

To change batteries
(requires 1 x AAA - not included)

To locate the battery compartment pull part A away from part B (they are attached to each other by a magnet). Insert 1 x AAA battery, following the correct polarity. Replace the battery compartment cover.

Please be sure to observe the following warnings:

- As batteries contain flammable substances such as organic solvents, they may cause heating, rupture or ignition.
- Do not throw batteries into fire
- Do not connect the + and - electrodes to each other with metal or wire.
- Avoid inversed connection of + and - terminals to devices
- Avoid mix of old and new batteries or batteries of other series
- Avoid direct soldering of batteries.
- Keep batteries out of reach of children. Should a child swallow a battery consult a physician immediately
- Keep batteries away from direct sunlight, high temperature and high humidity

Safety Precautions:

- Warning: When using this product, basic precautions should always be followed.
1. Read all the instructions before use.
 2. This is not a toy so please keep away from Children.
 3. If not used over a period, please remove battery.
 4. Store in cool and dry place.
 5. Do not use the device if damaged or modified.

This product bears the selective sorting symbol for waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European Directive 2012/19/ EU in order to be recycled or dismantled to minimize its impact on the environment. For further information, please contact your local or regional authorities. Electronic products not included in the selective sorting process are potentially dangerous for the environment and human health due to the presence of hazardous substances.

DRAFT WIZARD ON THE GO

TRANSFORMS BOTTLES AND CANS INTO DRAFT

Draft Wizard On The Go has in-built foaming technology for the perfect pour. Ensuring a flawless aerated pour every time and improving the taste and texture of your favourite beer.

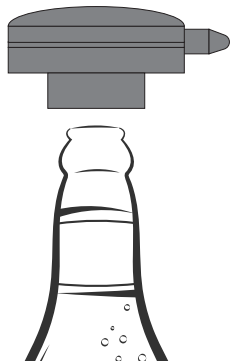

To use with cans
(66mm diameter approximated)

1. Use A and B together.
2. In case Parts A, B and C are assembled, please remove the bottle usage part C, by pulling it away at a slight angle. You are now ready to use the item.
3. Open the can of beer and push the Draft Wizard on to the top of the can - the silicone will seal tight.
4. Push the button on the top of A and pour your beer into a glass.
5. Hold unit and pull can from the base to release

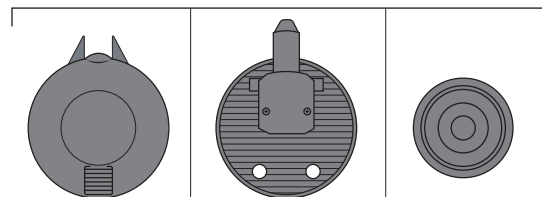

To use with bottles
(26mm diameter approximated)

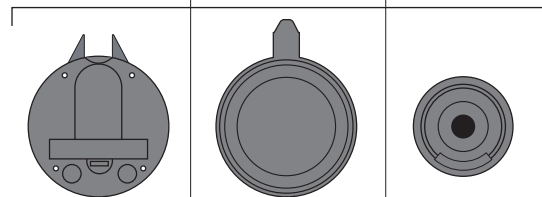

1. Use A, B and C together.
2. In case parts A,B and C are not assembled, insert C into the base and twist clockwise.
3. Use the bottle opener on the back of C to open your beer bottle and push the Draft Wizard on to the top of the bottle - the silicone will seal tight.
4. Push the button on the top of A and pour your beer into a glass.
5. Hold the unit and pull the bottle from the base to release.
