available in freestanding or wall-mounted styles, these sleek vanity units act as the centrepiece of your bathroom furniture – ready to customise with either a worktop and countertop sink, or a seamless vanity basin.

Wall storage

Transform empty wall space into additional storage with Imandra wall cabinets, perfect for keeping your bathroom essentials tidy. Match the colour to your vanity unit, or opt for a full mirrored style to make those morning close-ups easier.

Basins

Complete your vanity unit with a sleek vanity basin, or pair a worktop with a countertop basin for a more contemporary feel.

Choose your style

Imandra units are available in range of matt, gloss and wood effect finishes. All units come complete with handles (see page 63 for additional handle options).

Imandra wall-mounted double drawer vanity basin unit, walnut effect.

Imandra wall-mounted double drawer vanity basin unit, matt black.

Imandra single door wall cabinets, gloss white.

Imandra slim wall-mounted double drawer vanity basin unit, matt blue.

Imandra wall-mounted double drawer vanity basin unit, gloss anthracite.

Slim styles for smaller spaces

Make the most of smaller bathrooms with our slim Imandra units. For a coordinating look, pair the slim toilet unit with a W600mm freestanding Imandra vanity unit (see page 62).

Imandra double door wall cabinets, matt blue.

Complete your modular furniture

Worktops

Whether you're pairing it with a countertop basin or just finishing an additional vanity unit, worktops give you the freedom to customise the look of your furniture. See page 55.

Vanity basins

Designed to sit flush with your vanity unit, these sleek basins eliminate the need for a worktop, giving units a neat finish – while still leaving space on the side for your essentials. See pages 56–57.

Countertop basins

From elegant marble to modern black, these striking basins are designed to sit on top of your worktop, giving your furniture a contemporary finish. See pages 58–59.

Splashbacks

Once you've chosen your basin, consider adding a stylish splashback to keep any untiled walls free from dirt and splashes. See pages 60–61.

Worktops

Finish your vanity unit with a sleek, stylish laminate worktop, or choose an oiled wood style for a warmer, more traditional feel.

Hartland solid oak worktop.

Marloes white laminate worktop.

Cadelia matt black laminate worktop.

Glass splashbacks

Providing an affordable alternative to tiles, glass splashbacks are a stylish way to protect your bathroom walls from splashes, stains and steam. These stunning splashbacks are compatible with all our bathroom furniture ranges. All glass splashbacks shown are W600 x H250 x D4mm. **Home delivery only.**

Complete your fitted furniture

Worktops

When you've chosen your units, finish them off with a worktop of your choice. See page 81.

Semi-recessed basins

Designed to sit on top of fitted furniture, semi-recessed basins have an overhanging design, making them an eye-catching addition to your bathroom. See page 82.

Mirrors and cabinets

Once you've designed your perfect set, finish your space with our range of wall cabinets and mirrors, including light-up styles to keep your mornings bright. All wall cabinets and mirrors can also be paired with our modular furniture ranges. See pages 88-103.

Worktops

Finish your fitted furniture with our range of worktops, from warm wood effects to natural stone and marble-inspired styles.

Suites, toilets & basins

Whether it's a compact cloakroom or a large family space, finish your bathroom with a suite that suits your style, from brands including GoodHome, Ideal Standard, Vitra and GROHE.

Cloakroom toilets & basins	108
Toilet & basin suites	109
Toilet frames & flush plates	134
Trigger sprays & bidets	136

Sanitaryware with style

From elegant wall-hung toilets to classic close-coupled, our toilet range has something for every space. Here's a closer look at the different types of toilets we offer.

Close coupled

Close-coupled toilets are the most common style of modern toilets. Available with both a closed and an open back, these toilets have the cistern directly behind the toilet bowl.

High and low level

Perfect for traditional bathrooms, these toilets have their cistern mounted on the wall, connected to the toilet by a length of exposed flush pipe. The cistern is fitted at either a low or high level, depending on the toilet's design.

Back to wall

Back to wall toilets have their cistern and pipework hidden behind a wall or furniture unit, with the pan sitting on the floor. Unlike wall-hung styles, these toilets don't require a load-bearing frame, making them perfect for furniture units.

Wall hung

Wall-hung toilets are mounted on the wall, creating a floating design that's popular with modern bathrooms. The cistern, pipework and load-bearing frame are hidden behind the wall to give spaces a clean, uncluttered feel.

