

# Pet Data Form

We care about your pet's health. To buy this item, you need to submit pet information. Providing this information will help determine whether the licenced NFA-VPS Product you are ordering is the correct Product for your pet, their needs, and that you know how to administer it safely. All fields required.

**Buyer full name**

**You full postcode**

## What is your pet's name?

Saving your pet's name will help you make faster orders in the future.

## What is your pet's age?

Knowing the age will help check if the product is suitable for your pet. Include the exact months if your pet is less than one year old. If your pet is older than one year but you aren't sure of the exact date, please provide an estimate.

## What is your pet's weight in kilograms (kg)?

To find out your pet's weight, first weigh yourself and note it. Then pick up your pet and step on the scale. Record that weight. Subtract your weight from the combined weight to get the result.

Please ensure your pet's weight is within the medicine's recommended range. Enter the weight in KG.

## What is your pet's gender?

Female

Male

## Is your pet pregnant?

During the first two trimesters, your pet's foetus is in the development stage. However, during the third trimester, your pet's foetus continues to grow, but is no longer developing. Due to this transition, once the pregnancy has progressed to the third trimester, some medications are no longer dangerous to the foetus.

Yes

No

## Is your pet lactating?

Yes

No

## Is your pet neutered?

Yes

No

**Does your pet have any allergies?**

**Please provide any additional allergy information for your pet.**

**Is your pet on any other medications?**

Please tell us about your pet's medication. Please specify the medication, dosage, and the condition it is being used to treat. This will help to check if the product is suitable.

**Would you like to tell us something further about your pet?**

**To be legally compliant to purchase this medication over the internet, the VMD (Veterinary Medicines Directorate) also require the following questions to be answered:**

In your own words, please describe your reasons for wanting to buy this product:

**In your own words, please describe how you are going to administer this product:**

**Are you happy to keep your pet's details on file for future orders?**

Yes

No

### **Medical Disclaimer**

You acknowledge that you are fully aware of all necessary safety precautions related to the product(s) and understand how to use them safely and effectively. Additionally, you confirm that you have carefully reviewed the packaging and product literature, including the Summary of Product Characteristics, as well as any warnings, contraindications, and potential side effects outlined in the data sheet.

I will read the packet or package leaflet before use, making special note of contraindications, special warnings, directions for use, dosage and adverse reactions. I will also read the Product Details Section below.

I am aware that certain products are unsuitable or unsafe during pregnancy and/or lactation and will check my pet's status before administration.

I will dispose of any unused product as directed by the manufacturer on the package leaflet.

I confirm that I have checked my pet's details and confirm that they are up to date and accurate.

If you have not previously used this product on your pet or have any concerns regarding its use, you agree to seek advice from the seller before proceeding. Furthermore, you confirm that you have verified the product's suitability based on your pet's specific age, gender, weight, and intended indication.

In the event of any uncertainty about whether this product is appropriate for your pet, you acknowledge that it is your responsibility to consult your veterinarian for professional guidance.

All your information above will be sent to an authorised team member to be verified before the order is processed for dispatch. This will ensure the suitability and safety of the product for your pet.
