Vintage Retro Pendant Ceiling Lampshade Ribbed Glass Dome

Stunning pendant finished in Antique Silver complimented by dome glass shade with ribbed design. This particular pendant shade is retro vintage it was used in the 60's and 70's for home and in diners. Once used with Vintage E27 Edison Filament Bulbs the visuals on this pendant are second to none. Due to its slight frosted glass and simple yet elegant design it can also be used in modern home lighting schemes. If you are looking for glass shades for your ceiling lights consider this as it is a true classic.

Vintage Lighting In Modern Times

Use In Pairs

Using two pendants as a drop over your dining room table is an idea to consider, hang them at different heights to create something unique as suppose to the same level.

Use In Your Bar, Diner, Hotel or Restaurant

Why not add true lighting decor to your Bar, Diner, Hotel or Restaurant. Using low level 2w vintage bulbs rather than 4w can really bring a warm and welcoming atmosphere to your space.

Use Vintage Bulbs With M014C

Due to the nature of the pendant it will be ideal when coupled with Edison Filament Vintage Bulbs. This will show the true character of the glass shade.

Antique Silver Vintage Pendant Light Retro Glass Ceiling Light Shade

Ribbed Dome

The effect of the pattern breaks up the light and spreads it around the room and reflects downwards from the Ribbed dome.

Quality Materials

Built from quality materials for durability. Finely finished to great standards for an overall amazing look.

Great Quality Product

Luxury lighting does not mean high cost, this pendant light shade is an example of high quality lighting decor.
