GU10 Wall Light IP54

Modern directional beam angle garden wall light. The ZLC371B requires a GU10 LED bulb which is not included. The bulb is easily replaceable, the light fixture itself has an 180 degree up and down adjustment. Aluminum with black finish IP54 rated for external applications. Single outdoor wall mounted light fixture to enhance the facade of a building and illuminate for security. The clear diffuser and round shape allows the light to come shining down like a spot lamp.
