Chrome Pendant Light

Hang In Pairs or Multiples

To enhance the beauty of the house or workplace these shades are best hung in pairs or multiples. As the glass is clear different shaped bulbs can be installed in each fitting for a more distinctive look.

Home or Commercial Use

Suitable to install either in a house, kitchen or dining room as well as in commercial places like pubs, bars and restaurants. They will give a special atmosphere almost equal to a candlelight mood.

Unique Design

The holder of this pendant has a unique design and it recalls the past. The bell shaped shade will create an intimate and cozy atmosphere. This product will become the focal point of the room wherever installed.

Vintage Bulbs Recommended

Vintage ST58 bulbs also known as pear shaped or teardrop bulbs, they were introduced in the early 20th century, with exposed threaded filaments reminding of a squirrel cage shape.
