

pop 200 SD tent instructions

how to put up your tent

Unloop the elastic strap and throw the tent away from yourself. Peg out using pegging points and all guy ropes.

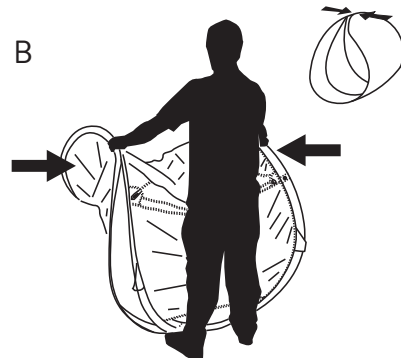

parts list

- 1 x Pop Up Tent
- 1 x Bag of Pegs

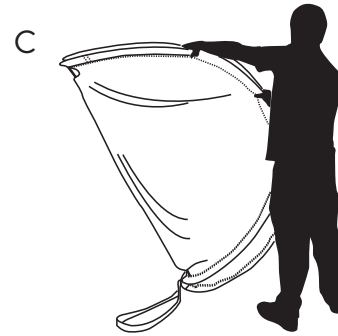

how to put down your tent

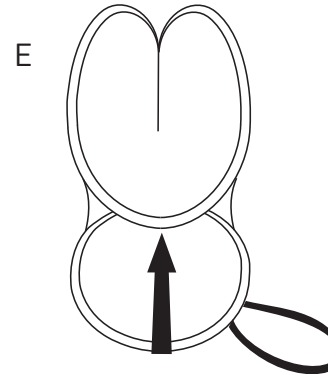

Pull the sides and top upwards.

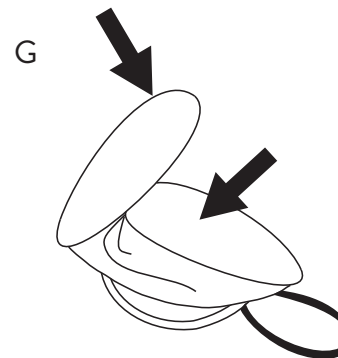

Hold the edges at the centre with one hand. Keep held until step G.

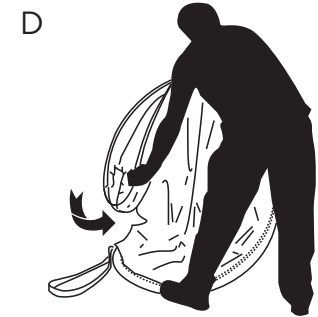

Flip the tent 90 degrees on to one end.

Tuck the top end in.

Release edges and fold the ring shapes down.

Push the top end down towards the ground.

And then pull the edges over to create ring shapes.

Align the folded rings and slide over the strap.
