Stunning Ambient Lighting

## Home Use

The pendant emits light directed primarily downwards and outwards. The smoked glass provides a comfortable and uniform illumination of the area around the fixture. An idea to install in sequence over kitchen dining tables. Use in the bedroom as the center of attraction installed with warm white LED to create a mood lighting effect. Ideal for Vintage Edison filament light bulbs.

## Restaurant Lighting

The smoked glass shade is a simple and minimalist pendant light that boasts modern charm. It features a unique globe shape with a distinctive antique brass lamp holder leaving a double up effect. Housed inside the fitting is a E27 bulb (replaceable) . The modern pendant light is ideal for directing light onto very specific surfaces and areas, like above a kitchen island, Dining tables, Bars.
