Black body Metal wall lamp with Vintage shades for Outdoor use

Design the outdoor space with new lantern concept

Rectangular shape wall lamp with Vintage touch.

This fixture should ideally be complemented with a vintage style filament bulb to bring out the real character of the lantern.

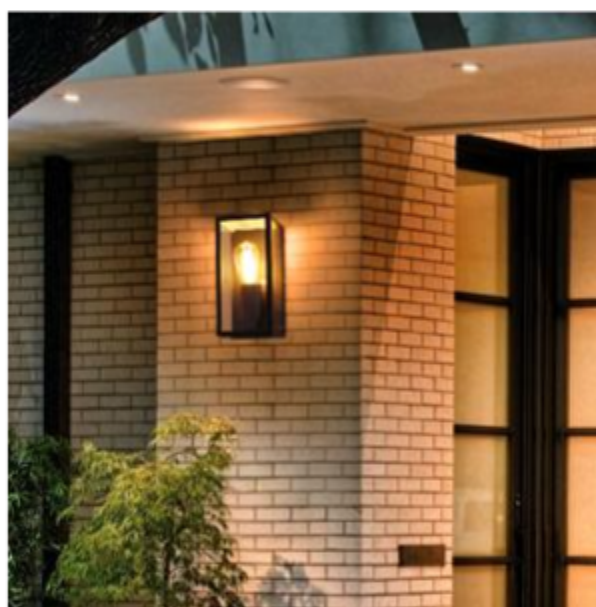

This out door wall lamp is ideal for use in various locations such as in gardens, corridors etc.

Please Note: This Fixture Is NOT Suitable For Sea Fronts

Instaled beautifully outside the Entrance

These wall lamps create a great welcoming environment and bring an astonishing beauty when instaled on the side of the entrance door.

Instalation in gardens

Gardens look more elegant with new Rectangular Glass Wall lamp as it allows the Vintage bulbs to dispense the light effects in wall lamps so beautifully that it brightens the whole area.

Instaled outside the garage

The lamp acts as a beautiful concept when instaled both sides of the garage as its not only provides the light in the dark but also creates a beautiful look to the overall space.