Key features

Some of our toilets have additional features to streamline your bathroom routine. From rimless designs for easy cleaning to comfort height toilets that make sitting and standing easier, you can find the one that suits your daily life

To explore our independent living range, see page 156 or visit [diy.com](https://www.diy.com)

Cloakroom toilets and basins

Perfect for small spaces, these toilets and basins are more compact than standard styles, without compromising on design.

Toilet frames and flush plates

To allow them to be mounted to your wall, all wall-hung toilets require a toilet frame and flush plate, which can either be bought separately or as part of a toilet pack. Here's a closer look at our toilet frame and flush plate options.

Wall-hung toilet frames

Toilet frames are usually made up of a cistern, a load-bearing frame and a flush plate. The frame and cistern are hidden behind the wall, and the flush plate is fitted on the wall, allowing you to access the system. Some of our frames also include a sound insulation set to keep things quiet.

To explore our range of toilet frames, visit [diy.com](https://www.diy.com)

Flush plates

Although toilet frames include flush plates, you can also buy these separately to customise your bathroom's style, or to replace a faulty fixture. As well as standard push-button plates, our range includes intelligent infrared styles for hands-free operation.

To explore our range of flush plates, visit [diy.com](https://www.diy.com)

Bemis Ultra-Fix[®] Doesn't loosen!

The Professional Toilet Seat Fixing System

Bemis Ultra-Fix[®] is a patented hinge fixing system that will actually keep your toilet seat tight.

Bemis Ultra-Fix[®] is easy to install

1
Finned bushing provides a snug fit and prevents movement.

2
The one-piece plastic nut provides superior clamping force.

3
The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

See the range in store and on [diy.com](https://www.diy.com)

Professional Fixation in 3 easy steps.
Scan the QR Code and watch the video.

Supercast baths

Supercast is a reinforcement process for acrylic baths that adds impressive heat retention. It mirrors the durability of traditional cast iron baths for a hot soak, every time. Shop the full range at diy.com. **Home delivery only.**

Features

Incredibly durable and hardwearing, supercast baths have a similar strength to cast iron baths, but with all the benefits of acrylic. Their improved insulation keeps water hotter for longer, and the high-gloss finish makes them super easy to clean.

Cooke & Lewis Arezzo supercast L1700 x W750 x H400mm. No tap holes. 210L. 3663602250784 **£350**. Also available:
Cooke & Lewis Sovana supercast L1700 x W750 x H385mm. No tap holes. 210L. 3663602250951 **£360** (other sizes available).
Cooke & Lewis Shaftesbury supercast L1700 x W700 x H545mm. 2 tap holes. 200L. 04060666 **£275** (other sizes available).

Panels for Arezzo, Sovana and Shaftesbury available separately at diy.com

Home spa systems

Whether it's relaxing bubbles or an invigorating massage, home spa systems are a great way to unwind. For the full spa experience, add ambient lighting, or choose a system with chromotherapy lights. Baths sold separately. **Home delivery only.**

Relaxing made easy

Along with producing relaxing bubbles, these invigorating systems can also help to relieve stress and improve circulation. The spa systems shown are made in the UK and come complete with a child safety suction feature for added peace of mind.

Fitted for you

Order a home spa system together with a whirlpool-compatible bath, and we'll fit it before delivering it to you. Our spa systems can be added to most Cooke & Lewis baths, except for steel and freestanding types.*

Straight shower baths

Straight shower baths have a rectangular design, meaning they take up less width than traditional shower baths. It also means you can use a standard rectangular bath panel and screen, instead of a shaped glass screen.

Baths, panels and screens also available separately at diy.com

Double-ended baths

With two sloping sides and centrally located taps and waste, double-ended baths have a sleek, symmetrical look, and are often more spacious than single-ended styles, giving you plenty of space to unwind. **Home delivery only.**

Taps

Complete your bathroom décor with the perfect finishing touch. Available in a choice of finishes, our taps are functional, efficient and brimming with style.

GoodHome	167
Hoveton	179
Fonthill	180
GROHE	181
Bristan	182
Ideal Standard	186
Aquadry	187
VitrA	188
Heritage Bathrooms	189

We're proud to announce that our GoodHome taps range has won Ideal Home's 2026 One Small Step for Sustainability award.

With water-saving features, rigorous testing and a 10-year guarantee, these durable taps make it easy to use less water – without compromising on style.

