SAFETY INFORMATION

Assembly Safety

1. Ensure you have a clear and spacious area to assemble the rack.
2. Follow the assembly instructions step by step. Incorrect assembly can lead to instability.
3. Tighten all screws and fittings securely to ensure the stability of the rack.
4. Do not use power tools to tighten screws as this may damage the bamboo material.

Usage Safety

1. Place the rack on a flat, even surface to prevent tipping.
2. Do not overload the rack, which can cause the rack to become unstable or collapse.
3. Distribute the weight evenly across the rack, especially on the hanging rod and shelves.
4. Ensure that heavier items are placed on the lower shelves to maintain a low center of gravity.
5. Use the hooks on the side for lightweight items only.

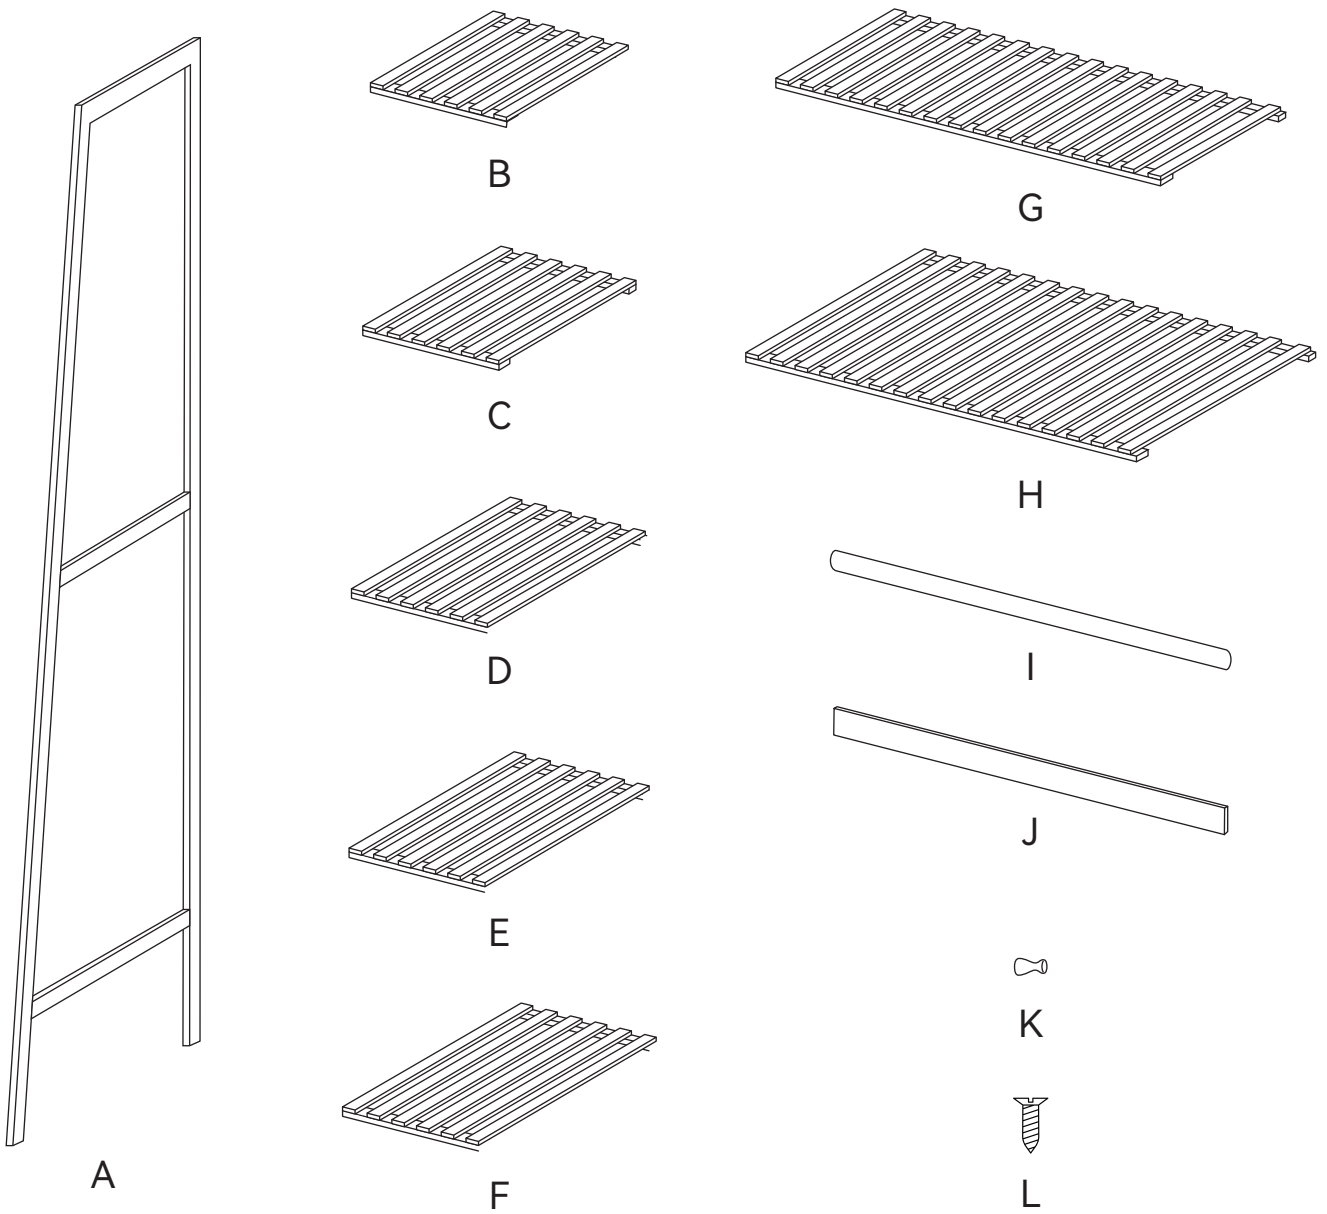

Children and Pets

1. Keep children and pets away from the rack during assembly.
2. Do not allow children to climb on or play with the rack to prevent accidents.
3. Ensure that small parts, such as screws, are kept out of reach of children to prevent choking hazards.

Disassembly and Moving

1. If you need to move the rack, disassemble it and transport the parts carefully.
2. Reassemble the rack following the original assembly instructions to ensure it remains stable and secure.

PARTS LIST

A. Bracket x3
 B. Layer board x1
 C. Layer board x1
 D. Layer board x1

E. Layer board x1
 F. Layer board x1
 G. Layer board x1
 H. Layer board x1

I. Round rod x1
 J. Square rod x2
 K. Hooks x2
 L. Screws x36

ASSEMBLY GUIDE

① Screw the layer board G, H, round rod I and square rods J to the bracket A.

② Assemble another bracket A with screws.

③ Screw the layer board B, C, D, E and F to the bracket A.

④ Assemble another bracket A with screws.

Screw the hooks K to the bracket A.

Finish.

MAINTENANCE & CARE

1. Regularly check the stability of the rack and retighten screws if necessary.
2. Clean the rack with a cloth. Avoid using harsh chemicals that may damage the bamboo.
3. Do not expose the rack to excessive moisture or direct sunlight for prolonged periods, as this may weaken the bamboo and reduce its lifespan.
