## Outdoor Wall Light Anthracite Grey

Outdoors IP54 wall light finished in modern anthracite grey colour. The half circular shape is well suited to modern and contemporary light design. Installed downwards the fixture produces a large beam to light up the facade of a building when the bulb is installed. The wall light has a frosted diffuser for a more subtle light effect.

Suitable For **LEDs Only** Max 1 x 15w E27, **Not** Suitable For Sea Front Areas (non marine grade). Outdoors Lighting Collection, bringing a vast array of wall lights. Made with robust materials for durability. One of the specialties of our Lighting is in modern contemporary garden luminaires. If you wish to enhance the facade of your building or need ambient landscape lighting its made fit for purpose.
