

Motorised Fingerprint Safes

The Yale Maximum Protection Motorised Fingerprint Safes can store and recognise up to 100 fingerprints, to give you easy access across a team or family. You can also open these safes with a PIN code, mastercode or key, ensuring complete flexibility.

Keep your most important belongings secure and safe with anti-drill plates, anti-saw bolts and a laser-cut door that protect the safe against tools.

For added protection, the safe automatically shuts down for a minute after three failed PIN attempts.

Suitable for:

Jewellery

Watches

Important Documents

Passports

Smart Devices

Keys

Laptop

Camera

- Fingerprint, PIN code or mastercode access
- Ability to store up to 100 fingerprints
- Clear LCD keypad display
- Lock down for one minute after three incorrect attempts
- Anti-drill plate and laser-cut door for ultimate protection from attack
- Motorised locking mechanism with two anti-saw locking bolts (20mm)
- Maximum security mechanical over-ride lock that includes 1 double bitted key
- Internal light, hooks and shelf
- External 9V battery option to gain emergency access (battery not included)

These safes are rigorously tested against attack and conform to Sold Secure Silver and SKG**.

Trusted every day

**Automatic door opening mechanism
