

SHED & FENCE

ULTIMATE+

LONG LASTING PROTECTION

Overview

King of Paints Ultimate+ Shed and Fence protects exterior wood from the elements while providing a smart look for your garden.

Ultimate+ is manufactured with a special mix of algaecides and fungicides for the elimination of mildew growth, so your paint finish will look better for longer.

With a 5 year minimum guarantee, Ultimate+ Shed and Fence paint provides protection against wet wood rot, extending exterior woodwork lifespan by years.

Ultimate+ is an extremely durable paint and will protect in all weather conditions. It is ideal for the winter months and will easily stand up to rain, frost and snow. Ultimate+ will not fade in the sun either and can withstand the impact of strong wind.

Perfect for use on all rough sawn and smooth planed wooden surfaces. Ultimate+ Shed and Fence paints is very easy to apply with brush, roller or spray equipment and is 100% rainproof in an hour.

Ultimate+ Shed & Fence - Features

- Standard 5 year durability
- Exceptional elasticity for a durable finish
- Added algaecides and fungicides prevents wood rot
- Stands up to rain, frost and snow
- Thick creamy consistency is easy to use and apply
- Can be applied by brush or roller, or spray equipment
- 100% rainproof in just an hour
- Outlasts standard creosote and most other fence stains
- Can be used on smooth planed and rough sawn wood
- One coat system (2 coats may be required on rough sawn)
- Developed using a water-based system to give long lasting results with a low carbon footprint

One with nature, forest green is a timeless classic

Pergola - Dark Oak

Fence - Black

Table & Railing - Medium Oak | House Cladding - Goose Grey

Fence - Slate Grey

What our customers say:

Kathy B - So easy to use, and great quality

What a great product - I used it on our garage as well as the garden shed. It goes a long way - only used about 1/5th of the tin.

I've ordered another one for painting gates etc, at our other house - love love love this product, and a gorgeous colour.

Thank you so much too for the paintbrush - so handy. I will always use this product in future

Jackie G - Fantastic coverage and easy to use!

Can't rate this paint highly enough for outdoor wooden furniture/fencing! It goes on really easily and the coverage is fantastic.. I put two coats on to be on the safe side but colour wise this was as good on the first coat! For my 6 x 4ft bar I only required just over 3l so have plenty left for top ups in future years!

Cardinal79 - Don't get any other fence paint THIS is the BEST!

Used a spray painter to apply. No need to water down paint, worked fine and literally took 2-3 hours for 18 fence panels. This would have taken several weekends by hand! Before the panels were old and looked like an eyesore. After, it looked brand new. Brilliant quality paint. Not like the gloopy, lumpy rubbish you get at your national hardware store. Spend the extra few pounds in this quality paint, you won't regret it! Highly recommended!

Sandra S - Worth every penny

Having read poor reviews for other popular brands, decided to look for alternative. Took a chance on King of Paints. Has great coverage and my new shed only needed one coat. Colour was just as shown. Had sufficient to paint another shed, 2 back gates, 2 large planters and a few fence panels. As it is water based, was easy to clean up after. Bargain!

KL - Excellent paint for the summer house

My Summer House was in desperate need of repainting. I'd used a well known brand of paint a few years ago but time had not been kind to it. I found 'King of Paints' together with numerous recommendations so decided to try it. The result was excellent. I used 'Slate Grey'. It covered the wood easily providing a good depth of colour and an excellent finish. Only time will tell but so far I am very pleased with the result. Recommended!

Jean B - Great paint only need one coat

Lovely paint to use only needs one coat so good value for money, gives a great quality finish. Fence looks amazing even when we painted over another colour we didn't need another coat. Lots of people asking where we bought it from. Made such a difference. Recommended!
