- Nordic simplicity with clean lines
- Decorative uplight effect creating a floating vibe
- Updated look from the fifties and sixties
- Adjustable lamp head for a directional light

Dial is a modern and contemporary family inspired by distinctive lighting designs from the 50s. The style is Nordic and streamlined, with an open and geometric shape that allows for lots of light to shine through. The open shade creates a decorative uplight effect when the light is turned on. The curved wall bracket supports the light and elegant expression.
