Long Life Lamp Company

## LED External Wall Light

### *Modern Circular Design*

Integrated LED outdoor wall light from Zenon Lighting Collection, features a circular design to direct light mainly outward. Made from die cast aluminum with a opaque acrylic panel diffuser, this outdoor wall light gives a cool white light, 780 lumens. For external use, outside wall light features an IP54 rating, which offers a high level of protection against particles, and protection against water. **Please note do not use on a dimmer switch and install near sea front areas, do not jet wash.**

## Modern Lighting By Zenon

### Shines Bright

Built-in LEDs shine brightly and are energy-saving - perfect for modern consumers. This fixture has 12w integrated LEDs which produce 780 lumens of light output, making it ideal for external security. The luminaire is not too bright and not too subtle.

### Porch, Doorway

Up to home and in front of doorway lighting is very crucial to make it more easier and secure to access in to your home safely. This particular wall lamp is considered a direct light source making it an ideal choice for security.

### Around House

This round luminaire provides a soft bright glow that can be used to draw attention to entryways, lead a path toward a walkway and more. Crafted out of premium aluminium with black finish which protects against corrosion such as rust