Timeless taps

Although they might seem like a small part of your bathroom, taps form a key part of your overall décor. From versatile and modern mixers to standout freestanding styles, here's a closer look at the different types of bathroom taps.

Basin mixers and bath fillers

Basin and bath mixer taps blend hot and cold water, allowing you to control the temperature and flow of water through a single spout. Choose from a range of styles, including tall and cloakroom basin mixers.

Basin and bath taps

With separate taps for hot and cold water, basin taps give a more traditional feel to your bathroom. Also available as bath taps, these styles often include cross heads for a truly classic look.

Bath shower mixers

These all-in-one taps mix hot and cold water, flowing out of either a mixer tap or integrated shower head. With no need for a separate shower, they're an easy way to add a showering option to your bath.

Freestanding taps

A perfect pairing for freestanding baths, these taps stand directly on the floor and can be positioned wherever there's an available water feed, creating a stunning focal point in your bathroom.

Colours available

GoodHome taps

Available in a selection of finishes, all GoodHome taps come complete with a 10-year guarantee,* giving you quality that lasts. The basin mixer taps come with either a pop-up or clicker waste.†

Mixer showers

Create a relaxing showering experience with our range of mixer showers, including our super-sleek concealed shower kits. Available in a selection of classic and contemporary finishes, there's a style to suit every bathroom.

Mixer showers	192
Shower pumps	201
Concealed shower kits	202

Mixer showers

Blending water from your hot and cold pipes, mixer showers make it easy to find the perfect temperature. For a consistent showering experience, choose a thermostatic mixer shower, which won't change temperature when someone else runs a tap.

Aquadry concealed shower kits

Designed to hide pipework and valves inside the wall, Aquadry's concealed shower kits give your shower a seamless, minimalist aesthetic. From luxurious rainfall showers to additional handheld outlets, here's how to create your perfect concealed shower with Aquadry. Shop the range at [diy.com](https://www.diy.com)

Choose your outlets

Aquadry's range of concealed showers includes a two outlet option for a fixed overhead shower head and a smaller handheld shower, and a three outlet option for an added bath tap. With a choice of ceiling or wall arms and a handy riser bar, you can customise your shower to suit your routine.

Choose your colour

Concealed showers aren't just another bathroom fixture – they're a stylish part of your décor. From classic chrome and modern black to an eye-catching brushed bronze finish, you can turn your everyday shower into a statement piece.

Digital, electric & power showers

From standard electric showers to smart digital styles, explore a wide range of showers to complement your daily routine.

Digital showers	206

Why go digital?

With a range of smart features, such as voice activation, app control and customisable temperature presets, digital showers make it easy to create the perfect shower, every time. **Home delivery only.**

Know your water pressure

Gravity system

Features a cold water tank in the loft and a hot water cylinder in the airing cupboard. The greater the vertical distance between the tank and shower head, the better the performance.

High pressure system

Water is provided via a high pressure hot water cylinder (usually in an airing cupboard). An expansion tank is often visible on top of the cylinder.

Combination system

Often referred to as a 'combi', the boiler is usually located in the kitchen and fires up the moment a hot tap is switched on.

AQUALISA

SMART DIGITAL SHOWERS - OPTIC Q™

- Precise Temperature
- Ultimate Control via the Aqualisa® App
- Wi-Fi Connected
- Eco Friendly
- Simple Installation
- Saves Water and Money
- Works With Any Water System
- 5 Year Guarantee

View the full Aqualisa® smart digital range on pages 208-209.

Why choose an Aqualisa® smart digital shower?

With Aqualisa® smart showers, you can start your shower in four easy ways: voice control using a smart speaker, through the Aqualisa® app on your phone, via a remote control or on the shower controller itself.

Once your shower starts, the Aqualisa® SmartValve™ checks and regulates the water temperature 10 times a second for a consistent showering experience. You can even track your water usage through the app, so you can keep an eye on how much you're spending.

All Aqualisa® smart showers come with a 5-year parts and labour guarantee.*

For more digital showers see diy.com

Electric showers

Connecting to the mains cold water supply, these energy-efficient showers draw water over an in-built heating element, giving you hot water on demand.

Good to know

Electric and power showers should always be installed by professionals.

If you're installing a new electric or power shower, it must be installed by a Part P-certified plumber or electrician. A qualified professional will be able to install, upgrade or check the wiring, to make sure that your new shower works safely.

Find your perfect **enclosure**

Whether you're looking for a classic full enclosure or you're mixing and matching with different panels and doors, shower enclosures can be a great way to add some style to your space. Here's a closer look at the different styles to help you get started.

