- Architectural design • Parallel connection possible • Fits our base unit for easy installation in the ground
- Extra durable material suitable for coastal areas (Designed For Seaside) • 15-year

Pontio is a series of outdoor lights with a streamlined, architectural design by Danish design duo Says Who. The geometric shape adds modern yet timeless style to your home, while the oblique shade provides a unique and interesting look from all angles. Easy installation in the ground with the Nordlux base unit.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanised steel to develop a beautiful, darker patina.
