## Lock Instructions

### Default Code

The original combination is **0-0-0**.

### Set Your Own Combination

1. Turn the **dials (B)** to the original combination **0-0-0**.
2. Press down the **reset button (C)** with a pen or other tool until you hear a "click" sound.
3. Set your own combination by turning the **dials (B)**.
4. Push the **button (A)** in the direction of the arrow until you hear the "click" sound again.

### To Change the Code Again

Repeat the steps above using your current code instead of **0-0-0**.

### Important Notes

- Remember your combination. If you forget it, there is no way to open your lock.
- When the lock is in the "locked" status, the zipper pull can be inserted to lock the case.

# Information

---

## Important Safety Notice

This product is **not suitable for use by children** or by individuals with **physical, sensory, or mental impairments** that may limit their ability to operate the equipment safely, **unless** they have been given supervision or instruction concerning the safe use of the product by a person responsible for their safety.

Improper use may result in serious injury. Always ensure the operator is capable of understanding and following all safety instructions provided in this manual.

## Cleaning the Exterior

**Wipe Down:** Clean the hard shell with a soft, damp cloth using warm water and mild soap. Avoid using abrasive cleaners, bleach, or harsh chemicals (like acetone or benzene), as these can damage the finish or cause discoloration.

**Scuff Marks:** For stubborn scuff marks, use a non-abrasive sponge or a "magic eraser" type cleaning pad gently on the affected area.

## Wheel Care

Regularly check the wheels for debris such as hair, string, or gravel that may get caught in the axles. Remove debris promptly to ensure smooth rolling.

## Handle Operation

**Telescopic Handle:** To extend the handle, press the release button fully and pull up until it locks into position. To retract, press the button and push down. Do not force the handle if it feels stuck; check for obstructions.

**Lifting:** Always use the top or side carry handles to lift the suitcase (e.g., into overhead bins or car trunks). Do not lift the fully loaded suitcase by the telescopic handle, as this may damage the mechanism.

## Storage

Store the suitcase in a cool, dry place. Ensure the interior is completely dry before zipping it closed for storage to prevent mold or odors.

## Customer Service

If you are having difficulty using this product and require support, please contact [support@vonhaus.com](mailto:support@vonhaus.com)

## Warranty

To register your product and find out if you qualify for a free extended warranty please go to [www.vonhaus.com/warranty](http://www.vonhaus.com/warranty)

Please retain a proof of purchase receipt or statement as proof of the purchase date.

The warranty only applies if the product is used solely in the manner indicated in the warnings page of this manual, and all other instructions have been followed accurately.

Any abuse of the product or the manner in which it is used will invalidate the warranty.

## Returns

Returned goods will not be accepted unless re-packaged in its original packaging and accompanied by a relevant and completed returns form. This does not affect your statutory rights.

No rights are given under this warranty to a person acquiring the appliance second-hand or for commercial or communal use.

## Copyright

All material in this instruction manual are copyrighted by DOMU Brands.

Any unauthorised use may violate worldwide copyright, trademark, and other laws.

## Thank You

Thank you for purchasing your product/appliance.

Should you require assistance with your purchase, please contact us at [support@vonhaus.com](mailto:support@vonhaus.com)
