

# Double Wall Light ZLC336B

Long Life Lamp Company

## Modern Outdoor Up Down Wall Light

*With Clear Diffusers*

Outdoor lighting's popularity has increased in recent years, thanks to the great potential of LED technology. Now exterior places can be lit on a strict budget but ensuring quality and effectiveness. This lamp has a unique feature thanks to the clear diffusers, visually appealing when turned on letting the ring on the top and bottom part emit a soft glow. This light will compliment your outdoor lighting scheme.

Clear Diffusers

## True Ambient Garden Luminaire

### IP44 Rated

Perfect for outdoor use, this product will resist to adverse weather conditions. Made with good quality materials. To note that this is unfortunately not suitable for seafront areas as it is not marine grade. Also Not To Be Installed On Timers or Dimmers.

### Enhance Your Property

This wall light will look magnificent and will enhance the facade of any building where installed thanks to the exclusive modern design and the matte grey finish. Installed in pairs these wall lights will create a beautiful symmetric effect.

### Up Down Wall Light

Light comes from the top and bottom part for an even distribution. It also creates a stunning effect when coloured bulbs are used, if you want to be creative different coloured bulbs can be installed inside. The ambient glowing ring on the bottom and top end just adds to the overall beautiful effect.

### Long Life Lamp Company Product

This fixture acts not only as an up down lighter but also as a decorative piece when the light is off. It has an elegant design thanks to the clear diffusers that lets you catch a glimpse of light.
