11 IMPORTANT SAFETY INSTRUCTIONS

- Contains small parts which may be a choking hazard. Not suitable for children under age 3.
- This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.
- Do NOT make unauthorized alterations to this product.
- Use this product only with an agency approved power supply which meets local regulatory requirements (e.g., UL, CSA, VDE, CCC).
- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).
- Wipe off sweat from the earbuds and the charging case before charging.
- IPX5 is not a permanent condition, and resistance might decrease as a result of normal wear.
- Do not immerse the product in water, and avoid prolonged exposure to water or wet conditions. Do not use it during activities like swimming, water skiing, surfing, or other water sports.
- In the event of accidental water exposure, promptly wipe the product and accessories dry, then allow them to air dry in a cool, ventilated area. Do not use or charge until completely dry.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Changes or modifications not expressly approved by HAKII could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules and with Industry Canada License-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with FCC and Industry Canada radiation exposure limits set forth for general population. It must not be co-located or be operating in conjunction with any other antenna or transmitter.

HAKII hereby declares that this product is in conformance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other applicable EU directive requirements.

For Europe:
Frequency band of operation 2400 to 2483.5 MHz
Bluetooth Maximum transmit power less than 20 dBm ERP
Bluetooth Low Energy Maximum power spectral density less than 10 dBm/MHz ERP
DONT attempt to remove the rechargeable Lithium-ion battery from this product. Contact your local HAKII retailer or other qualified professional for removal.
Dispose of used batteries properly, following local regulations. Do not incinerate.
This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.
