		G	

ASSEMBLY INSTRUCTIONS

1.

2.

3.

4.

N.B. Always tilt the bottom of the boards first so that the clipped corners are placed in first

 **Caution**
During assembly:

 Take care when handling heavy items, particularly when lifting or stretching

 Wear appropriate safety clothing - protective gloves and footwear are recommended

 Build on a suitable level floor surface, which is strong enough to support the load

 Allow adequate working space and be aware of others working around you

 Dispose of packaging materials responsibly
