

ARTESA Wardrobe Installation

Applied: ART001/ART006/ART0010/ART0014/ART0018/ART0022

Size: 2500*2200*600mm

FURNITURE USE INSTRUCTIONS:

Furniture should be used pursuant to its purpose.

Furniture should be used in closed and dry rooms protected against harmful atmospheric conditions; moreover, it should not be exposed on direct irradiance.

Furniture should be placed minimum 50cm away from working heat sources (heaters etc.)

No wet or humid objects should be placed on furniture surfaces.

Surface where furniture to be paced should be stabilized or leveled.

Doors should be adjusted on the guide-way once assembled.

FURNITURE MAINTENANCE RECOMMENDATIONS

Follow the furniture maintenance recommendations to use furniture pursuant to its purpose.

Use a dry cloth to dust. If furniture requires more cleaning, use a wet cloth and wipe it dry. Polish shiny metal and glass elements with a non-dust paper towel.

ATTENTION! : Don't use any unknown cleaning or scrubbing way apart from the ones explicitly defined for this purpose.

HIGH GLOSS FURNITURE MAINTENANCE RECOMMENDATIONS

All our high gloss fronts are secured by a plastic protective film applied in the factory.

Do not remove protective film before fitting and dusting.

Use only a cotton cloth for cleaning. Wipe surfaces with humid cloth, do not use any chemical substances, steam washer or any sharply topped objects.

Do not expose surfaces to direct irradiance.

If any element is missing or damaged, mark it in the maintenance instructions and send along with a complaint.

Do not fit any damaged elements. Complaints of permanently fitted elements will not be considered.

We hope you will find our furniture great to use.
