

Wall Mounted Wifi Timer Switch – OP-TSWF01

Please read the instructions fully before attempting installation.

IMPORTANT

This unit should be installed to current IEE wiring regulations.

- Timer must not be mounted on a flammable surface.
- Ensure that the timer does not come into contact with any combustible material such as towels or bedding.
- Ensure at least a 300mm airspace is allowed around the timer.
- The timer should not be mounted on an unearthed metal or metallised surface.
- If the timer is to be connected to an appliance that is required to be earthed. The supply earthing conductor and the appliance earthing conductor should be terminated together in the earth terminal provided within the timer.

Technical Specifications
