Monder Black Finish

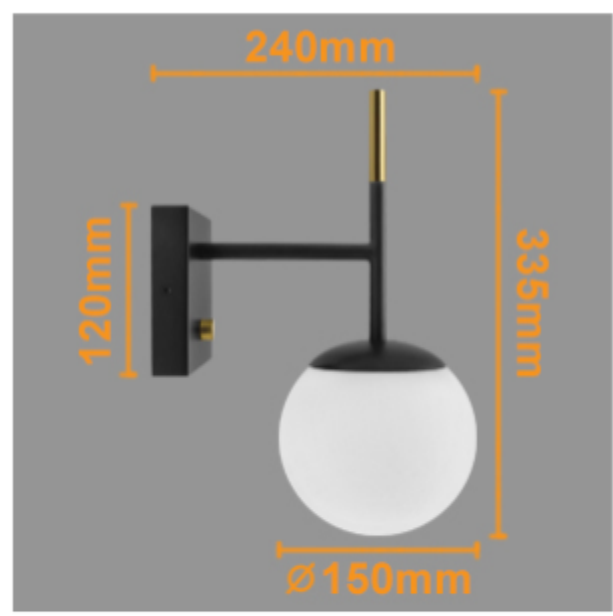

Orb Light

Orb shaped lighting is very modern and an in trend way of lighting up your personal living space. Orb shaped glass shades are normally frosted which allows light to glow through.

Ambient

A very ambient fixture yet allowing enough light to come through for the purpose of lighting. The stunning wall lamp sconce has 1 light, matte black metal frame with a subtle touch of brass detailing. Please note the brass knob in the middle of the light fixture is not a functional button, it is only for decorative purpose.

Modern

Use around your home to elevate the ambience of your living space. Can be used for illuminating stairwells, vanity mirrors, porches, living rooms, bedrooms and hallways. The light fixture is meant to be downwards.