Full enclosures

An easy way to protect your bathroom from splashes. Explore our range of square, quadrant and rectangular enclosures, available in a selection of frames and glass styles.

Fixed panels and doors

For a more standout look, mix and match different fixed panels and doors to create your perfect enclosure, with a choice of both pivot and sliding doors.

Walk-in enclosures

Perfect for larger bathrooms. Similar in style to wetrooms, walk-in enclosures feature a spacious showering area, partially enclosed by a sleek glass panel.

Shower trays

Available in a selection of shapes, styles and colours, shower trays act as the foundation of your shower, giving you a safe, sturdy base to stand on.

GoodHome Ledava

Sleek, stylish and incredibly versatile, the GoodHome Ledava range has it all, with an anti-limescale finish to keep it sparkling. Available in chrome or matt black profiles, with a choice of clear or mirror glass. **Home delivery only.**

Ledava features

All Ledava enclosures feature extra-thick 8mm safety glass, with a 1950mm high screen to reduce water splashes. The enclosures come with reversible fittings for right or left-handed door opening, and can be adjusted up to 20mm for uneven walls.

Cooke & Lewis Onega

With a range of doors and openings to choose from, the Cooke & Lewis Onega shower enclosure is a versatile choice for most bathrooms.

Onega features

Our Cooke & Lewis Onega enclosures feature thick 5mm safety glass, with a 1900mm high screen to reduce water splashes. The enclosures come with reversible fittings for right or left-handed door opening, and can be adjusted up to 25mm for uneven walls.

Create your wetroom space

Stylish, versatile and fully accessible, wetrooms give your bathroom an ultra modern feel. From trays and screens to waterproofing and accessories, our wetroom range has everything you need to create your dream bathroom. Visit **diy.com** to find out more.

Why choose a wetroom?

With floor-to-ceiling tiling and an open layout, wetrooms create a luxurious, spa-like bathroom that's great to unwind in. The lack of bulky shower or bath units makes them a great option for smaller spaces, with no separate enclosures to keep clean.

Independent living

As well as being a popular choice for modern bathrooms, wetrooms are also great for accessibility. The large floor space and open design make access easier, and features like a level-access tray are perfect for people with reduced mobility.

Style it your way

From tiles and shower panels to accessories such as seats, screens and recessed storage units, you can customise your wetroom to suit your style.

Explore our range of wetroom essentials at [diy.com](https://www.diy.com)

Waterproofing your space

Create a fully waterproof space with our range of Aquadry backer boards and installation kits. Designed to sit behind your wall or floor tiles in place of timber or plasterboard, backer boards are an essential part of any wetroom design. **Home delivery only.**

Wetroom shower seats

Aquadry tileable shower seat

Waterproof pre-assembled shower seat ready to tile.

Can be cut to size or fixed together to create longer runs.

Suitable for use with electric underfloor heating.

Raised wetroom trays

Ideal for when replacing a bath with a wetroom and the shower waste has to be installed above floor level. Available in various heights, sizes and drain options. Raised wetroom trays can be cut to length. **Home delivery only.**

- Designed to keep the trap above the original floor level
- Suitable for concrete floors or when longer drain runs are required
- Trays can be reduced in length by cutting
- Width can be reduced by a maximum of 50mm off each size
- Includes installation kit and stainless steel drain cover.

Good to know

All Aquadry wetroom trays come with an installation kit, complete with a high capacity waste and trap with stainless steel grate, installation adhesive, waterproofing tape and tape adhesive.

Shower panels

Whether you're designing a wetroom or just creating a stunning feature wall, our stylish shower panels offer an affordable, fuss-free alternative to individual tiles, giving you a seamless finish for a fraction of the price.

Splashwall shower panels	246
Stylepanel shower panels	254
Triton shower panels	258
Aquadry shower panels	260

Splashwall™ shower panels

Splashwall™ panels are the ideal alternative to tiles, making it quick and easy to transform your bathroom. Panels can be fitted onto virtually any surface for a watertight finish, including over existing tiles.** Choose from four product ranges, all backed by a 15-year guarantee.* Splashwall™ accessories are all available at diy.ie and can also be found in the Splashwall™ brochure.

What is a shower panel?

Shower panels are a simple and innovative way to transform your bathroom. Splashwall™ large format panels are typically 2420mm high and 1200mm wide.

