

Material: Brass

Aerator: Flow straightener

Control Type: Single lever

Flow Type: Single flow

Hose Supplied: Supplied with flexible tail pipes

Connection Type: G 1/2" connection

Hose Bore Size: 8mm

Hose Diameter: 12mm

Hose Length: 400mm

Mount Type: Deck mounted

Product Height: 253mm

Product Width: 52mm

Product Depth: 225mm

Height To Spout: 195mm

Spout Reach: 175mm

Spout Type: Swivel spout

Tap Operation Type: 1/4 Turn

Valve Type: 35mm ceramic cartridge

Pressure Suitability: Suitable for high pressure systems

Gravity Fed Systems: Not suitable

Maximum Bar Pressure: 3 bar

Minimum Bar Pressure: 1 bar
