Stainless look with Vintage shades for Outdoor use

Design outdoor space with the new lantern concept
Rectangular shape wall lamp with a vintage touch.

This fixture should ideally be complemented with a vintage style filament bulb to bring out the real character of the lantern.

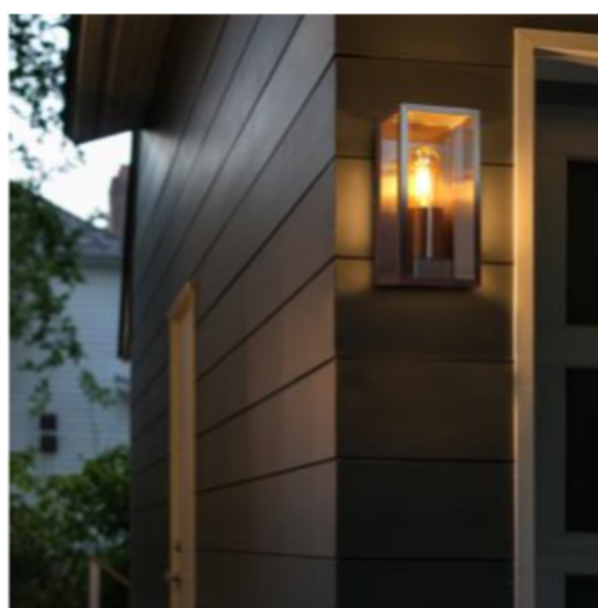

This out door wall lamp is ideal for use in various locations such as gardens and corridors etc.

Please Note: This Fixture Is NOT Suitable For Sea Fronts

Instaled beautifully outside the entrance

These wall lamps create a great welcoming environment and bring an astonishing beauty when instaled on the side of the entrance door.

Instalation in gardens

Gardens looks more elegant with the new Rectangular Glass Wall lamp as it allows the vintage bulb to dispense the light effects in wall lamps so beautifully that it brightens the whole area.

Instaled outside the garage

It also appears beautiful when instaled at the sides of the garage as it not only provides the light in the dark but also creates a beautiful look to the garage walls.