Each panel is securely fitted to the wall using adhesive and creates a watertight finish using silicone sealant and trims (where necessary).

Unlike tiles, these panels don't require a specialist fitter and can be installed in a matter of hours. Plus, aftercare is minimal as there's no grout to keep clean. Panels can simply be wiped down with a non-abrasive cleaner.

Postformed

Postformed panels give you a decorative finish on the edge, meaning you don't need trims to complete the install.

Tongue and groove

Tongue and groove panels allow numerous panels to slot together along a wall to create a seamless finish.

Splashwall™ composite shower panels

Inspired by subway tiles, these gloss composite panels create the appearance of single tiles without the mess and installation time. **Home delivery only.**

Aquadry shower panels

Wake up to that new bathroom feeling every day. These PVC shower panels make a stunning low-maintenance feature for your walls. **Home delivery only.**

Aquadry PVC, travertine beige effect.

Aquadry PVC shower panels

Simple to fit

To install, simply click the tongue and groove panels together using a small bead of sanitary silicone to create a watertight finish. There's no drying time or grouting, and they can be fitted over existing tiles.

Easy to maintain

With no grouting to discolour, these wipe-clean panels are super easy to maintain. They're 100% waterproof and Class 1 fire rated, and offer excellent insulation and soundproofing properties.

Finishing touches

Find the perfect finishing touches for your bathroom. Whether it's bold accents or a clean, classic finish, there's something to suit every style.

Accessories	268
Bathroom lighting	270
Towel warmers	273
Bathroom tiling and flooring	274

Accessorise your space

From soap dishes and toilet roll holders to shelves and towel rails, accessories are an easy, stylish way to keep your bathroom organised. To explore our range, visit diy.com/bathroomaccessories

Wall-mounted accessories

Easily fixed to your wall, these accessories are great for stashing your essentials and keeping your bathroom free from clutter. Use shelves and baskets to keep your toiletries in easy reach, and add hooks or rails to hang your towels neatly.

Freestanding accessories

Freestanding accessories can be used to add beautiful accents to your bathroom. Whether you mix and match or choose a coordinating set, these accessories can easily be mixed up to suit changing interiors.

Bathroom lighting

Light up your bathroom with our range of IP-rated lighting, including spotlights, ceiling lights and wall lights in a selection of styles.

Safety first

A 30mA RCD must be used. All new and modified electrical installations must comply with the latest IET Wiring Regulations (BS7671) and bathroom lighting products must be installed in accordance with local building regulations. If in doubt, contact a qualified electrician.

Zone 0
IP67
Inside the bath or shower.
Must be IP67 rated.

Zone 1
IP65
The area above the bath or shower to a height of 2.25m from the floor. Must be a minimum of IP44 rated (or IP45 if exposed to water jets). IP65 rating is recommended.

Zone 2
IP44
The area 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. Must be a minimum of IP44 rated.

Other zones
IP20
Anywhere outside zones 0, 1 and 2. No special requirements, however, it's recommended any light fittings in other areas should have a rating of at least IP20.

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations. Restrictions apply. Delivery charges may apply. See diy.com or see in store for further details. When buying at diy.com we'll tell you the delivery time during the checkout. Please ask about delivery times when ordering in store.

Store delivery service

If you're not able to get your items home from store, why not use our store delivery service? This service enables you to have your items delivered to the ground floor room of your choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering and delivery FAQs

Will all of my home-delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries will be made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that in some stores your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see diy.com/click-collect for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page at diy.com/click-collect

Prices correct as of 26 June 2026.

Prices and availability may have changed since the publication of this brochure. Customers are advised to check current prices and availability online at diy.com before purchasing.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at the time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation.

Finance

Open a FlexiPlan credit account and use it for everything you need from B&Q for your home improvement projects when you spend £75 or more. There's one application, one credit limit, and multiple repayment options. Please see diy.com/flexiplan for more information or speak to a colleague in store. Credit available on purchases between £75 - £25,000. **17.9% APR representative.** Interest-free options available on purchases over £1,000. Terms and conditions apply. Availability of credit is subject to status. **B&Q Limited acts as a credit broker and not as a lender and offers credit products from more than one lender. The credit advertised here is provided by Creation Consumer Finance Ltd.**

Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit diy.com for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.com

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.co.uk

Write to us at B&Q Customer Services Centre, Chestnut Avenue, Chandlers Ford, Hampshire SO53 3LE.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.
