

CEILING FAN WITH LIGHTS

WARNING

- All installation work should be done by accredited professionals.
- Rated Voltage: AC180-265V/60Hz, using a power supply beyond the specified will cause damage to the lamp.
- Please cut off the power before installation, and connect the wires according to the correct polarity.
- Please do not use chemical solvents to wipe the lamp body. It is recommended to wipe the surface of the lamp body with a cotton cloth dampened with a small amount of water.
- It can only be used indoors.

PACKAGE LIST

Description	QTY
Lamp Body	1
Mounting Strip	1
Screw Pack	1

User Manual	1

INSTALLATION STEP DIAGRAM

Step 1:

Use mounting strip as a reference to position the ceiling. It is recommended to draw the position with a pen.

Step 2:

Use a power drill to make holes in the ceiling.

Step 3:

Knock the plastic expansion bolt into the hole.

Step 4:

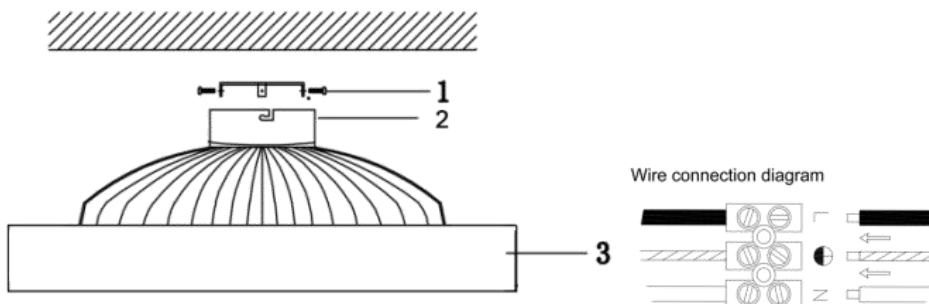

Fix mounting strip to ceiling after aligning holes with the expansion bolt and tighten with expansion screw.

Step 5:

Connect wires as the shown diagram.

Step 6:

Hook the lamp body (3) to the mounting strip by aligning holes and secure with screws (1).

USE OF REMOTE CONTROL

Living and Home
