## FOR YOUR SAFETY AND CARING FOR YOUR GAZEBO

- Do not remain under or inside the gazebo in strong winds or heavy snowfall.
- Attaching ropes to the four corners of the gazebo can provide additional stability during severe weather.
- Curtains and netting should be properly tightened to prevent wind damage during severe weather.
- Remove accumulated snow from the roof promptly during snowfall.
- Do not use matches, candles or any open flames near the gazebo due to risk of fire.
- Regularly check the Gazebo is firmly fixed to the ground.
- Regularly check all fixings are secured.
- If any parts are missing, broken, damaged or worn, stop using the product until repairs are made using manufacturer authorised replacement parts.
