

SUPERLOCK BOLT ON SECURE KEEP

- G** Slim keep that fits between the gate and the post for use with the Superlock range of locks
- G** Secure – Prevents access to the latchbolt, interlocking design ensures gate can't be prised open
- G** Improves gate appearance – Slim design blends in well with the gate
- G** Versatile – Gate keep is simple and easy to fit to a wide range of applications.

PRODUCT DETAILS

Product code:	Description:
BSKS	Superlock interlocking secure keep

Includes: Self expanding fixings for post bracket

Expanding fastener

INSTALLATION

- Drill 2 x 15mm (5/8") dia. holes at 140mm (5 1/2") centres in the gate post for 2x expanding fasteners.
- Insert expanding fasteners through the post bracket into the post, and tighten with 5mm allen key
- Drill 2x 9mm (3/8") holes at 140mm (5 1/2") centres in the gate (these will have already been drilled when fitting with a Superlock) and bolt the bracket on using the M8 fixing bolts supplied with the lock.
