## assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

## step 1:

Start by placing the table top (A) upside down on a flat surface. Then place the table leg (C) upside down and align the slots on the legs with the holes on the table top. See this image for reference.

## step 2:

Insert washer (G), lock washer (F) and bolts (D) on all four holes and fix them in place with the help of allen key (H).

**⚠ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.**

### step 3:

Now, place the table base (B) upside down on the top of the pedestal (C). Insert washer (G), lock washer (F) and bolts (E) and tighten them up to 50% using allen key (H).

### step 4:

Make sure the top and base are parallel to each other. Adjust if needed. When done, tighten all the bolts fully up to 100% and flip the table upside down.
