

# 4ALL Shallow Drainage Channel

### Features

- Easy to install as the required depth to dig down is very shallow
- Light Grey colour is ideal for use with Porcelain Paving
- Available in Black or Grey P/P and Galv
- A15 Domestic rating
- Click the grating in and out, no screws required
- Designed in accordance with EN 1433
- Easy to assemble
- Quick waterflow drainage
- High mechanical and chemical resistance
- Lightweight
- Easy to carry

### Accessory Pack

#### 2 x 4ALL Shallow end cap outlets

#### 1 x 4ALL Shallow closed end cap

4ALL Shallow end caps can be used at the end of the channel runs to stop the flow of water.

#### 1 x 4ALL Shallow outlet

Vertical outlet attaches directly underneath the channel. Allowing pipes to be connected to the channel and to take the surface water away to underground systems.
