- ✓ **High-quality decking-boards** - cut to length and ready to use
- ✓ **Timber beams and joists** – from treated timber, cut to length and ready to be screwed together
- ✓ **Joist hangers** - pre-hung in the correct positions to support the joists
- ✓ **Foundations** – provided by height-adjustable pre-cast concrete plinths to ensure the decking is horizontal even on sloping or uneven ground
- ✓ **Metal brackets** – rust-resistant and designed to lift the timbers off the ground and to stop dampness soaking in, extending their life
- ✓ **Fascia Grass** - a piece of attractive artificial grass to dress the edge of the decking on all sides
- ✓ **Assorted woodscrews** - to help you complete the job quickly
